The Female World From A Global Perspective:

The Female World from a Global Perspective Jessie Bernard, 1987 **The Female World from a Global Perspective**
Jessie Bernard, Women's History in Global Perspective Bonnie G. Smith, 2004 The American Historical Association's Committee on Women Historians commissioned some of the pioneering figures in women's history to prepare essays in their respective areas of expertise. This volume, the second in a series of three, collects their efforts. As a counterpoint to the broad themes discussed in the first volume, Volume 2 is concerned with issues that have shaped the history of women in particular places and during particular eras. It examines women in ancient civilizations including women in China, Japan, and Korea; women and gender in South and South East Asia; Medieval women; women and gender in Colonial Latin America; and the history of women in the US to 1865. Authors included are Sarah Hughes and Brady Hughes, Susan Mann, Barbara N. Ramusack, Judith M. Bennett, Ann Twinam, and Kathleen Brown. Incorporating essays from top scholars ranging over an abundance of regions, dates, and methodologies, the three volumes of *Women's History in Global Perspective* constitute an invaluable resource for anyone interested in a comprehensive overview on the latest in feminist scholarship.

Authors of Their Own Lives Bennett M. Berger, 2023-04-28 All students and scholars are curious about the human faces behind the impersonal rhetoric of academic disciplines. Here, twenty of America's most prominent sociologists recount the intellectual and biographical events that shaped their careers. Family history, ethnicity, fear, private animosities, extraordinary determination, and sometimes plain good fortune are among the many forces that combine to mold the individual talents presented in *Authors of Their Own Lives*. With contributions from women and men, young and old, native born Americans and immigrants, quantitative scholars and qualitative ones, this book provides a fascinating source for students and professional sociologists alike. Some of the autobiographies maintain their reserve; others are profoundly revealing. Their subjects range from childhood, educational and intellectual influences, to academic careerism and burnout, to the history of American sociology. *Authors* stands alone as a deeply personal autobiographical account of contemporary sociology. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1990.
