The Family Business Suicide Prevention Guide Dr Marc Dussault, 2014-09-15 First the Bad News Family businesses make up the vast majority of the economy yet their failure rates are just as high as non family firms The tragedy is that when a family business goes under an entire family's legacy is lost often with traumatic consequences Now for the Good News Family business suicides CAN be prevented but not without 1 Identifying each of the many factors involved 2 Discovering the complexity of the context of your particular situation and 3 Understanding the dynamics of the people involved Based on well documented and extensive academic research and more than 20 years of practical coaching and mentoring experience this book will Highlight the key differentiators between corporate versus family firm succession processes so you can better understand the scientifically established principles to improve the chance of success within your family firm Help you as the next generation heir ascend to the throne without wreaking havoc within your family there is no point in saving the business if you destroy your family in the process Help guide you if you are a non family member in a family run firm so you won't feel helpless the next time a family issue spills over into the business Give you advice on transferring family ownership to outsiders even though this might not be your first choice it might be an unavoidable reality that requires you to be ready to transition properly if you are to maximise your exit strategy Help you avoid the most common mistakes and missteps that claim too many family firms The suggestions and advice are based on cutting edge research combined with practical tips you can apply in your business immediately The Only Cure for Family Business Suicide is Prevention Admittedly the book's title is provocative It was chosen in part to get you to pick it up off the bookshelf but more importantly to bring much needed attention to an increasingly alarming problem the preventable failure of family businesses Family dynamics are messy complex and complicated by the inclusion and sometimes exclusion of family members in the business This book takes a uniquely different approach to reveal a multitude of perspectives to look at the various sources of conflict involved so they can be identified isolated and dealt with strategically diplomatically and effectively This thoroughly documented expose brings decades of academic research and literature to you the small family business owner in a format that is easy to digest with practical recommendations you can implement immediately Sadly many family businesses fail not because their issues were insurmountable but rather because they were unaware of the most common mistakes and how they could have been easily avoided In the case of family business suicide the only cure is prevention This book is the first step in administering the cure the vaccine against the infection that afflicts too many families and their businesses Suggestion from the author Buy one book for each family member to avoid conflict Conflict prevention is the cure remember
