J.N. Stroyar

The Children's War:

The Children's War R. Kennedy, 2014-02-13 British children were mobilised for total war in 1914-18. It dominated their school experience and they enjoyed it as a source of entertainment. Their support was believed to be vital for Britain's present and future, but their participation was motivated by a desire to remain connected to their absent fathers and brothers. *The Children's War* Monique Charlesworth, 2005 Greeted by international accolades, *The Children's War* is an intensely satisfying, often searing read that recreates the physical and emotional landscape of World War II through the eyes of two young people on opposite sides of the conflict. *The Children's War* is both an intimate and universal portrait of the devastation of war.

The Children's War J.N. Stroyar, 2002-08-20 Peter has had more identities than he can remember and suffered pains and humiliations he longs to forget. But whether spy or prisoner, slave or propaganda tool, none of his roles has brought the one thing he wants above all: freedom. *THE CHILDREN'S WAR* Bad papers. That's how Peter's nightmare began. Living in contemporary Europe under Nazi domination more than fifty years after the truce among the North American Union, the Third Reich, and the Soviet Union, Peter has struggled to make sense of the reign of terror that governs his world. Now arrested for bearing a false identity, he is pulled full force into a battle against Nazi oppression. The crusade for freedom that belonged to generations past is now Peter's legacy, and his future depends not on running away but on fighting back. Escaping a Nazi prison camp and joining the Underground Home Army, Peter dedicates himself to breaking down the system that betrayed him. But by facing the evil at the heart of the Nazi political machine, Peter falls deeper into a web of intrigue and adventure that risks everything he holds dear in this life and for the sake of future generations. A disturbingly real vision of what could have been, *The Children's War* is a page-turning epic thriller with a mesmerizing premise and an unforgettable cast of characters. J.N. Stroyar's searingly authentic, impassioned vision of human triumph over the forces of corruption and cruelty stands as a powerful tribute to the millions who have sacrificed and died in the name of freedom. **It's Time for**

Allow your subjects to watch over you while you direct us to something better. Give us the strength to overcome our selfishness and to bring to heel those that would mock you. In your name we praise. Let these things be. There is a great sickness in the world. And it is us. All of us. From the sleeping poets to the restless builders. You too are a part of this sickness. For centuries you have been kept under the heel of a tyrant. You have had your freedom stripped from you until you have nothing. You have been living a nightmare every day for three hundred years while those least worthy have reaped the benefits of your labor. You have bled and died for monsters who feel it is your duty to do so for them. This stops today. Their time is past, though it

should never have been birthed in the first place Your nightmare is over it is now time to wake up What has come before must pass What was built must be torn down What was stolen must be taken back The end of old things starts today The Children's War the first novel by Harding McFadden and Chester Haas is a juvenile in the grand tradition It treads joyously on the paths paved by Heinlein Hamilton and Van Vogt giving its readers the opening shots of a conflict long in coming It is a journey undertaken only by the willful the jubilant and the free Will you come along for the trip **Korean War For Kids: A Children's War History Picture Book** Bold Kids,2019-05-15 The Korean War was another significant point in history that not many know about But with this book your child can learn all about this time period and what it meant for society Pick up a copy today to learn more about this and the impact this war had on society *The Children's War* Juliet Gardiner,2005 Looking at the lives of children who were forced to evacuate during the Second World War this book illustrates every aspect of their new lives as well as demonstrating how they coped with separation from family and friends
