**The Peacemaker and Court of Arbitration** ,1904      **The Peacemaker's Paradox** Priscilla Hayner,2018-01-12

Expanding from her path breaking work in *Unspeakable Truths* Priscilla Hayner focuses on a new challenge in *The Peacemaker's Paradox* the age old problem of negotiating peace after a war of atrocities Drawing on her first hand involvement in peace processes and interviews from the frontlines of peace talks the author recounts many heretofore untold stories of how justice has been negotiated with great difficulty and what this tells us for the future Those with the most power to stop a war are the least likely to submit to justice for their crimes but the demand for justice only grows louder She also asks how the intervention of an international tribunal such as the International Criminal Court changes how a war is fought and the possibility of brokering peace *The Peacemaker's Paradox* looks far and wide from Gaddafi's Libya to the FARC talks in Colombia to provide an unparalleled exploration of these thorniest of issues A combination of interview based reporting and political analysis *The Peacemaker's Paradox* brings clarity to a field fraught with both legal and practical difficulties

The extended commemorations to mark the 100th anniversary of the Great War have commenced in earnest Over the next four years people around the world will struggle to avoid the politicised public narratives of these remembrances Nationalistic sentiment is no less palpable today than imperial sentiment was a century ago Its opponents are still there too Among the countless commemorative activities that will occur there are innumerable counter narratives Although they are compelling in their telling of oppositional stories they have yet to capture the imagination of the dominant storytellers of our generation Mainstream media governments and politicians of all persuasions remain a captive of soft jingoism and the myth making of Geoffrey Serle s fire eating generals In such a view war remains a lamentable but necessary evil The true costs of war are absorbed only partially Given the destabilisation of much of the globe and the increasing militarisation of domestic politics by Western governments it is unsurprising that a widespread movement for peace is momentarily lost But history provides hope By looking back we can see the ebb and flow of peace movements and the lessons here are instructive The present commemorative phase provides historians with a license to tell the stories that underscore the feeble fabric of nationalistic hubris ones that seek to analyse and understand the human condition rather than simply commemorate it Tales of national rebirth are but one facet of war complicated by a much richer dirtier and more nuanced reality This reality challenges the necessity of war and allows us to empathise with war s victims elucidate oppositional tactics and provide explanations for the difficulties in sustaining a pacifist approach in the midst of war The chapters here deal with aspects of peace and anti war of memory of forgetting and of legacy The majority unsurprisingly given the present historical moment concentrate on the experience of the First World War The shadows of that war are long and the historiography they build on extensive Contributors include Phillip Deery Julie Kimber Karen Agutter Anne Beggs Sunter Robert Bollard Verity Burgmann Liam Byrne Lachlan Clohesy Rhys Cooper Carolyn Holbrook Nick Irving Chris McConville Douglas Newton Bobbie Oliver Carolyn
