The period covered in this volume is one of the most tumultuous periods of Islamic history In it al abar details with great success the intricate events that shaped real political power in S marr and Baghdad during the middle of the ninth century laying bare the dynamics through which the army generals who were mainly of Central Asian Turkish extraction consolidated their grip on the caliphate The political maneuvering that enabled them to pass the reins of real power to their descendants creating a dynasty parallel to the legitimate caliphal dynasty is also clearly revealed A discounted price is available when purchasing the entire 39 volume History of al abar set Contact SUNY Press for more information [The History of the Medieval World](#) Susan Wise Bauer, 2010-01-26 Chronicles the period between the 4th and 12th centuries when religion became the justification for political and military action a time that included the development of Islam the crowning of Charlemagne and the rise of the T ang Dynasty *The History of al-Tabari Vol. 15* Abū Jaʿfar Muḥammad ibn Jarīr al-Ṭabarī, 1990-01-01 Before the caliphate of the Uthman b Affan the Muslim community had grown from strength to strength in spite of a series of major crises the Hirah the death of the Prophet the Riddah wars the assassination of Umar by a Persian slave But Uthman s reign ended in catastrophe His inability to manage the social and political conflicts that were now emerging among various factions within the community led to his death at the hands of Muslim rebels The consequences of this tragic event were bitter not only a century of civil war but also political and religious schisms of such depth that they have not been entirely healed even now Most medieval Muslim historians told this story in an overtly partisan manner but al Tabari demands more of his readers First of all they must decide for themselves on the basis of highly ambiguous evidence whether Uthman s death was tyrannicide or murder But more than that they must ask how such a thing could have happened at all what had the Muslims done to bring about the near destruction of their community Al Tabari presents this challenge within a broad framework For even while the internal crisis that issued in Uthman s death was coming to a head the wars against Byzantium and Persia continued The first expeditions into North Africa the conquest of Cyprus the momentary destruction of the Byzantine fleet at the Battle of the Masts the bloody campaigns in Armenia the Caucasus and Khurasan are all here in narratives that shift constantly between hard reporting and pious legend Muslim forces retain the offensive but

there are no more easy victories henceforth suffering and endurance will be the hallmarks of the hero Most evocative in the light of Uthman's fate is the moving account of the murder of the last Sasanian king Yazdagird III a man betrayed by his nobles and subjects but most of all by his own character

Christensen, 2015-12-18 The history of the Middle East is traditionally structured around the rise and fall of dynasties and states. The widely perceived view is that after the glories of an earlier golden age the region went into a steady and prolonged decline: populations decreased, ancient cities decayed, and nomadism spread at the expense of civilized culture. In this pioneering text, Peter Christensen challenges this story of decline. Long out of print but now reissued with a new introduction by the author, this important work is both a foundational text in the environmental history of the Middle East and a pioneering reassessment of traditional ideas about the historical processes of Iran and the Middle East region. *Persian Historiography to the End of the Twelfth Century*.
