The First Rapprochement:

The First Rapprochement Bradford Perkins, 1967 **McDowell and the Hermeneutic Tradition** Daniel Martin Feige, Thomas J. Spiegel, 2023-12-18 This volume explores the connections between John McDowell's philosophy and the hermeneutic tradition. The contributions not only explore the hermeneutical aspects of McDowell's thought but also ask how this reading of McDowell can inform the hermeneutical tradition itself. John McDowell has made important contributions to debates in epistemology, metaethics, and philosophy of language, and his readings of Aristotle, Kant, Hegel, and Wittgenstein have proved widely influential. While there are instances in which McDowell draws upon the work of hermeneutic thinkers, the hermeneutic strand of McDowell's philosophy has not yet been systematically explored in depth. The chapters in this volume open up a space in which to read McDowell himself as a hermeneutic thinker. They address several research questions: How can McDowell's recourse to the hermeneutical tradition be understood in detail? Besides Gadamer, does McDowell's work implicitly convey and advance motives from other seminal figures of this tradition such as Heidegger and Dilthey? Are there aspects of McDowell's position that can be enhanced through a juxtaposition with central hermeneutic concepts like World Tradition and Understanding? Are there further, perhaps yet unexplored aspects of McDowell's influences that ought to be interpreted as expressing hermeneutic ideas? McDowell and the Hermeneutic Tradition will appeal to researchers and advanced students working in American philosophy, Continental philosophy, hermeneutics, history of philosophy, philosophy of language, and epistemology.

Attachment in Intellectual and Developmental Disability Helen K. Fletcher, Andrea Flood, Dougal Julian Hare, 2016-03-31 Attachment in Intellectual and Developmental Disability: A Clinician's Guide to Practice and Research is the first book to explore the clinical difficulties associated with attachment relationships in people with intellectual and developmental disabilities. Draws together knowledge from disparate sources in a definitive new resource for clinicians working in this area. A growing body of evidence-based approaches in this area are underpinned by attachment theory, including direct intervention and the use of attachment theory to understand interactions and relationships. Presents and integrates cutting-edge models and approaches that have previously been available only to specialists. Written by mainstream practitioners who are active in clinical work and research focused on real-world applications with illustrative case examples throughout.

The Development of Aggression in Early Childhood Henri Parens, 2008 This revised edition of *The Development of Aggression in Early Childhood* presents anew the author's multi-trends theory of aggression with the addition of a two-part preface that provides an overview of the multitudinous theories of aggression in psychoanalytic thought and a discussion of the clinical applications with clinical case examples of his theory.

Overcoming Conflict Florian Helfer, Peter Geiss, Sandra Müller-Tietz, Michael Rohrschneider, 2023-05-31 Peacebuilding and reconciliation between groups and entire nations that share a violent past are among the toughest yet most important challenges for modern societies. Opposing perspectives, disagreements about the interpretation of historical events, or even

entirely different narratives too often impede processes of rapprochement How can teaching history contribute to overcoming the demarcation lines of such narratives and resolving historical conflicts that are passed on from generation to generation or renewed amplified and exploited for present political purposes This volume comprises twelve case studies from Central and Eastern Europe to South Africa from the Middle East to East Asia exploring stories about successes and failures in the never ending struggle for peaceful coexistence All of them ultimately reflect the fundamental question of our discipline Can we learn from history

Secular Morality and International Security Maria Fanis, 2011-06-14 The impact of national moral standards on international diplomacy

Empathy II (Psychology Revivals) Joseph Lichtenberg, Melvin Bornstein, Donald Silver, 2014-01-27 When the late Heinz Kohut defined psychoanalysis as the science of empathy and introspection he sparked a debate that has animated psychoanalytic discourse ever since What is the relationship of empathy to psychoanalysis Is it a constituent of analytical technique an integral aspect of the therapeutic action of analysis or simply a metaphor for a mode of observation better understood via classical theory and terminology The dialogue about empathy which is really a dialogue about the nature of the analytic process continues in this two volume set originally published in 1984 In Volume I several illuminating attempts to define empathy are followed by Kohut's essay Introspection Empathy and the Semicircle of Mental Health Kohut's paper in turn ushers in a series of original contributions on Empathy as a Perspective in Psychoanalysis The volume ends with five papers which strive to demarcate an empathic approach to various areas of artistic endeavour including the appreciation of visual art Volume II continues the dialogue with a series of developmental studies which explore the role of empathy in early child care at the same time as they chart the emergence of the young child's capacity to empathize In the concluding section Empathy in Psychoanalytic Work contributors and discussants return to the arena of technique They not only theorize about empathy in relation to analytic understanding and communication but address issues of nosology considering how the empathic vantage point may be utilized in the treatment of patients with borderline and schizophrenic pathology In their critical attention to the many dimensions of empathy philosophical developmental therapeutic artistic the contributors collectively bear witness to the fact that Kohut has helped to shape new questions but not set limits to the search for answers The product of their efforts is an anatomical exploration of a topic whose relevance for psychoanalysis and psychotherapy is only beginning to be understood

Tucholsky and France Stephanie Burrows, 2001 In his final Q Tagebuch report to Hedwig Muller dated 19 December 1935 Tucholsky declared Dass ich mein Leben zerhauen habe weiss ich Dass ich nicht allein daran schuld bin weiss ich aber auch Mein Gott ware ich in Frankreich geboren Combining biographical investigation with an analysis of Tucholsky's published journalism this study sets out to assess the significance of the contact with France and French culture in Tucholsky's life and work It shows the extent to which he was influenced by the French cultural and intellectual tradition and by his first hand experience of France It provides new insights into Tucholsky's life in France notably his involvement with French freemasonry and the

importance of his contacts in French literary pacifist and political circles This study also considers the role Tucholsky played or attempted to play in improving Franco German relations and reveals the extent of his efforts to promote rapprochement not only in Germany but also in France through behind the scenes contact with politicians and diplomats through lectures and through his published journalism

The 1998-2000 Eritrea-Ethiopia War and Its Aftermath in International Legal Perspective Andrea de Guttry, Harry H. G. Post, Gabriella Venturini, 2021-04-01 This book centres on the war that raged between Eritrea and Ethiopia from 1998 to 2000 a war that caused great loss of life and tremendous devastation It analyses the war in great detail from an international legal perspective the nature and the state of the boundary conflict preceding the actual armed conflict the military actions themselves the role of the UN peace keeping mission the responsibility for the multitude of explosive remnants of the war left behind Ample attention is paid to the decisions of the Eritrea Ethiopia Claims Commission and the Eritrea Ethiopia Boundary Commission This study is not limited to the war and the period immediately following it it also examines its more extended aftermath prolonging the analysis as far as the more recent improvement in the relations between Eritrea and Ethiopia away from a situation of no war no peace that prevailed after the armed conflict ended The analysis of the war and its aftermath is not only in terms of international legal issues it has been placed in a wider than strictly legal perspective The book is a valuable work for academics and practitioners in international law human rights and humanitarian law in particular for political scientists diplomats civil servants historians and all those others seriously interested in the Horn of Africa Andrea de Guttry is Full Professor of Public International Law at the Scuola Superiore Sant Anna in Pisa Italy Harry H G Post is Adjunct Professor in the Facult Libre de Droit of the Universit Catholique de Lille in Lille France Gabriella Venturini is Professor Emerita in the Dipartimento di Studi internazionali giuridici e storico politici of the Universit degli Studi di Milano in Milan Italy

The Rising American Empire Richard Warner Van Alstyne, 1974 Examines the origins emergence growth and peculiar characteristics of the United States as a national state whose policies and goals have been from the beginning those of an empire Bibliogs *Sectarianism, De-Sectarianization and Regional Politics in the Middle East* Samira Nasirzadeh, Elias Ghazal, Ana Maria Kumarasamy, Eyad Alrefai, Simon Mabon, 2024-01-25 Following the Arab Uprisings new ways of understanding sectarianism and sect based differences emerged But these perspectives while useful reduced sectarian identities to a consequence of either primordial tensions or instrumentalised identities While more recently third way approaches addressed the problems with these two positions the complexity of sectarian identities within and across states remains unexplored This book fills the gap in the literature to offer a more nuanced reading of both sectarian identities and

also de sectarianization across the Middle East To do so the volume provides a comparative account looking at Iraq Bahrain Yemen Syria and Lebanon It examines the ways in which sect based difference shapes regional politics and vice versa The book also contributes to burgeoning debates on the role of protest movements in sectarianism Chapters are split across three main sections the first looks at sects and states the second traces the relationship between sects and regional dynamics and the third examines de sectarianization that is the contestation and destabilization of sectarian identities in socio political life Each section provides a more holistic understanding of the role of sectarian identities in the contemporary Middle East and shows how sectarian groups operate within and across state borders and why this has serious implications for the ordering of life across the Middle East

To the Webster-Ashburton Treaty Howard Jones, 2017-12-01 The Webster Ashburton Treaty of 1842 which led to the settlement of the Canadian boundary dispute was instrumental in maintaining peace between Great Britain and the United States Jones analyzes the events that aggravated relations to show the affect of America s states rights policy and he concludes that the two countries signed the treaty because they considered it the wisest alternative to war not because of the often claimed strategic distribution of money Originally published in 1977 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

The French Revolution as a Moment of Respatialization Matthias Middell, Megan Maruschke, 2019-09-23 The French Revolution has primarily been understood as a national event that also had a lasting impact in Europe and in the Atlantic world Recently historiography has increasingly emphasized how France s overseas colonies also influenced the contours of the French Revolution This volume examines the effects of both dimensions on the reorganization of spatial formats and spatial orders in France and in other societies It departs from the assumption that revolutions shatter not only the political and economic old regime order at home but in an increasingly interdependent world also result in processes of respatialization The French Revolution therefore is analysed as a key event in a global history that seeks to account for the shifting spatial organization of societies on a transregional scale

The Allan Schore Reader Eva Rass, 2017-11-10 Eva Rass a leading expert on the work of Allan Schore presents a collection that provides an overview of his core ideas and makes accessible the evolution of his thought Including interviews and original papers as well as integrating his ideas with research in psychoanalysis developmental psychology biology and developmental psychopathology this book provides an in depth introduction to Schore s theories Allan Schore *Setting the Course of Development* represents a major contribution to the understanding of Schore s often dense and complex work The choice of papers interviews and subject matter is structured and instructive while the content captures both the depth and breadth of Schore s ideas including important extensions into other fields like paediatrics social works and family law Schore s contribution to the advancing knowledge base pioneering the paradigm shift in researchers focus in psychopathogenesis

from the cognitive verbal left brain to the affective preverbal right brain is here made accessible to a far greater readership. The book will be of interest to all practitioners, researchers, educators and policy makers dealing with the critically important and broad field of mental health service delivery and prevention of mental illness for those at risk, particularly psychoanalysts, psychoanalytic psychotherapists and counsellors. **The Psychological Birth of the Human Infant** Margaret S.

Mahler, 2018-06-12. The biological birth of the human infant and the psychological birth of the individual are not coincident in time. The former is a dramatic, observable and well circumscribed event; the latter a slowly unfolding intra-psychic process. Thus begins this highly acclaimed book in which the author and her collaborators break new ground in developmental psychology and present the first complete theoretical statement of the author's observations on the normal separation-individuation process. Separation and individuation are presented in this major work as two complementary developments. Separation is described as the child's emergence from a symbiotic fusion with the mother, while individuation consists of those achievements making the child's assumption of his own individual characteristics. Each of the sub-phases of separation-individuation is described in detail, supported by a wealth of clinical observations which trace the tasks confronting the infant and his mother as he progresses towards achieving his own individuality. Rufus King Robert Ernst, 2014-01-01. This is the first full-length biography of Rufus King. It emphasizes politics and diplomacy but also presents a well-rounded appraisal of King's personality, outlook and interests. Many little-known facets of King's life are illuminated, including his relationship to the Burr-Hamilton duel. Originally published in 1968. A UNC Press Enduring Edition. UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original and are presented in affordable paperback formats, bringing readers both historical and cultural value.

Survey of International Affairs, 1929 The Labour Magazine, 1929 **Greece and Turkey in Conflict and Cooperation** Alexis Heraclides, Gizem Alioğlu Çakmak, 2019-06-14. This book offers a sober, contemplative and comprehensive coverage of Greek-Turkish relations, covering in depth the current political climate with due regard to the historical dimension. The book includes up-to-date accounts of the traditional areas of unresolved discord: Aegean minorities, Cyprus, the Patriarchate, with emphasis on why they remain contentious despite the thaw in Greek-Turkish relations from 1999 until recently. It also covers new topics and challenges that have led to cooperation as well as friction, such as unprecedented economic cooperation, energy resources or the refugee crisis. Furthermore, the volume deals with the Europeanization of Greek-Turkish relations and other facilitating factors as they appeared in the first decade of the 21st century, including the role of civil society as well as the contrary de-Europeanization from 2010 onwards, which presages a hazardous downward trend in their relations, often not helped by the media in both countries, which is also examined. This volume will be essential reading to scholars and students of Greek-Turkish relations, more generally Greece and Turkey, and more broadly to the study of South European Politics, European Union politics, security studies and International Relations.
