The Celtic Tiger In Distress International Political Economy Series:

The Celtic Tiger in Distress P. Kirby, 2016-01-22 Ireland's Celtic Tiger economy has been held up as a model of successful development in a globalized world offering lessons for other late developing countries. It interrogates the principal theoretical approaches which have been used to analyze the Celtic Tiger particularly neo classical economics and finds them inadequate to capture its ambiguities or address its developmental deficit. Elaborating an alternative approach drawing particularly on the work of Karl Polanyi the book offers an interpretation which captures more fully the ways in which the Irish State has made itself subservient to market forces. The options now facing Irish society are mapped out through a critical examination of globalization identifying possibilities for development and social action. **Celtic Tiger in Collapse** Peadar

Kirby, 2010-02-17 Since the first edition there have been fundamental changes in the Irish growth model. The sudden collapse of the Irish economy in 2008 raises questions such as why the sudden and deep decline in economic growth. What are the prospects for a return to growth. Answering these questions and more this book is the definitive work on the Celtic Tiger.

Neoliberalism, Civil Society and Security in Africa P. Carmody, 2007-10-17 Free market policies have been in operation across Africa for the past 25 years yet they have failed to reverse deepening poverty. This book explores with case studies why such policies continue to be implemented and the ways in which they have been reinvented by socialization, depoliticization, regionalization and securitization. *Irish Feminist Futures* Claire Bracken, 2016-02-12 This book is about the future Ireland's future and feminism's future approached from a moment that has recently passed. The Celtic Tiger circa 1995-2008 was a time of extraordinary and radical change in which Ireland's economic, demographic and social structures underwent significant alteration. Conceptions of the future are powerfully prevalent in women's cultural production in the Tiger era where it surfaces as a form of temporality that is open to surprise, change and the unknown. Examining a range of literary and filmic texts *Irish Feminist Futures* analyzes how futurity structures representations of the feminine self in women's cultural practice. Relationally connected and affectively open, these representations of self enable sustained engagements with questions of gender, race, sexuality and class as they pertain to the material, social and cultural realities of Celtic Tiger Ireland. This book will appeal to students and scholars of Irish studies, Irish feminist criticism, sociology, cultural studies, literature, women's studies, gender studies, neo-materialist and feminist theories. *Ideas, Interests and Institutions* Mary Murphy, 2008 Global Encounters G. Harrison, 2004-11-09 How has globalization impacted on development? For Harrison the answer lies in the international political economy and the ways in which states have managed economic globalization from positions of strength or weakness. Key themes emerge such as new geographies of development and the constant need for state economic action. *International Economic Integration and Asia* Michael G. Plummer, Erik Jones, 2006 Regional economic integration has become a key force in international commercial policy in the 2000s. Europe has traditionally embraced regionalism; the United States became actively involved in preferential trading arrangements only in the 1980s.

While Asia has been late in accepting formal regional economic integration accords all Asian countries are now in the process of creating various free trade areas and other forms of economic integration programs and some are already in place This volume analyzes the regionalism trend from an Asian perspective It considers the lessons from and the economic implications of various economic integration programs in the OECD mostly the EU but also NAFTA as well as the proposals for closer economic integration in the region itself Chapters deal with both real and financial integration issues Sample Chapter s Chapter 1 East Asian Economic Regionalism Progress and Challenges 1 660 KB Contents Introduction M G Plummer East Asian Economic Regionalism Progress and Challenges M Kawai Sequencing Regional Integration in Asia R Pomfret ASEAN 3 Is an Economic Community in Their Future J Angresano Stock Market Performance in ASEAN Is Institutional Integration Warranted R W Click The Institution of a Single Currency Area Lessons for Asia from the European Monetary Union S Rossi Deep Integration and Its Impacts on Non Members EU Enlargement and East Asia H Lee Small Change A Critical Examination of the Economic Relationship Between South Asia and the European Union J W Moses and Maggi Brigham The Effects of North South Regional Trade Policies A Comparison of Mediterranean Countries with ASEAN N P r ridy Reconciling the Tensions Between Regional Integration and Cohesion M Farrell Lessons for Asia Legitimacy and Quasi Democratic Mechanisms in European and American Market Integration C Parsons J D Richardson Readership Academics policymakers professionals and students interested in applied international economics and Asian economic integration *The European Periphery and the Eurozone Crisis* Neil Dooley, 2018-10-30 This book provides a new understanding of the eurozone crisis across three of the worst hit cases Greece Portugal and Ireland In contrast to accounts which stress the immaturity of the European periphery as well as more critical narratives that understand these countries as victims of German and core economic domination this book recognises that individual peripheral countries have followed dramatically different paths to crisis making it difficult to speak of the eurozone crisis as a single phenomenon Bringing literature from Comparative Political Economy into dialogue with scholarship on Europeanisation this book contributes the concept of divergence via Europeanisation It explores the much overlooked ways in which the negotiation of a one size fits all project of European financial integration has been generative of precarious patterns of economic growth across Greece Portugal and Ireland The book shows that far from their failure or inability to do so it has been the European periphery s attempt to follow the rules of European integration that explains their current difficulties This novel understanding of the eurozone crisis should appeal to students and scholars in International Political Economy European and European Union Studies Comparative Political Economy Irish Politics Greek Politics and Portuguese Politics **Form, Affect and Debt in Post-Celtic Tiger Irish Fiction** Eoin Flannery, 2022-04-21 Based on readings of some of the leading literary voices in contemporary Irish writing this book explores how these authors have engaged with the events of Ireland s recent economic boom and the demise of the Celtic Tiger period and how they have portrayed the widespread and contrasting aftermaths Drawing upon economic literary

criticism affect theory in relation to shame and guilt and the philosophy of debt this book offers an entirely original suit of perspectives on both established and emerging authors Through analyses of the work of writers including Donal Ryan Anne Haverty Claire Kilroy Dermot Bolger Deirdre Madden Chris Binchy Peter Cunningham Justin Quinn and Paul Murray author E in Flannery illuminates their formal and thematic concerns Paying attention to generic and thematic differences Flannery's analyses touch upon issues such as the politics of indebtedness temporality and narrative form the relevance of affect theory to understandings of Irish culture and society in an age of austerity and the relationship between literary fiction and the mechanics of high finance Insightful and original *Form Affect and Debt in Post Celtic Tiger Irish Fiction* provides a seminal intervention in trying to grasp the cultural context and the literature of the Celtic Tiger period and its wake **The end of Irish history?** Colin Coulter, Steve Coleman, 2018-07-30 Ireland appears to be in the process of a remarkable social change a process which has dramatically reversed a hitherto seemingly unstoppable economic decline This exciting new book systematically scrutinises the interpretations and prescriptions that inform the Celtic Tiger Takes the standpoint that a more critical approach to the course of development being followed by the Republic is urgently required Sets out to expose the fallacies that drive the fashionable rhetoric of Tigerhood An esteemed list of contributors deal with issues such as immigration the role of women globalisation and changing economic and social conditions An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence *Local and Regional Development* Andy Pike, Andrés Rodriguez-Pose, John Tomaney, Andres Rodriguez-Pose, 2006-11-22 Local and regional development is an increasingly global issue For localities and regions the challenge of enhancing prosperity improving wellbeing and increasing living standards has become acute for localities and regions formerly considered discrete parts of the developed and developing worlds Amid concern over the definitions and sustainability of development a spectre has emerged of deepened unevenness and sharpened inequalities in the development prospects for particular social groups and territories *Local and Regional Development* engages and addresses the key questions what are the principles and values that shape definitions and strategies of local and regional development What are the conceptual and theoretical frameworks capable of understanding and interpreting local and regional development What are the main policy interventions and instruments How do localities and regions attempt to effect development in practice What kinds of local and regional development should we be pursuing This book addresses the fundamental issues of what kind of local and regional development and for whom frameworks of understanding and instruments and policies It outlines what a holistic progressive and sustainable local and regional development might constitute before reflecting on its limits and political renewal With the growing international importance of local and regional development this book is an essential student purchase illustrated throughout with maps figures and case studies from Asia Europe and Central and North America **International Politics and Inner Worlds** Kurt Jacobsen, 2017-06-28 This book takes radical aim at the conventional conduct of international relations analysis It reexamines

the role of ideas the usefulness of psychoanalysis the rage for and at rational choice the influence of the public on foreign policy counterinsurgency evangelism and development orthodoxies at the national and genetic levels Drawing a bead on conceptual blind spots prevalent both inside and outside the academy the book urges scholars to reflect on how inner worlds shape the actions of their subjects and their own research analyses as well [Irish Autobiography](#) Claire Lynch,2009 No further information has been provided for this title

Cooperating on Competition in Transatlantic Economic Relations C. Damro,2006-10-10 In this in depth study Damro explains the creation of a formal cooperative framework for preventing disputes in transatlantic competition policy The findings suggest that while regulators remain constrained by domestic institutions they play an important role in explaining why the cooperative framework is largely a discretionary one

Dynamics of Energy Governance in Europe and Russia C. Kuzemko,A. Belyi,A. Goldthau,M. Keating,2012-03-02 Energy in Europe and Russia is in flux This book presents a rich set of case studies for analyzing the complex and intertwined regional dynamics of multiple actors levels and policy fields in energy throughout Europe and Russia with the aim of offering an alternative view to the prevalent geopolitical or neoliberal approaches

The Politics of Tourism Development A. O'Brien,2011-12-02 Moving beyond both tourism and politics literatures current understandings of how tourism is developed this book offers an original theory of interlocking regimes to account for the manner in which public and private bodies either facilitate or prevent development within tourism

The IMF and European Economies Chris Rogers,2012-07-17 This book examines the role that the IMF has played in the management of financial crises in developed nations The topic is of particular significance in light of the global financial crisis that emerged following the collapse of American sub prime mortgage markets in 2007 and the subsequent sovereign debt problems of many Western states

Culture and Consensus in European Varieties of Capitalism I. Bruff,2008-09-11 Using two milestones in the Dutch and German political economies Wassenaar and Alliance for Jobs respectively this book argues that Antonio Gramsci s common sense provides us with the conceptual apparatus necessary for analysing the integral role played by culture and consensus in the trajectories of national capitalisms in Europe
