

NOTHING GOLD CAN STAY

BY ROBERT FROST

Nature's first green is gold,
Her hardest hue to hold.
Her early leaf's a flower;
But only so an hour.
Then leaf subsides to leaf.
So Eden sank to grief,
So dawn goes down to day.
Nothing gold can stay.

The History of the World as Pictures Nancy Sullivan, 1965 *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1968 The Ladies' Repository, 1850 The idea of this women's magazine originated with Samuel Williams a Cincinnati Methodist who thought that Christian women needed a magazine less worldly than Godey's Lady's Book and Snowden's Lady's Companion Written largely by ministers this exceptionally well printed little magazine contained well written essays of a moral character plenty of poetry articles on historical and scientific matters and book reviews Among western writers were Alice Cary who contributed over a hundred sketches and poems her sister Phoebe Cary Otway Curry Moncure D Conway and Joshua R Giddings and New England contributors included Mrs Lydia Sigourney Hannah F Gould and Julia C R Dorr By 1851 each issue published a piece of music and two steel plates usually landscapes or portraits When Davis E Clark took over the editorship in 1853 the magazine became brighter and attained a circulation of 40 000 Unlike his predecessors Clark included fictional pieces and made the Repository a magazine for the whole family After the war it began to decline and in 1876 was replaced by the National Repository The Ladies Repository was an excellent representative of the Methodist mind and heart Its essays sketches and poems its good steel engravings and its moral tone gave it a charm all its own Cf American periodicals 1741 1900 **Chicorel Index to Poetry in Anthologies and Collections in Print** Marietta Chicorel, 1974 **The Laboratory of Poetry** Michel Chaouli, 2002-09-06 Because our own historical moment continues to be indebted to romanticism such a shift in understanding prompts a rethinking in our ideas of the interrelation of literature philosophy and science Jacket **The Oxford History of Poetry in English** Laura L. Knoppers, 2024-08-08 Beginning with the last years of the reign of Elizabeth I and ending late in the seventeenth century this volume traces the growth of the literary marketplace the development of poetic genres and the participation of different writers in a century of poetic continuity change and transformation The Oxford History of Poetry in English, 2024-08-08 The Oxford History of Poetry in English OHOPE is designed to offer a fresh multi voiced and comprehensive analysis of poetry from Anglo Saxon culture through contemporary British Irish American and Global culture including English Scottish and Welsh poetry Anglo American colonial and post colonial poetry and poetry in Canada Australia New Zealand the Caribbean India Africa Asia and other international locales OHOPE both synthesizes existing scholarship and presents cutting edge research employing a global team of expert contributors for each of the fourteen volumes By taking as its purview the full seventeenth century 1603 1700 this volume redraws the existing literary historical map and expands upon recent rethinking of the canon Placing the revolutionary years at the centre of a century of poetic transformation and putting the Restoration back into the seventeenth century the volume registers the transformative effects on poetic forms of a century of social political and religious upheaval It considers the achievements of a number of women poets not yet fully integrated into traditional literary histories It assimilates the vibrant literature of the English Revolution to what came before and after registering its long term impact It

traces the development of print culture and of the literary marketplace alongside the continued circulation of poetry in manuscript. It places John Milton, Andrew Marvell, Margaret Cavendish and Katherine Philips and other mid-century poets into the full century of specifically literary development. It traces continuity and change, imitation and innovation in the full-century trajectory of such poetic genres as sonnet, elegy, satire, georgic, epigram, ode, devotional lyric and epic. The volume's attention to poetic form builds on the current upswing in historicist formalism, allowing a close focus on poetry as an intensely aesthetic and social literary mode. Designed for maximum classroom utility, the organization is both thematic and in the authors' section chronological. After a comprehensive Introduction, organizational sections focus on Transitions, Materiality, Production and Circulation, Poetics and Form, Genres and Poets. *Readers' Guide to Periodical Literature*, 1905 Poetry Unbound Mike Chasar, 2020-04-28 It's become commonplace in contemporary culture for critics to proclaim the death of poetry. Poetry, they say, is no longer relevant to the modern world, mortally wounded by the emergence of new media technologies. In *Poetry Unbound*, Mike Chasar rebuts claims that poetry has become a marginal art form, exploring how it has played a vibrant and culturally significant role by adapting to and shaping new media technologies in complex, unexpected and powerful ways. Beginning with the magic lantern and continuing through the dominance of the internet, Chasar follows poetry's travels off the page into new media formats, including silent film, sound film and television. Mass and nonprint media have not stolen poetry's audience, he contends, but have instead given people even more ways to experience poetry. Examining the use of canonical as well as religious and popular verse forms in a variety of genres, Chasar also traces how poetry has helped negotiate and legitimize the cultural status of emergent media. Ranging from *Citizen Kane* to *Leave It to Beaver* to best-selling Instapoet Rupi Kaur, this book reveals poetry's ability to find new audiences and meanings in media forms with which it has often been thought to be incompatible. Illuminating poetry's surprising multimedia history, *Poetry Unbound* offers a new paradigm for understanding poetry's still-evolving place in American culture. **Pictures of the Heart** Joshua S. Mostow, 1996-01-01 The *Hyakunin Isshu* or *One Hundred Poets, One Poem Each* collection is a sequence of one hundred Japanese poems in the tanka form, selected by the famous poet and scholar Fujiwara no Teika (1162-1241) and arranged in part to represent the history of Japanese poetry from the seventh century down to Teika's own day. The anthology is without doubt the most popular and widely known collection of poetry in Japan; a distinction it has maintained for hundreds of years. In this study, Joshua Mostow challenges the idea of a final or authoritative reading of the *Hyakunin Isshu* and presents a refreshing, persuasive case for a reception history of this seminal work. In addition to providing a new translation of this classic text and biographical information on each poet, Mostow examines issues relating to text and image that are central to the Japanese arts from the Heian into the early modern period. By using Edo-period woodblock illustrations as pictorializations of the poems as pictures of the heart, or meaning of the poems, text and image are pieced together in a holistic approach that will stand as a model for further research in the interrelationship between Japanese visual and verbal
