G. Tiedemann, 2009-12-01 The second volume on Christianity in China covers the period from 1800 to the present day dealing with the complexities of both Catholic and Protestant aspects **Bibliotheca Lindesiana** ... James Ludovic Lindsay Earl of Crawford, 1910 *The Chinese Repository* , 1851 *Gutenberg in Shanghai* Christopher A. Reed, 2011-11-01 In the mid 1910s what historians call the Golden Age of Chinese Capitalism began accompanied by a

technological transformation that included the drastic expansion of China's Gutenberg revolution. Gutenberg in Shanghai examines this process. It finds the origins of that revolution in the country's printing industries of the late imperial period and analyzes their subsequent development in the Republican era. This book, which relies on documents previously unavailable to both Western and Chinese researchers, demonstrates how Western technology and evolving traditional values resulted in the birth of a unique form of print capitalism whose influence on Chinese culture was far reaching and irreversible. Its conclusion contests scholarly arguments that view China's technological development as slowed by culture or that interpret Chinese modernity as mere cultural continuity. A vital reevaluation of Chinese modernity, *Gutenberg in Shanghai* will be enthusiastically received by scholars of Chinese history and by specialists in cultural studies, political science, sociology, the history of the book, and the anthropology of science and technology. **Autumn in the Heavenly Kingdom** Stephen R. Platt, 2012. A gripping account of China's nineteenth-century Taiping Rebellion, one of the largest civil wars in history, *Autumn in the Heavenly Kingdom* brims with unforgettable characters and vivid recreations of massive and often gruesome battles, a sweeping yet intimate portrait of the conflict that shaped the fate of modern China. The story begins in the early 1850s, the waning years of the Qing dynasty, when word spread of a major revolution brewing in the provinces, led by a failed civil servant who claimed to be the son of God and brother of Jesus. The Taiping rebels drew their power from the poor and the disenfranchised, unleashing the ethnic rage of millions of Chinese against their Manchu rulers. This homegrown movement seemed all but unstoppable until Britain and the United States stepped in and threw their support behind the Manchus after years of massive carnage. All opposition to Qing rule was effectively snuffed out for generations. Stephen R. Platt recounts these events in spellbinding detail, building his story on two fascinating characters with opposing visions for China's future: the conservative Confucian scholar Zeng Guofan, an accidental general who emerged as the most influential military strategist in China's modern history, and Hong Rengan, a brilliant Taiping leader whose grand vision of building a modern industrial and pro-Western Chinese state ended in tragic failure. This is an essential and enthralling history of the rise and fall of the movement that a century and a half ago might have launched China on an entirely different path into the modern world.

**Anglo-China** Christopher Munn, 2013-12-16. A study of the first three decades of British rule in Hong Kong, focusing on the troubled and controversial process of establishing a British colony at Hong Kong and on the reception of British rule by people in the region. **Opium, Soldiers and Evangelicals** H. Gelber, 2004-02-24. This book questions the universal belief that England's 1840-42 war with China was an Opium War. What really worried London was insults to the crown, the claim of a dilapidated and corrupt China to be superior to everyone, threats to British men and women, and seizure of British property, plus the wish to expand and free trade everywhere. It was only much later that general Chinese resentment and Evangelical opinion at home and in America persuaded everyone that Britain had indeed been wicked and fought for opium. **Chinese Christians** Carl T. Smith, 2005-05-01. Provided with a Western style education and versed in the English language by

missionaries the 19th century Chinese Christian was a man who stood between cultures The author shows how this dual aspect of his thought and outlook enabled him to act as liaison with foreigners promoting trade and commerce     *Decennial Reports on the Trade Navigation Industries, Etc., of the Ports Open to Foreign Commerce in China and Corea, and on the Conditions and Development of the Treaty Port Provinces* China.
