This book is about the ambivalent nature of Jesus For example in Matthew you have the parable of the Good Samaritan which teaches us to love and be kind to every other human being A few pages later is the parable of the sheep and goats where Jesus is sending some to eternal bliss and others to eternal torment in hell without forgiveness The Hidden Side of Things Charles Webster Leadbeater,2023-01-31 The term occultism is one which has been much misunderstood In the mind of the ignorant it was even recently synonymous with magic and its students were supposed to be practitioners of the black art veiled in flowing robes of scarlet covered with cabalistic signs sitting amidst uncanny surroundings with a black cat as a familiar compounding unholy decoctions by the aid of satanic evocations Even now and among those whom education has raised above such superstition as this there still remains a good deal of misapprehension For them its derivation from the Latin word *occultus* ought to explain at once that it is the science of the hidden but they often regard it contemptuously as nonsensical and unpractical as connected with dreams and fortune telling with hysteria and necromancy with the search for the elixir of life and the philosopher's stone Students who should know better perpetually speak as though the hidden side of things were intentionally concealed as though knowledge with regard to it ought to be in the hands of all men but was being deliberately withheld by the caprice or selfishness of a few whereas the fact is that nothing is or can be hidden from us except by our own limitations and that for every man as he evolves the world grows wider and wider because he is able to see more and more of its grandeur and its loveliness **The Dark Side of Church/State Separation** Stephen Strehle,2017-09-08 The Dark Side of Church State Separation analyzes the Enlightenment's attack upon the Judeo Christian tradition and its impact upon the development of secular regimes in France Germany and Russia Such regimes followed the anti Semitic anti Christian agenda of the French Enlightenment in blaming the Judeo Christian tradition for all the ills of European society and believing that human beings can develop their own set of values and purposes through rational means apart from any revelation from God or Scripture Stephen Strehle's analysis extends our understanding of church state relations and its history He confirms the spiritual roots of modern anti Semitism within the ideology of the Enlightenment and recognizes the intimate relationship between anti Semitism and anti Christianity Strehle questions the absolute doctrine of church state separation given its background in the bigotries of the philosophes He notes the nefarious motives of subsequent regimes which used the French doctrine to replace the religious community with the state and its secular ideology This detailed historical analysis of original sources and secondary literature is woven together with special appreciation for the philosophical and theological ideas that contributed to the emergence of political institutions Readers will gain an understanding of the most influential ideas shaping the modern world and present day culture **The Dark Side** Young Park,2012 The history of the United States is the history of people who migrated to America from all parts of the world As a result American society is composed of many unique cultures and races Unfortunately the uniqueness of these cultures is one of the underlying causes of tension and conflict in America resulting in racism religious intolerance and class

warfare In spite of this the multi racial nature of American society is an integral part of America s strength as a nation Thousands of immigrants from unique cultures who speak totally different languages came to find a better life in America But they were never accepted by the dominate white Christians The immigrants had to fight for the right to be in America Racism race riots and genocide are integral parts of the lives of immigrants The racial complexion of America is changing in the twenty first century In a short time the non white population will be the majority Social economic and political changes are already taking place Unfortunately the dominate power holders and white middle classes have not adjusted to these changes The unique system of government and economics developed over the years has reached a point that many believe will end the American Empire There is a certain bias in this presentation and criticism is aimed at the extreme beliefs and actions of a large segment of Americans particularly white Christians They have been the dominant political social and economic forces in the country Any assessment of the American system becomes a criticism of that segment of Americans Their beliefs and actions represent the Dark Side of America

The Dark Side of Discipleship Gary Tyra,2020-10-21 There s a dark side to Christian discipleship church members ignore to their peril The New Testament has much to say about why and how Christ s followers must deal with the devil Learning to take the evil one seriously without obsessing over him is crucial to the spiritual endurance training we all need if we are to someday hear Jesus say to us Well done good and faithful servant Specifically pastor theologian Gary Tyra argues in this work that key to overcoming Satan is a balanced Spirit empowered engagement in what he refers to as the four cardinal components of Christian discipleship Understanding the various ways the devil attempts to derail our experiences of worship nurture community and mission can serve to motivate us with respect to them With the help of the Holy Spirit church members can cultivate a lifestyle spirituality that enables them to don the full armor of God and engage in several critical close quarters combat tactics the New Testament encourages In the end The Dark Side of Discipleship is a no nonsense yet inspirational New Testament theology of spiritual warfare that can serve Christ s church as a powerful aid to the spiritual moral and ministry formation of contemporary Christians

The Dark Side of Leadership Dr Tessie Herbst,2014-03-28 This book highlights the fact that leaders do indeed affect the performance of organizations or the well being of society for better or worse to cast either a shadow or light by the exercise of their leadership Modern psychology with its theories of human behavior which does not acknowledge the existence of the spiritual realm cannot explain the

carnage and evil often associated with the dark side of leadership This book focuses on the dark side of leadership in a multidimensional manner and provides a psychospiritual approach toward understanding personality disorders and leader derailment It highlights an area that has not been widely studied by leadership researchers to date the dynamic relationship between the psychological and spiritual domains in shaping the dark side which lead to leadership failure and derailment This book calls for a more interdisciplinary approach and holistic understanding of the dark side of leadership inseparably relating body soul and spirit as they function individually and relationally It highlights the fact that the restoration of personality will require sustained dialogue between theologians and the medical and psychological professions Such a theoretical perspective would help us better understand how personality disorders develop not only emotionally and psychologically but spiritually

Esoteric Christianity Annie Besant, 2017-08-22 The object of this book is to suggest certain lines of thought as to the deep truths underlying Christianity truths generally overlooked and only too often denied The generous wish to share with all what is precious to spread broadcast priceless truths to shut out none from the illumination of true knowledge has resulted in a zeal without discretion that has vulgarised Christianity and has presented its teachings in a form that often repels the heart and alienates the intellect The command to preach the Gospel to every creature though admittedly of doubtful authenticity has been interpreted as forbidding the teaching of the Gnosis to a few and has apparently erased the less popular saying of the same Great Teacher Give not that which is holy unto the dogs neither cast ye your pearls before swine This spurious sentimentality which refuses to recognise the obvious inequalities of intelligence and morality and thereby reduces the teaching of the highly developed to the level attainable by the least evolved sacrificing the higher to the lower in a way that injures both had no place in the virile common sense of the early Christians S Clement of Alexandria says quite bluntly after alluding to the Mysteries Even now I fear as it is said to cast the pearls before swine lest they tread them underfoot and turn and rend us For it is difficult to exhibit the really pure and transparent words respecting the true Light to swinish and untrained hearers If true knowledge the Gnosis is again to form a part of Christian teachings it can only be under the old restrictions and the idea of levelling down to the capacities of the least developed must be definitely surrendered Only by teaching above the grasp of the little evolved can the way be opened up for a restoration of arcane knowledge and the study of the Lesser Mysteries must precede that of the Greater The Greater will never be published through the printing press they can only be given by Teacher to pupil from mouth to ear But the Lesser Mysteries the partial unveiling of deep truths can even now be restored and such a volume as the present is intended to outline these and to show the nature of the teachings which have to be mastered Where only hints are given quiet meditation on the truths hinted at will cause their outlines to become visible and the clearer light obtained by continued meditation will gradually show them more fully For meditation quiets the lower mind ever engaged in thinking about external objects and when the lower mind is tranquil then only can it be illuminated by the Spirit Knowledge of spiritual truths must be thus obtained from within and not from without from the divine Spirit whose temple we are and not from an external Teacher These things are spiritually discerned by that divine indwelling Spirit that mind of Christ whereof speaks the Great Apostle and that inner light is shed upon the lower

mind This is the way of the Divine Wisdom the true Theosophy It is not as some think a diluted version of Hinduism or Buddhism or Taoism or of any special religion It is Esoteric Christianity as truly as it is Esoteric Buddhism and belongs equally to all religions exclusively to none This is the source of the suggestions made in this little volume for the helping of those who seek the Light that true Light which lighteth every man that cometh into the world though most have not yet opened their eyes to it It does not bring the Light *Islam's Reformation of Christianity* Zulfiqar Ali Shah,2022 Jesus was a product of Semitic monotheism moral law piety and humility His kingdom was the other worldly His ethical monotheism was transformed by the Roman Empire and mythology The supernatural Trinitarian and miraculous Roman Christianity transitioned into unintelligible dogmas the abolition of law moral laxity this worldly kingdom and divine right absolutism Natural theology law cosmology and politics were all compromised Religious freedom was barred and persecutions were normalised Latin Christendom was a persecutory society Islam was an intellectual cure to Christian paradoxes and an egalitarian pluralistic alternate to Christian inquisitions and religiopolitical absolutism It spread in the Eastern Christian territories like a bush fire This reformation of Christian excesses in religiopolitical theology reformed its paradoxical incarnational theology antinomianism grace based salvation scheme divine right Church and monarchy interventionist cosmology and religious persecutions This insightful and groundbreaking new book provides an in depth study of the Islamic Southern Reformation of Christianity a reformation seldom acknowledged or studied by the historians It explores how the Islamic reformative scheme emphasised ethical transcendental monotheism natural theology and rational discourse It limited monarchy and placed significance on an inclusive pluralistic and free society The Seventh Century Islamic natural rational moral republican and egalitarian reformation was the Southern Reformation of Christianity long before the partial Northern Reformation of Luther and Calvin *The Dark Side of Politics* Benjamin Ginsberg,2023-12-12 This series of scholarly chapters explores the unpleasant realities of modern politics and American politics in particular by examining how self interest war violence deception and institutional failure continue to characterize the political landscape Author Benjamin Ginsberg argues that the political world in which we like to think we live the world of civic engagement representative government and principled political discourse is fleeting and fragile resting uneasily upon the foundation of a harsh and dark reality Making a fundamental contribution to our understandings of politics this book is an important read for students and scholars of American Politics and Government *The Dark Side of God* Douglas Lockhart,1999 Questioning Christian teaching and the problem of evil this book examines the origins of Christian belief claiming that the Roman Church abandoned its spiritual mission in pursuit of power The underlying message is one of hope for anyone interested in regaining a sense of spiritual purpose **Shattering the Christian Looking Glass** Philip Charleston,2009-07-07 Shattering the Christian Looking Glass dismembers the towering edifice of Catholic dogma Short highly readable but immensely powerful Shattering challenges the Church to defend its dogma and the Church's legitimacy *Children and the Dark Side of Human*

Experience James Garbarino, 2008-03-12 Synthesizing insights from psychology and philosophy with his own wide ranging experiences around the world Dr James Garbarino takes readers on a personalized journey into the dark side of human experience as it is lived by children In these highly readable pages he intertwines a discussion of children s material and spiritual needs with a detailed examination of the clinical knowledge and experiential wisdom required to understand and meet complex developmental needs Fusing anecdotal observations empirical evidence and an ecological perspective this book is for anyone who takes an interest in the well being and future of the world s children
