The Farthest North of Humanness : Letters of Percy Grainger 1901-14 Kay Dreyfus (editor), 1985 **Farthest North of Humanness** Percy Aldridge Grainger, 1985-06-18 **The Farthest North of Humanness** Percy Grainger, 1985
Grainger Journal Vol. 1 David Pear, Belinda Nemec, 2011 **Self-Portrait of Percy Grainger** Malcolm Gillies, David Pear, Mark Carroll, 2006-06-29

Shortly before his death Percy Grainger 1882 1961 lodged over twenty unpublished sketches in his Australian Museum Self Portrait of Percy Grainger draws exclusively from these sketches revealing for the first time an illuminating portrait of the composer's life With such titles as The Aldridge Grainger Strom Saga Thanks Ere I Forget The Love Life of Helen and Paris and Anecdotes these manuscripts were intended as precursors to Grainger's autobiography My Wretched Tone Life which he only commenced in his final years Expertly shaping these sketches the editors have created a self portrait along the lines that Grainger himself had intended The volume first introduces Grainger's forebears parents friends wife and himself before moving on to his views on composition performance and the musical world In these sketches Grainger addresses such topics as racial and national identity the meaning of work physical culture language reform sexual practice and artistic patronage Grainger also probes the nature of musical genius discussing a broad range of composers including Igor Stravinsky Thomas Beecham Frederick Delius Edvard Grieg Charles Stanford Cyril Scott Fritz Kreisler Donald Tovey Ferruccio Busoni and Balfour Gardiner Among the works of his own that Grainger most featured are his The Warriors Music for an Imaginary Ballet Colonial Song the Lincolnshire Posy series of band pieces his greatest hit Country Gardens and his many settings of English folk music Written in Grainger's own self created Nordic English as well as translated from Danish the language of his most intimate confessions Self Portrait of Percy Grainger sheds light on some of the most revealing details of the composer's life The sketches trace Grainger's changing self perception from the romantically tinged even lustful views of his forties and fifties through a period of wistfulness in his sixties to the bitterness and self loathing of his old age The volume also includes several of Grainger's own drawings as well as both public and private photographs A fascinating and revealing collection of vignettes this extraordinary book will appeal to instructors students and enthusiasts in musicology music history cultural studies and Australian British and American history **The Life and Work of Percy Aldridge Grainger** Teresa R. Balough, 2023-06-08

What goes into the making of a creative genius and how can their gifts be used to help uplift humankind These were questions that led the Australian American pianist composer and music educator Percy Aldridge Grainger 1882 1961 to exhaustively document his life his thoughts and his associations and establish in the country of his birth a museum dedicated to helping answer those questions Grainger was a creative genius who thought more in terms of the future than of the present and was an advocate for the role that music can play in creating a more harmonious and loving future for humankind This book is the first attempt to bring together in one volume the details of Grainger's life as they relate to his music using his own words and those of the people who knew him It makes use of many heretofore

unpublished documents and musical examples and is written in such a way as to be accessible to all while also offering a detailed study of his musical works **Grainger the Modernist** Suzanne Robinson, Kay Dreyfus, 2016-03-09 Unaccountably Percy Grainger has remained on the margins of both American music history and twentieth century modernism This volume reveals the well known composer of popular gems to be a self described hyper modernist who composed works of uncompromising dissonance challenged the conventions of folk song collection and adaptation re visioned the modern orchestra experimented with ego less composition and designed electronic machines intended to supersede human application Grainger was far from being a self sufficient maverick working in isolation Through contact with innovators such as Ferruccio Busoni L on Theremin and Henry Cowell promotion of the music of modern French and Spanish schools appreciation of vernacular jazz and folk musics as well as with the study and transcription of non Western music he contested received ideas and proposed many radical new approaches By reappraising Grainger s social and historical connectedness and exploring the variety of aspects of modernity seen in his activities in the British American and Australian contexts the authors create a profile of a composer propagandist and visionary whose modernist aesthetic paralleled that of the most advanced composers of his day and in some cases anticipated their practical experiments Percy Grainger Robert Simon, 1983 *Guide to Score Study for the Wind Band Conductor* Frank Battisti, Robert Garofalo, 2000-03-01 Meredith Music Resource This outstanding one of a kind text was designed to assist the conductor in achieving a personal interpretation of music **Sex in the archives** Barry Reay, 2018-12-10 The archive has assumed a new significance in the history of sex and this book visits a series of such archives including the Kinsey Institute s erotic art gay masturbatory journals in the New York Public Library the private archive of an amateur pornographer and one man s lifetime photographic dossier on Baltimore hustlers Shedding new light on American sexual history the topics covered are both fascinating and wide ranging the art history of homoeroticism casual sex before hooking up transgender New York queer sex masturbation pornography sex in the city This book will appeal to a wide readership those interested in American studies sexuality studies contemporary history the history of sex psychology anthropology sociology gender studies queer studies trans studies pornography studies visual studies museum studies and media studies Cosmopolitanism and Transatlantic Circles in Music and Literature Ryan R. Weber, 2018-10-26 Cosmopolitanism and Transatlantic Circles in Music and Literature traces the transatlantic networks that were constructed between a select group of composers including Edvard Grieg Edward MacDowell and Percy Grainger and the writers with whom they shared cosmopolitan affinities including Arne Garborg Hamlin Garland Madison Grant and Lathrop Stoddard Each overlapping case study surveys the diachronic transmission of cosmopolitanism as well as the synchronic practices that animated these modernist ideas Instead of taking a strictly chronological approach to organization each chapter offers an examination of the different layers of identity that expanded and contracted in relation to a mutual interest in Nordic culture From the burgeoning universal ambitions around 1900 to the

darker racialized discourse of the 1920s this study offers a critical analysis of both the idea and practice of cosmopolitanism in order to expose its common foundations as well as the limits of its application

The Music Profession in Britain, 1780-1920 Rosemary Golding, 2018-03-15 Professionalisation was a key feature of the changing nature of work and society in the nineteenth century with formal accreditation registration and organisation

becoming increasingly common Trades and occupations sought protection and improved status via alignment with the professions an attempt to impose order and standards amid rapid social change urbanisation and technological development The structures and expectations governing the music profession were no exception and were central to changing perceptions of musicians and music itself during the long nineteenth century The central themes of status and identity run throughout this book charting ways in which the music profession engaged with its place in society Contributors investigate the ways in which musicians viewed their own identities public perceptions of the working musician the statuses of different sectors of the profession and attempts to manipulate both status and identity Ten chapters examine a range of sectors of the music profession from publishers and performers to teachers and military musicians and overall themes include class gender and formal accreditation The chapters demonstrate the wide range of sectors within the music profession the different ways in which these took on status and identity and the unique position of professional musicians both to adopt and to challenge social norms

Archives and Societal Provenance Michael Piggott, 2012-10-22 Records and archival arrangements in Australia are globally relevant because Australia's indigenous people represent the oldest living culture in the world and because modern Australia is an ex colonial society now heavily multicultural in outlook Archives and Societal Provenance explores this distinctiveness using the theoretical concept of societal provenance as propounded by Canadian archival scholars led by Dr Tom Nesmith The book's seventeen essays blend new writing and re-workings of earlier work comprising the first text to apply a societal provenance perspective to a national setting After a prologue by Professor Michael Moss entitled A prologue to the afterlife this title consists of four sections The first considers historical themes in Australian recordkeeping The second covers some of the institutions which make the Australian archival story distinctive such as the Australian War Memorial and prime ministerial libraries The third discusses the formation of archives The fourth and final part explores debates surrounding archives in Australia The book concludes by considering the notion of an archival afterlife Presents material from a life's career working and thinking about archives and records and their multiple relationships with history biography culture and society The first book to focus specifically on the Australian archival scene Covers a wide variety of themes including the theoretical concept of the records continuum census records destruction Prime Ministerial Libraries and the documentation of war

The Cyril Scott Companion Leslie De'Ath, Lewis Foreman, Desmond Scott, 2018 This Companion explores the life and work of this remarkably creative man It provides a comprehensive analysis and appraisal of all the available music and includes a complete catalogue of his musical works along with a discography Several works both music and literary are here newly catalogued and discussed Altogether the volume gives a broad picture of Scott's entire output in literary dramatic and philosophical genres Publisher

Sounds Australian, 2006 **Othmar Schoeck** Chris Walton, 2009 Places the Swiss composer Schoeck master of a late Romantic style both sensuous and stringent in context and gives insight into his increasingly popular musical works The work of the late Romantic Swiss composer Othmar

Schoeck 1886 1957 has in recent years enjoyed a surge of interest His 300 songs with piano accompaniment are now all on CD as are his orchestral song cycles and five of his eight stage works Yet despite an impressive discography featuring names such as Dietrich Fischer Dieskau Lucia Popp and Ian Bostridge no biographical study of Schoeck has ever been available in English Chris Walton author of *Richard Wagner in Zurich The Muse of Place* charts the turbulent course of Schoeck's life and career with care and candor from a rampant youth to midlife monogamy and an old age ravaged by fears of neglect He traces Schoeck's relationships to musicians such as Max Reger Ferruccio Busoni Wilhelm Furtwängler Paul Hindemith and Igor Stravinsky and to writers Thomas Mann Hermann Hesse and James Joyce New light is also shed on Schoeck's uneasy relationship with Nazi Germany and its culmination for him in public humiliation and private catastrophe As an accompanist Schoeck was an arch Romantic master of rubato as a conductor he was a fervent champion of the new and in his compositions he moved from late Romanticism through a modernist vortex to emerge in full mastery of an individual musical language both sensuous and stringent In this thorough new biography Walton places Schoeck the man and the artist squarely in the context of his time Chris Walton is Extraordinary Professor at the University of Stellenbosch in South Africa and Managing Director of the Orchestre Symphonique Bienne in Switzerland He is the recipient of the 2010 Max Geilinger Prize honoring exemplary contributions to the literary and cultural relationship between Switzerland and the English speaking world

Grieg Daniel M. Grimley, 2006 An examination of the role of landscape and cultural identity in the music of Edvard Grieg
