Christian Citizens Elizabeth L. Jemison, 2020-10-07 With emancipation a long battle for equal citizenship began Bringing together the histories of religion race and the South Elizabeth L Jemison shows how southerners black and white drew on biblical narratives as the basis for very different political imaginaries during and after Reconstruction Focusing on everyday Protestants in the Mississippi River Valley Jemison scours their biblical thinking and religious attitudes toward race She argues that the evangelical groups that dominated this portion of the South shaped contesting visions of black and white rights Black evangelicals saw the argument for their identities as Christians and as fully endowed citizens supported by their readings of both the Bible and U S law The Bible as they saw it prohibited racial hierarchy and Amendments 13 14 and 15 advanced equal rights Countering this white evangelicals continued to emphasize a hierarchical paternalistic order that shorn of earlier justifications for placing whites in charge of blacks now fell into the defense of an increasingly violent white supremacist social order They defined aspects of Christian identity so as to suppress black equality even praying as Jemison documents for wisdom in how to deny voting rights to blacks This religious culture has played into remarkably long lasting patterns of inequality and segregation

The Mind of the Master Class Elizabeth Fox-Genovese, Eugene D. Genovese, 2005-10-17 The Mind of the Master Class tells of America s greatest historical tragedy A great many of the slaveholding men and women were intelligent honorable and pious yet these very people admirable in so many ways presided over a social system that proved itself an enormity and inflicted horrors on their slaves Even now there is much to be learned from their moral and political reflections on their times and ours

Slavery in White and Black Elizabeth Fox-Genovese, Eugene D. Genovese, 2008-10-27 Southern slaveholders proudly pronounced themselves orthodox Christians who accepted responsibility for the welfare of the people who worked for them They proclaimed that their slaves

enjoyed a better and more secure life than any laboring class in the world Now did it not follow that the lives of laborers of all races across the world would be immeasurably improved by their enslavement In the Old South but in no other slave society a doctrine emerged among leading clergymen politicians and intellectuals Slavery in the Abstract which declared enslavement the best possible condition for all labor regardless of race They joined the Socialists whom they studied in believing that the free labor system wracked by worsening class warfare was collapsing A vital question to what extent did the people of the several social classes of the South accept so extreme a doctrine That question lies at the heart of this book
