Understanding and Assessing Child Sexual Maltreatment Kathleen Coulborn Faller, 2003 The field of child sexual abuse has dramatically changed since *Understanding Child Sexual Maltreatment* was published in 1990. Considerable developments in child and offender research have emerged. But more significantly, a backlash against child abuse victims, Child Protective Services, and mental health professionals has impacted nearly every aspect of research, diagnosis, and intervention. *Understanding and Assessing Child Sexual Maltreatment* Second Edition updates its comprehensive coverage of child sexual abuse definitions and indicators, interview and questioning techniques, and diagnosis guidelines to include an insightful response to the building social backlash against the so-called child abuse industry. Distinguished scholar and experienced practitioner Kathleen Coulborn Faller applies twenty-five years of clinical experience and state-of-the-art research to offer authoritative guidance to both novice and experienced practitioners. This Second Edition has been extensively revised to include a completely rewritten section on data gathering and analysis, updated assessment techniques and instruments, detailed coverage of post-assessment intervention strategies, revised chapters that reflect up-to-date research and practice, and extensive analysis of the backlash against child abuse cases. *Understanding and Assessing Child Sexual Maltreatment* Second Edition presents a wealth of practical information and field-tested tools. Author Kathleen Coulborn Faller uses clear language and numerous case studies to address all aspects of child sexual abuse, including the scope of the problem, professional collaboration, data analysis, and diagnosis and sexual abuse in special contexts. An essential resource for child protection workers, mental health practitioners, lawyers, and law enforcement personnel, *Understanding and Assessing Child Sexual Maltreatment* Second Edition is also an ideal supplementary text for graduate courses in child welfare, practice, social work, and psychology.
