Luca Gardini and a Rebula has received an astounding 100 points on Wine Spectator's 100 point scale. Beautifully designed with full color photographs the book recounts the fascinating story of Rebula and the history of wine in what was once Yugoslavia and is now Slovenia. The protagonist is a remarkable vintner Zvonimir Simcic one of the founders of what was Yugoslavia's most important winery before the country fragmented. Almost single handedly responsible for the preservation of Rebula he resurrected the forgotten varietal and transformed his home region spectacular Goriška Brda from a poverty stricken area into one of the globe's great wine destinations. Pulitzer finalist Noah Charney provides a personal humorous deeply engaged travelogue through the little known world of Slovenian wine that will delight adventurous travelers and wine lovers everywhere. The Farmer's Register, 1835 *A History of Wine in America, Volume 1* Thomas Pinney, 1989

Completely fascinating Pinney's History of Wine in America combines a myriad of facts about all the states that have endeavored to grow grapes at any time since colonial days into a readable and coherent story. The only study to approach wine through its historical aspects it will be invaluable to wine writers who want to include historical perspectives in their articles and it will be seized upon by grape growers and wineries throughout the country who want to discover their region's historical roots in viticulture and winemaking. A significant contribution to scholarship this book should have broad appeal. John R McGrew USDA Agricultural Research Service retired What Makes a Wine Worth Drinking Terry Theise, 2018-11-06

A paean to authentic wines and a New York Times Best Wine Book of the Year from the James Beard Award winning author of *Reading Between the Wines*. What makes a wine worth drinking? As celebrated wine writer Terry Theise explains in this gem of a book answering that seemingly simple question requires us to look beyond what's in our glass to consider much bigger questions about beauty, harmony, soulfulness and the values we hold dear. Most of all Theise shows what makes a wine worth drinking is its authenticity. When we choose small scale family produced wine over the industrially produced stuff or when we opt for subtle companionable wines over noisy vulgar ones we not only experience their origins with the greatest possible clarity and detail we also gain a new perspective on ourselves and the world we inhabit. In this way artisanal wine is not only the key to good drinking it is also the key to a good life. An unforgettable literary journey into the heart and soul of wine. *What Makes a Wine Worth Drinking* is a gift to be cherished from a writer whose id is directly connected to his mouth. Eric Asimov The New York Times Winner of the Louis Roederer International Wine Writers Awards Chairman's Award. A Best Wine Gift by WineSpeed. Grown up wine writing full of emotion and in these dangerously cynical times exactly what we wine enthusiasts we human beings need. *The World of Fine Wine* Theise's fans as well as those just meeting him for the first time will revel as he leads us on an existential tour of wine. Wine Stefan K. Estreich, 2006 There are many books that explore actual physical sacred space and pilgrimage sites This is a different kind of book It introduces seven traditional sacred spaces but then leads readers into a deeper reflection on what such sacred space means in our own lives and experience The various sacred spaces explored are the Celtic Cross the infinite knot hilltops wells and springs causeways and bridges thresholds and burial grounds and boundaries In each chapter the author introduces a sacred space as the main theme and then illustrates this by associating it with a particular stage of life and a particular sacramental experience The ideas are then brought together by means of a scripture story
