The Christian Faith And The Marxist Criticism Of Religion:

The Christian Faith and the Marxist Criticism of Religion Helmut Gollwitzer, 1970 *The Christian Faith and the Marxist Criticism of Religion* Helmut Gollwitzer, 1970 **World Christianity and Marxism** Denis Janz, 1998 All the diverse philosophical and political manifestations of Marxism were ultimately rooted in Marx's thought and supporters based their greater or lesser hostilities toward Christianity on their reading of his critique Janz follows this with an overview of Christian responses to Marx extending from the mid 19th century to the onset of the Cold War *Marxist-Leninist 'Scientific Atheism' and the Study of Religion and Atheism in the USSR* James Thrower, 2011-04-20 Since its founding by Jacques Waardenburg in 1971 Religion and Reason has been a leading forum for contributions on theories theoretical issues and agendas related to the phenomenon and the study of religion Topics include among others category formation comparison ethnophilosophy hermeneutics methodology myth phenomenology philosophy of science scientific atheism structuralism and theories of religion From time to time the series publishes volumes that map the state of the art and the history of the discipline [The Other Journal: Marxism](#) The Other Journal, 2013-10-01 The literary critic and Marxist philosopher Fredric Jameson has said It is easier to imagine the end of the world than to imagine the end of capitalism The military social and political effects of capitalism are felt everywhere across the planet and even as we acknowledge the negative effects the imbalances of power the imperialist exploitations the social alienation we are captivated by its message of self sufficiency and success In this issue The Other Journal examines the potentially surprising intersections of Marxism with Christianity the ways in which this nexus of thinking and faith may help us contend with and recognize the powers of the market The issue features essays and reviews by Daniel Colucciello Barber Luke Bretherton Kevein Hargaden Paul Dafydd Jones D L Mayfield W Travis McMaken Christina McRorie Thomas J Millay Silas Morgan and David Schmidt an interview by Timothy McGee with Joerg Rieger fiction by Alex McCauley creative nonfiction by Jonathan Hiskes poetry by Brett Foster Elizabeth Myhr and Hannah Faith Notess and art by Steve Bakker and Benjamin Violet **A Concise Encyclopedia of the Philosophy of Religion** Anthony C. Thiselton, 2014-10-01 Covering thinkers from Plato to Freud offering detailed explanations of key themes such as evil and outlining clear definitions of complex ideas like the doctrine of analogy this is a comprehensive reference tool for all those studying or interested in the philosophy of religion *Problems of Communism*, 1971 **The Political Theory of Liberation Theology** John R. Pottenger, 1989-09-14 This is the first in depth look at the political theoretical structure of liberation theology Pottenger shows how liberation theologians writing from the perspective of the poor and oppressed denounce modernity and especially capitalism for having caused poverty and military dictatorships He evaluates the liberation theologians methodological approach to political theory and the crucial role of Marxism He also analyzes liberation theologians assessment of Latin American political economy and their moral arguments for political activism in response to these assessments Pottenger addresses the general question of to what extent liberation theology has achieved its ultimate

objective of a just society of the convergence of traditional social values and modern political science **Church and Ethical Responsibility in the Midst of World Economy** Paul S Chung, 2014-06-26 Magisterial in scope and scrupulous in its investigation and attribution of sources Church and Ethical Responsibility in the Midst of World Economy will take its place as an important document that contributes much in terms of prophetic praxis it challenges those who are comfortably complacent and unwilling to be disturbed *Thinking the Faith* Douglas John Hall, 1991-01-01 As the Christian movement nears the end of its second millennium it faces a crisis that could not have been anticipated at the close of the first thousand years or indeed by most of our own great grandparents Since the most conspicuous dimensions of the waning of Christendom have to do with material decline the decline in church membership and active attendance of Sunday services the decline in financial and physical prosperity the decline of influence in high places such analyses as there are usually belabor the obvious something drastic is happening to the churches Throughout most of its long history Christianity has not required of its adherents that they should think the faith The historical accident of its political and cultural establishment 15 centuries ago ensured that a thinking faith would be purely optional for members of the church But thought less faith which has always been a contradiction in terms is today a stage on the road to the extinction not only of Christianity itself but of whatever the architects of our civilization meant by Humanity Only a thinking faith can survive Only a thinking faith can help the world survive From the Preface
