of when and why these traits were defined as weaknesses sharing opinions from iconic females including Marianne Williamson and Cindy Crawford Then they offer a set of feminine principles that challenge current perceptions of feminine traits while providing women new mindsets to reclaim those traits with confidence The principles include counterintuitive messages including Take things hard Women feel things deeply especially the hard stuff and that s a good thing Enjoy glamour Peacocks bright coloring and garish feathers are part of their survival strategy similar tactics are part of our happiness strategy Chit chat Women have been derogated for gossip for centuries But what others call gossip we call social connection Emote Never let anyone tell you to not be emotional Express your enthusiasm love affection and warmth Embrace your domestic side Don t be ashamed to cultivate the beauty of your home and wrap your arms around friends and family With an upbeat blend of self help and fresh analysis The Feminine Revolution reboots femininity for the modern woman and provides her with the tools to accept and embrace her own authentic nature
