James, Professor, Professor Keith Bottomley, Professor Alison Liebling, Dr Emma Clare, 1997-07-02 This book makes public for the first time a full account of the development of the privatization of prisons centred on the only full scale empirical study yet to have been undertaken in Britain After providing an up to date overview of the development of private sector involvement in penal practice in the United Kingdom North America Europe and Australia the authors go on to describe the first two years in the life of Wolds Remand Prison the first private prison in Britain They look at the daily life for remand prisoners assess the duties and morale of staff and compare the workings of Wolds to a new local prison in the public sector The authors conclude by discussing some of the practical and theoretical issues to have emerged from contracting out ethical issues surrounding the whole privatization debate and implications for the future of the prison system and penal policy **Politics in Captivity** Lena Zuckerwise, 2024-07-02 From the 1811

German Coast Slave Rebellion to the 1971 Attica Prison Uprising from the truancy of enslaved women to the extreme self discipline exercised by prisoners in solitary confinement Black Americans have through time resisted racial regimes in extraordinary and everyday ways Though these acts of large and small scale resistance to slavery and incarceration are radical and transformative they have often gone unnoticed This book is about Black rebellion in captivity and the ways that many of the conventional well worn constructs of academic political theory render its political dimensions obscure and indiscernible While Hannah Arendt is an unlikely theorist to figure prominently in any discussion of Black politics her concepts of world and worldlessness offer an indispensable framework for articulating a theory of resistance to chattel and carceral captivity Politics in Captivity begins by taking seriously the ways in which slavery and incarceration share important commonalities including historical continuity In Zuckerwise's account of this commonality the point of connection between enslaved and incarcerated people is not exploited labor but rather resistance The relations between the rebellions of both groups appear in the writings of Muhammed Ahmad Angela Davis George Jackson Ruchell Magee and Assata Shakur a genre Zuckerwise calls Black carceral political thought The insights of these thinkers and activists figure into Zuckerwise's analyses of largescale uprisings and quotidian practices of resistance which she conceives as acts of world building against conditions of forced worldlessness In a moment when a collective racial reckoning is underway when Critical Race Theory is a target of the Right when prison abolition has become more prominent in mainstream political discourse it is now more important than ever to look to historical and contemporary practices of resistance to white domination **Prison**

the western world The book's arguments are steeped in a practical and practicable theory that advances public interest as a viable and important measure in any analysis of policy or public administration According to Bozeman public interest theory offers a dynamic and flexible approach that easily adapts to changing situations and balances today's market driven attitudes with the concepts of common good advocated by Aristotle Saint Thomas Aquinas John Locke and John Dewey In constructing the case for adopting a new governmental paradigm based on what he terms managing publicness Bozeman demonstrates why economic indices alone fail to adequately value social choice in many cases He explores the implications of privatization of a wide array of governmental services among them Social Security defense prisons and water supplies Bozeman constructs analyses from both perspectives in an extended study of genetically modified crops to compare the policy outcomes using different core values and questions the public value of engaging in the practice solely for the sake of cheaper food Thoughtful challenging and timely *Public Values and Public Interest* shows how the quest for fairness can once again play a full part in public policy debates and public administration
