Andrew Bloomfield,2016-10-10 When aspiring screenwriter Andrew Bloomfield moved into a bungalow in Southern California he soon discovered that he shared the property with a large colony of feral cats untamed uninterested in human touch not purring pets in waiting But after a midnight attack by predators that decimated yet another litter of kittens Bloomfield decided to intervene He began to name and nurse feed and house rescue and neuter Drawing on his time living in Asia among spiritual teachers he takes us on the contemplative humorous and poignant journey of saving these cats only to find it was they who saved him by revealing a world of meaning beyond his unrealized Hollywood dreams *The Healing Power of Cats* Carina Nunstedt,Ulrica Norberg,2025-11-04 In these nine life fulfilling lessons learn how your cat can bring you peace comfort and a unique happiness A home without a cat is just a house as they say There is something special about our feline friends the comfort they bring their intuition their famously comedic side that contributes to a household s average happiness index In fact just looking at your cat can ease anxiety and bring a sense of understanding and calm but why is that What are these curious qualities that cats possess And what lessons can we learn from them The Healing Power of Cats takes a deep dive into all nine lives to uncover the mysterious happiness that owning a cat can bring By combining unique scientific research from cat experts and personal stories from cat owners Ulrica Norberg and Carina Nunstedt teach us how to use all of the most admirable cat qualities in our daily lives to reduce stress and anxiety set boundaries and see the world as one big ball of yarn Our cats bring out the best in us so in order to live life to the fullest let s tap into the rhythm of the cat with guaranteed good vibrations **Wittgenstein's Mistress** David Markson,1988 Wittgenstein s Mistress is a novel unlike anything David Markson or anyone else has ever written before It is the story of a woman who is convinced and astonishingly will ultimately convince the reader as well that she is the only person left on earth Presumably she is mad And yet so appealing is her character and so witty and seductive her narrative voice that we will follow her hypnotically as she unloads the intellectual baggage of a lifetime in a series of irreverent meditations on everything and everybody from Brahms to sex to Heidegger to Helen of Troy And as she contemplates aspects of the troubled past which have brought her to her present state obviously a metaphor for ultimate loneliness so too will her drama become one of the few certifiably original fictions of our time The novel I liked best this year said the Washington Times upon the book s publication one dizzying delightful funny passage after another Wittgenstein s Mistress gives proof positive that the experimental novel can produce high pure works of imagination Botticelli Blue Skies Merrill Joan Gerber,2002 When writer Merrill Joan Gerber is invited to join her husband a history professor as he takes a class of American college students to study in Florence Italy she feels terrified at the idea of leaving her comforts her friends and her aged mother in California Her husband tries to assure her that her fear of Italy and her lack of knowledge of the Italian language will be offset by the discoveries of travel I can t tell you exactly what will happen but something will And it will all be new and interesting Botticelli Blue Skies is the tale of a woman who readily admits to fear of travel a fear that many experience but are embarrassed to admit When finally she plunges into the

new adventure she describes her experiences in Florence with wit humor and energy Instead of sticking to the conventional tourist path Gerber follows her instincts She makes discoveries without tour guides droning in her ear and reclaims the travel experience as her own taking time to shop in a thrift shop eat in a Chinese restaurant that serves Dragon chips make friends with her landlady who turns out to be a Countess and visit the class of a professor at the university She discovers a Florence that is not all museums and wine With newfound patience and growing confidence Gerber makes her way around Florence Venice and Rome She visits famous places and discovers obscure ones in the end embracing all that is Italian Botticelli Blue Skies accompanied by the author s own photographs is an honest lyrical touching account of the sometimes exhausting often threatening but always enriching physical and emotional challenge that is travel **Live and Let Live**
