

The background of the entire image is a photograph of a vast, open landscape. In the foreground and middle ground, there is a field of tall, dry, golden-brown grass that appears to be blowing in a breeze. In the background, there are dark, rolling hills or mountains under a clear, pale blue sky. The lighting suggests it might be late afternoon or early morning, with long shadows and warm tones.

**The Myth and Mystery of UFOs** Thomas E. Bullard, 2016-10-17 When United Airlines workers reported a UFO at O'Hare Airport in November 2006 it was met with the typical denials and hush up that usually accompany such sightings But when a related story broke the record for hits at the Chicago Tribune's website it was clear that such unexplained objects continued to occupy the minds of fascinated readers Why wonders Thomas Bullard don't such persistent sightings command more urgent attention from scientists scholars and mainstream journalists The answer in part lies in Bullard's wide ranging magisterial survey of the mysterious frustrating and ever evolving phenomenon that refuses to go away and our collective efforts to understand it In his trailblazing book Bullard views those efforts through the lens of mythmaking discovering what UFO accounts tell us about ourselves our beliefs and the possibility of visitors from beyond Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien and how it views relentless official denial as a part of conspiracy to hide the truth He also describes how UFOs have catalyzed the evolution of

a new but highly fractured belief system that borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos Bullard's book takes in the whole spectrum of speculations on alien visitations and abductions magically advanced technologies governmental conspiracies varieties of religious salvation apocalyptic fears and other paranormal experiences Along the way Bullard investigates how UFOs have inspired books movies and television series blurred the boundaries between science science fiction and religion and crowded the Internet with websites and discussion groups From the patches of this crazy quilt he posits evidence that a genuine phenomenon seems to exist outside the myth Enormously erudite and endlessly engaging Bullard's study is a sky watcher's guide to the studies stories and debates that this elusive subject has inspired It shows that despite all the competing interests and errors clouding the subject there is substance beneath the clutter a genuinely mysterious phenomenon that deserves attention as more than a myth

**The Texture of Mystery** J. Bradley Wigger, 1998 This book relies upon the revolutionary work of James Jerome Gibson and his ecological approach to perception in order to reconstruct some basic assumptions about sensing knowing and learning Instead of a closed system Gibson's work can be understood as corresponding to an open systems universe Learning has to do with how bodily perceptive systems attend to the inexhaustible and inherently meaningful reality in which we discover ourselves

**The Oneness/otherness Mystery** Sutapas Bhattacharya, 1999-01-01 this is a work about our very existence about Reality about the relationship between the individual personality and the cosmos in which that personality exists showing how the person is a microcosm a little part of the cosmos subtly reflecting his w

**Metaphysics and Mystery** Thomas Dean, 2019-07-15 Metaphysics and Mystery The Why Question East and West is a critical analysis comparison and evaluation of philosophical answers Western and Asian to the question Why is there something rather than nothing The question first posed by the seventeenth century philosopher Leibniz was reintroduced in the twentieth century by Heidegger Volume 1 begins with an introduction that lays out the issues raised by the why question It then analyzes contemporary Western philosophers who provide either cosmological metaphysical or existential ontological answers to the question It also considers transitional answers that bridge the two Volume 2 examines Asian philosophers classical and contemporary who though rejecting the assumptions behind the question put forward nondualist answers that have a direct bearing on it It concludes with an argument for a revised understanding of the why question that draws on the strengths and weaknesses of these Western and Asian philosophies and explores implications for ethics and religious thought

Santeria Voodoo and Obeah      *The Dictionary of Magic & Mystery* Melusine Draco, 2012-05-25 Every good reference book is both a product and a reflection of its time The Dictionary of Magic Mystery is not just another compendium or dictionary of occultism it is a jumping off point for further research Here the reader will find the ancient and modern interpretation for magical and mystical terms together with explanations for the differences between the varied and often conflicting approaches to magic      *The Mystery of Jessy Page and Other Stories* Ellen Wood, 1885      **Celebrating the Male Mysteries** R.
