Manorial Account Rolls and Rentals of Walsham Le Willows 1327 to 1559 Audrey McLaughlin, Mark Bailey, 2025 The Suffolk Records Society has already published three volumes on Walsham Le Willows This fourth volume featuring a good series of manorial accounts and rentals complements the court roll material by painting a more textured picture of life in late medieval Walsham through furnishing further details of its society and economy These include documents from the small lay manor of High Hall which was highly typical of medieval English lordships but hardly any sources have survived from such places The accounts and rentals provide insights into Walsham s agricultural practices including woodland management for the production of fuel the balance of crops and livestock the disposal of produce the remuneration of workers the consumption habits of harvest workers and local lords and the role of women in the management of the manorial estate There are insights into local tensions following the national political turmoil in the summer of 1450 back cover **Medieval Society and the Manor Court** Zvi Razi, Richard Michael Smith, 1996 The records of manorial courts have been used increasingly as the principal source for the reconstruction of rural and small town society in medieval England They offer a unique source with which to investigate peasant demography family patterns the village community and economy the characteristics and instruments of customary law and the ways in which that law was perceived and exploited by landlords and tenants The essays in this collection provide novel approaches to all of these themes and are written by many of the historians who have pioneered the use of this source category in the last two decades In two introductory chapters the editors review the historiography of manorial court rolls and account for their origins as a distinctive record of customary law within the broad context of medieval European society A valuable appendix contains an inventory of the most comprehensive unprinted manorial court roll series arranged systematically on a county to county basis detailing the repository in which they are located This book will serve as an essential reference tool for any serious study of medieval English rural society
