The Father Quest:

The Father Quest Bud Harris, 2009-05-20 A New Understanding of Fatherhood that Surprises Heals and Inspires Fatherhood itself is a life of its own It carries the great responsibility of raising children with the right values giving them the best education and implementing a code of morality into their lives In addition the father himself must be dedicated to his moral duties for the rest of his life These are some of the themes that readers will discover in this Fisher King Press publication This Father Quest brings to readers an in depth focus on what being a father is all about It emphasizes fatherhood in its deepest personal and spiritual meanings and explores the psychological dimensions of fatherhood The Father Quest goes beyond simple prescriptions and techniques to explain the importance of fatherhood s deeper personal meanings as well as to culture Interestingly it describes the father as being one of the two great pillars of society that shape and support human life from the beginning The Father Quest explores the critical importance of passion and love as key ingredients of the spirit of fatherhood Thanks to its richly layered content readers who are struggling to be fathers as well those who are struggling with their own fathers will find The Father Quest to be great source of inspiration The Father Quest Bud Harris, 1996 **The Father Quest** William Melville Baker, 2010-10 **The Hero and the Perennial Journey**

Home in American Film Susan Mackey-Kallis, 2010-08-03 In contemporary America myths find expression primarily in film What s more many of the highest grossing American movies of the past several decades have been rooted in one of the most fundamental mythic narratives the hero quest Why is the hero quest so persistently renewed and retold In what ways does this universal myth manifest itself in American cinema And what is the significance of the popularity of these modern myths The Hero and the Perennial Journey Home in American Film by Susan Mackey Kallis is an exploration of the appeal of films that recreate and reinterpret this mythic structure She closely analyzes such films as E T the Star Wars trilogy It s a Wonderful Life The Wizard of Oz The Lion King Field of Dreams The Piano Thelma and Louise and 2001 A Space Odyssey Elements of the quest mythology made popular by Joseph Campbell Homer s Odyssey the perennial philosophy of Aldous Huxley and Jungian psychology all contribute to the compelling interpretive framework in which Mackey Kallis crafts her study She argues that the purpose of the hero quest is not limited to the discovery of some boon or Holy Grail but also involves finding oneself and finding a home in the universe The home that is sought is simultaneously the literal home from which the hero sets out and the terminus of the personal growth he or she undergoes during the journey back Thus the quest Mackey Kallis asserts is an outward journey into the world of action and events which eventually requires a journey inward if the hero is to grow and ultimately necessitates a journey homeward if the hero is to understand the grail and share it with the culture at large Finally she examines the value of mythic criticism and addresses questions about myth currently being debated in the field of communication studies Miscellaneous Documents United States. Rapprochement Between Fathers and Sons Louis Rothschild, 2023-11-23 Following Freud's rather cold conception of fathers and a relative neglect of their role in psychoanalytic theory is a challenge to continue more recent efforts to develop a psychoanalytically affirmative portrait of fatherhood Here fathers are attuned to relational mutuality and intimacy as a source of flourishing Rapprochement is understood as a sub phase of child development marked by a dramatic expression of conflict such as Hear me see me give me space don't give me space In addition rapprochement is considered to characterize conflicts between autonomy and dependency across the lifespan An often muted and subtle tension between holding and letting go persists Working with what is felt entails entering a never fully completed negotiation marked by misreadings bias and illusion Father is understood to be a name pointing to a parenting function With material that includes the grief of failed reunion particular stories are mediated through thinking alongside philosophy and psychoanalytic theory in order to further explore the difficulty of integrating nurturing capacities into conceptions of
