The Fighting Tigers II LSU Football 1893 198:

The Fighting Tigers, 1993-2008 Scott Rabalais, 2008-09-15 Magnificent maddening thrilling heartbreaking over the years LSU football has been called many things boring is not among them But no period in the team's history exemplifies the extreme highs and lows of sport better than the past fifteen years In 1993 the Tigers were in the midst of a record six season losing streak and the program was struggling to dig its way out of its darkest days By 2008 LSU had emerged as one of the premier college football powers in the nation and the unprecedented two time winner of the BCS national championship In *The Fighting Tigers 1993 2008* award winning sportswriter Scott Rabalais chronicles the Tigers fantastic rise to the top of the college football universe vividly detailing the victories and defeats the coaches and the players the tears and the titles of this sometimes frustrating always fascinating period of LSU football Game by game Rabalais recounts the tenures of the four head coaches who led the Tigers during these years Curley Hallman the strict taskmaster whose mounting losses created dissension and apathy among the Tiger faithful Gerry DiNardo the charismatic salesman whose efforts to Bring Back the Magic temporarily vaulted the Tigers again into the national polls Nick Saban the intense workhorse who steadily rebuilt the program and led the team to its first national championship in almost fifty years and Les Miles the engaging wildcard who finally emerged from Saban's shadow with a championship of his own Rabalais provides expert analysis of the 2004 and 2008 BCS national championship games and other postseason bowl games as well as the ordinary games that have crossed over into legendary status 1993's Pigs Will Fly victory against Alabama The Night the Barn Burned at Auburn in 1996 and 2002's Bluegrass Miracle Along the way Rabalais recounts the incredible athletic feats of numerous standout players including Eddie Kennison Kevin Faulk Josh Reed Michael Clayton Marcus Spears Chad Lavalais and Glenn Dorsey Throughout Rabalais interweaves off the field events that have affected or enhanced the LSU football legacy the return of the traditional home white jerseys the creation of the Bengal Belles two expansions of Tiger Stadium the death of Mike V and the introduction of Mike VI and perhaps most poignant the Tigers volunteer efforts and emotional responses in the aftermath of Hurricane Katrina An appendix contains the vital statistics of LSU's entire football history Individual and team records in every area coaching records All Americans and Academic All Americans year by year results top ten Tiger Stadium crowds Tigers in pro football all of this and more will satisfy even the most hardcore LSU sports statistician Peter Finney venerable author of the three previous volumes of *The Fighting Tigers* passes the official historian's torch to Rabalais in a compelling foreword that emphasizes the significance of the Tigers recent run of success To many die hard Tiger fans LSU football is a religion all its own With *The Fighting Tigers 1993 2008* Rabalais has written the next book of its bible [College Sports](#) Eric A. Moyen, John R. Thelin, 2024-11-26 A bold and foundational history of the inception and evolution of intercollegiate athletics in the United States In *College Sports* historians Eric A. Moyen and John R. Thelin tell the intriguing story of the success and excess of American college sports from their inception to today Arguing that the modern American university's structure

spurred the growth of big time sports Moyen and Thelin also highlight the treatment of marginalized groups in athletics and the role that commercialization and the media have played in shaping college sports Using a wealth of secondary resources archival records newspaper articles and oral histories Moyen and Thelin offer a chronological account of the popularity success and continued challenges of college sports Most scholarship has portrayed athletics as an anomaly within higher education but history reveals that college sports enjoy a symbiotic relationship with universities Reform and a return to a purely amateur model have rarely been a compelling option for those institutions that are successful in commercialized big time college sports At the same time most student athletes compete in a very different model And despite their progressive posturing colleges have been slow to fully adopt civil rights and social justice issues When full participation was finally extended to women and minorities it generally meant a move away from the amateur model into a commercial enterprise By examining key events at specific universities athletic conferences and the NCAA Moyen and Thelin trace how the media and sports marketing have created an incredibly successful financial model for schools in big time conferences Yet this model has also created a precarious fiscal situation for hundreds of other institutions This provocative and refreshing take on sports in American universities provides the context in which to understand and improve upon the current landscape of intercollegiate athletics
