The Historical Jesus Of The Synoptics Jesus Of Nazareth Yesterday And Today Vol II:

Freedom and Existence Matthew Aaron Tennant, 2023-08-07 Is theology a dead corpse or living organism For Uruguayan Jesuit Juan Luis Segundo 1925 1996 theology is dynamic Freedom and existence for central themes Segundo believed that theology should be transformative in human lives For a theology to be transformative there must be a connection to existence That is it must be existential Yet most scholars have overlooked this assumption in critical analyses of liberation theology This prima facie connection to existence is distinguishable from existentialism as a school of philosophy By showing the significant existential dimension to Segundo's theology assessing his work and contribution to twentieth century theology relates to freedom ecumenism the role of faith in society and the relationship between faith and ideologies

Jesus in Global Contexts Priscilla Pope-Levison, John R. Levison, 1992-01-01 Liberator ancestor cosmic Christ and Black Messiah These are just some of the ways that Jesus is viewed in the world This rare book provides a global tour of the Christologies emerging in Latin America Asia and Africa and those of North American feminist and African American theologies Bibliography Indexes *A New Handbook of Christian Theologians* Donald W. Musser, 1996-09-01 In recent years the flow of Christian theology has been channeled in diverse streams represented by such trends and movements as black theology liberation theology feminist theology and womanist theology To survey this abundance and diversity of current Christian theology this book examines the theologies of representative theologians Particularly to help students navigate the sea of information the editors have identified various routes for reading and have traced several threads or issues common to many of the essays thus demarcating such recurrent concerns as the ways in which the theologians consider the sources and goals for theology their variant assumptions and conclusions about the nature of God their divergent approaches to understanding the person and purpose of the Christ and their distinct expectations for the destiny of history and faith

Humanist Christology of Paul Juan L. Segundo, 2007-09-01 Segundo's groundbreaking exegesis focuses chiefly on Paul's treatment of sin faith and the impact of their intersection on human existence In a brilliant concluding chapter Segundo rejects liberation theology's reading of Paul as apolitical and shows how Paul's thought opens up for us a humanizing political realm that no repression can control or render useless This profound and passionately written study will fascinate advanced students and scholars for years to come

Remembering Esperanza Mark Lewis Taylor, 2006-09-01 Remembering Esperanza has been acclaimed as this generation's most important synthesis of critical theory and Christian theology Taylor offers North American models of a new theology that serves an informed critical transformative praxis of resistance to sexism classism racism Taylor's work forges a vital link to an engaged Christianity and the Christ who is its source **The New**

Testament and the People of God Nicholas Thomas Wright, 1992-01-01 Provides a historical theological and literary study of first century Judaism and Christianity offering a preliminary discussion of the meaning of the word god within those cultures and explores the ways in which developing an understanding of those first century cultures are of relevance for the

modern world Original **Deconstructing Jesus** Robert M. Price, 2009-09-25 After more than a century of New Testament scholarship it has become clear that the Jesus of the gospels is a fictive amalgam reflecting the hopes and beliefs of the early Christian community and revealing very little about the historical Jesus Over the millennia since the beginning of Christianity various congregations from fundamentalist to liberal have tended to produce a Jesus figurehead that functions as a symbolic cloak for their specific theological agendas Through extensive research and fresh textual insights Robert M Price paves the way for a new reconstruction of Christian origins Moving beyond the work of Burton L Mack and John Dominic Crossan on Jesus movements and Christ cults which shows how the various Jesus figures may have amalgamated into the patchwork savior of Christian faith Price takes an innovative approach He links the work of F C Baur Walter Bauer Helmut Koester and James M Robinson with that of early Christ myth theorists two camps of biblical analysis that have never communicated Arguing that perhaps Jesus never existed as a historical figure Price maintains an agnostic stance while putting many puzzles and scholarly debates in a new light He also incorporates neglected parallels from Islam the Baha i Faith and Buddhism Deconstructing Jesus provides a valuable bridge between New Testament scholarship and early freethinkers in a refreshing cross fertilization of perspectives Von Balthasar & the Option for the Poor Todd Walatka, 2017 Hans Urs von Balthasar s vast corpus of theological philosophical literary and pastoral writings remains one of the most impressive achievements in 20th century thought In light of liberation theology and now the papacy of Francis however a theological affirmation of the option for the poor remains dangerously weak in Balthasar s corpus Von Balthasar and the Option for the Poor offers a sympathetic reforming of Balthasar s account of the drama of salvation what he calls theodramatics in response to this weakness Divino Compañero Sammy Alfaro, 2010-09-01 Divino Companero explores the necessary foundations for constructing a Hispanic Pentecostal Christology Although traditionally Pentecostal Christologies have been anchored in a two nature Chalcedonian model Alfaro proposes that Spirit Christology is a more suitable paradigm for a Hispanic Pentecostal Christology provided it is grounded in the experience faith and worship of its community and oriented toward liberative praxis After reviewing the christological reflection of early Pentecostals and the contemporary turn to Spirit Christology Alfaro lays out the main components needed to construct a christological model born out of the Hispanic Pentecostal reality rooted in the broader Pentecostal christological imagination and informed by the Pentecostal way of doing theology Following this method Alfaro concludes the central metaphor of Hispanic Pentecostal Christology is El Divino Companero for in their pilgrimage through this world it is Jesus the Divine Companion who through the Spirit guides and nurtures his followers on their way back home Synoptic Problems John S. Kloppenborg, 2014-07-02 This volume contains a collection of twenty one essays of John S Kloppenborg with four foci conceptual and methodological issues in the Synoptic Problem the Sayings Gospel Q the Gospel of Mark and the Parables of Jesus Kloppenborg a major contributor to the Synoptic Problem is especially interested in how one constructs synoptic hypotheses always aware of the many gaps in our knowledge the

presence of competing hypotheses and the theological and historical entailments in any given hypothesis Common to the essays in the remaining three sections is the insistence that the literature thought and practices of the early Jesus movement must be treated with a deep awareness of their social literary and intellectual contexts The context of the early Jesus movement is illumined not simply by resort to the literary and historical sources produced by Greek and Roman elites but more importantly by data gathered from documentary sources available in non literary papyri *Liberating Paul* Neil Elliott,2005-02-01 For centuries the apostle Paul has been invoked to justify oppression whether on behalf of slavery to enforce unquestioned obedience to the state to silence women or to legitimate anti Semitism To interpret Paul is thus to set foot on a terrible battleground between spiritual forces But as Neil Elliott argues the struggle to liberate human beings from the power of Death requires Liberating Paul from his enthrallment to that power In this book Elliott shows that what many people experience as the scandal of Paul is the unfortunate consequence of the way Paul has usually been read or rather misread in the churches In the first half of the book Elliott examines the many texts historically interpreted to support oppression or maintain the status quo He shows how often Paul s authentic message has been interpreted in the light of later pseudo Pauline writings In Part Two Elliott applies a political key to the interpretation of Paul Though subsequent centuries have turned the cross into a symbol of Christian piety Elliott forcefully reminds us that in Paul s time this was the Roman mode of executing rebellious slaves a fact that has profound political implications Globalisation Volume 2 Allan Boesak,Len Hansen,2010-09-01 In the course of three years the Globalisation Project has gathered experts from a variety of disciplines to reflect together on globalisation its origins its manifestations and consequences particularly for the Christian religion and for Christian churches today This second volume on this theme in the Beyers Naud Series also represents a selection of papers that were presented at consultations of the Joint Project in this case during those held at Stellenbosch and Emden Germany in 2009 **Christology in Dialogue** Robert F. Berkey,1993 The essays in this collection trace Christological affirmations and formulations in the important period during which they were taking shape both during and immediately following the resurrection of Jesus from the Preface Contributors include Mahomoud Ayoub Otto Betz Hans King Thomas Hoyt Jr John Parr Alan F Segal and others **Reconstructing the Common Good** Gary J. Dorrien,2008-05-01 This landmark study in the history and theory of modern Christian socialism examines the work of such major figures as Rauschenbusch Tillich Moltmann Guti rrez and M guez Bonino Dorrien argues that these theologians provide a singular context for addressing questions of freedom and totalitarianism sacralization and democratization individual autonomy and the common good He focuses on the differing conceptions of the common good that these major theorists have propounded and explicates as well their theological arguments on the relationship between the Kingdom of God and projects of historical praxis With a new Preface addressing the tumultuous events in Eastern Europe Reconstructing the Common Good develops and sustains a forceful argument for the continuing relevance of a decentralized pluralistic democratic form of socialism

The Gospel in Parable John R. Donahue, 1988-01-01 Professor Donahue here argues that the parables of Jesus offer a Gospel in miniature while at the same time giving shape direction and meaning to the Gospels in which they appear To study the parables of the Gospels is to study the gospel in parable After surveying recent discussions of parable metaphor and narrative Donahue examines and interprets the parables of Mark Matthew and Luke as texts in the context of the theology of each of these Gospels Finally he outlines what The Gospel in Parable looks like and offers suggestions for the proclamation of parables today

Evangelization from a Liberation Perspective Priscilla Pope-Levison, 1991 In this pioneering work Dr Pope Levison marshalls an enormous amount of material on the topic of evangelization in Latin American liberation theology By analyzing the writings of ten theologians she demonstrates convincingly that evangelization serves uniquely as a bridge between theology and praxis This study is indispensable for students of contextual theology and evangelization In addition the introductory discussion of evangelization in recent documents from the Roman Catholic Church and the World Council of Churches renders this an invaluable tool for ecumenical studies as well

Contemporary American Theologies Deane W. Ferm, 2004-04-15 An up to date book that surveys almost all of the contemporary schools of Christian thought in America well structured and methodically developed clearly written and easy to read Ferm does an excellent job of pointing out all the differences among the leading thinkers of each camp Ferm s greatest asset is his uncanny ability to synthesize these diverse theologies into a larger conceptual whole without diminishing their distinctiveness A landmark of clarity Richard Quebedeaux in *The Christian Century* Contemporary American Theologies assesses the most significant writers and books that make up evangelical black Roman Catholic feminist and liberation theologies Equally useful as an introduction or as a review Marianne Sawicki in *Commonweal*

Receiving the Bible in Faith David M. Williams, 2004-09 The book should prove helpful to students as an overview of some of the issues involved while more advanced readers will appreciate its analysis of recent scholars as well the attempt to integrate and adapt their insights

The Theology of Liberation, 1986 **Incredible Shrinking Son of Man** Robert M. Price, 2009-09-25 This book should be mandatory reading for all scholars concerned with Christian origins nothing of comparable importance has been written for at least a decade Freethinker For more than a century scholars have been examining the Gospels and other traditions about the life of Jesus to determine their historical accuracy Although the results of these scholarly efforts are sometimes controversial the consensus among researchers today is that the four Evangelists accounts cannot be taken at face value In fact a team of more than 100 scholars called the Jesus Seminar has come to the conclusion that on average only about 18 percent of the four Gospels is historically accurate An active member of the Jesus Seminar Dr Robert M Price presents the fruits of this important historical research in this fascinating discussion of early Christianity As the title suggests Price is none too optimistic about the reliability of the Gospel tradition as a source of accurate historical information about the life of Jesus Indeed he feels that his colleagues in the Jesus Seminar are much too optimistic in their estimate of authentic material in the Gospels After an introduction to the historical

critical method for nonspecialists and a critique of the methods used by the Jesus Seminar Price systematically discusses the narrative and teaching materials in the Gospel clearly presenting what is known and not known about all of the major episodes of Jesus life He also examines the parables for authenticity as well as Jesus teachings about the Kingdom of God repentance prayer possessions and poverty the Atonement and many other features of the Gospels Written for the general reading public in a lively and accessible style Dr Price s highly informative discussion will be of interest to anyone who has wondered about the origins of Christianity
