The Chinese Military System Harvey W Nelsen, 2019-07-11 To understand the Chinese military and thereby the dynamics of China's peacetime army one must understand its organizational system To that end Harvey Nelsen has written a book that examines in detail the entire organization of the Chinese People's Liberation Army PLA Dr Nelsen studies the PLA from top to bottom Throughout he challenges the widely held theory that military politics in China are largely determined by personal relations among officers and that the PLA is more a civic action army than are most military organizations Important as a purely military study this book is valuable also for the light it sheds on the whole of Chinese bureaucratic politics This second edition has been revised to reflect changes that have occurred since the death of Chairman Mao as well as to incorporate new information about the Chinese military and political system during Mao's reign *The Chinese Military System* Harvey W Nelsen, 1981-05-05 *The Chinese Military System* Harvey W. Nelsen, 1977-01-01 PLA The People's Liberation Army har undergået en stor forandring isr indenfor organisation og dets virke i fremtiden Forfatteren udelader bevidst at nævne prominente militære ledere da bogen er en analyse af Kinas militære ledelsessystemer og organisation generelt **The Chinese Military System** Harvey W Nelsen, 2021-06-02 To understand the Chinese military and thereby the dynamics of China's peacetime army one must understand its organizational system To that end Harvey Nelsen has written a book that examines in detail the entire organization of the Chinese People's Liberation Army PLA Dr Nelsen studies the PLA from top to bottom Throughout he challenges the widely held theory that military politics in China are largely determined by personal relations among officers and that the PLA is more a civic action army than are most military organizations Important as a purely military study this book is valuable also for the light it sheds on the whole of Chinese bureaucratic politics This second edition has been revised to reflect changes that have occurred since the death of Chairman Mao as well as to incorporate new information about the Chinese military and political system during Mao's reign **The Chinese Military System** Harvey W Nelsen, 1981-04-15 **The Lessons of History: The Chinese People's Liberation Army at 75** , **The Chinese Military System** Harvey W. Chinese Military Strategy in the Third Indochina War Edward C. O'Dowd, 2007-04-16 This well researched volume examines the Sino Vietnamese hostilities of the late 1970s and 1980s attempting to understand them as strategic operational and tactical events The Sino Vietnamese War was the third Indochina war and contemporary Southeast Asia cannot be properly understood unless we acknowledge that the Vietnamese fought three not two wars to establish their current role in the region The war was not about the Sino Vietnamese border as frequently claimed but about China's support for its Cambodian ally the Khmer Rouge and the book addresses US and ASEAN involvement in the effort to support the regime Although the Chinese completed their troop withdrawal in March 1979 they retained their strategic goal of driving Vietnam out of Cambodia at least until 1988 but it was evident by 1984-85 that the PLA held back by the drag of its Maoist organization doctrine equipment and personnel was not an effective instrument of coercion Chinese Military Strategy in the Third Indochina War will be of great interest to all students of the Third Indochina War Asian political history Chinese security and strategic studies in general
