Robinson, 2016-11-01 Thomas Robinson argues that popular views of early Christian growth one concentrated in urban environments would nearly saturate every urban area of the entire Roman Empire with Christians leaving no room for Jews or pagans It is a scenario that simply does not work But where does the solution lie Robinson argues that the urban thesis is defective and the neglected countryside must now be considered in any reconstruction of early Christian growth **The Religion of the First Christians** Frederick James Gould, 1901 *The Moral World of the First Christians* Wayne A. Meeks, 1986-01-01 Describes the social setting of the early Christians looks at the Greek and Roman ethical traditions and explains the moral formation of the beginning Christian movement **The First Christians in Their Social Worlds** Philip F. The Faith and the Power : the Inspiring Story of the First Christians & how They Survived the Madness of Rome James D. Snyder,2002 New insights unearthed How the early Jewish Christians coped after the crucifixion of Jesus why Nero tried to purge them why the emperor s insatiable greed for money forced Jerusalem into a ruinous civil war and how the first Christians emerged with a new vitality that would one day sweep away Rome s profusion of pagan gods and temples The Bible offers sketchy answers to these and many more questions But when integrated with the perspective of early Jewish Roman and Christian writers the result is a chronological three dimensional documentary that both explains and enriches the Book of Acts and other New Testament writings The most complete account to date of the turbulent traumatic first century that laid the groundwork for Western Civilization for the next two millennia
