A Short History of Denmark in the 20th Century Bo

Lidegaard, 2009

A Conspiracy Of Decency Emmy E Werner, 2009-04-20

The people of Denmark managed to save almost their country's entire Jewish population from extinction in a spontaneous act of humanity one of the most compelling stories of moral courage in the history of World War II Drawing on many personal accounts Emmy Werner tells the story of the rescue of the Danish Jews from the vantage point of living eyewitnesses the last survivors of an extraordinary conspiracy of decency that triumphed in the midst of the horrors of the Holocaust *A Conspiracy of Decency* chronicles the acts of people of good will from several nationalities Among them were the German Georg F Duckwitz who warned the Jews of their impending deportation the Danes who hid them and ferried them across the Oresund and the Swedes who gave them asylum Regardless of their social class education and religious and political persuasion the rescuers all shared one important characteristic they defined their humanity by their ability to act with great compassion These people never considered themselves heroes they simply felt that they were doing the right thing *The Danish Avant-Garde and World War II* Kerry Greaves, 2019-03-18 This is the first book to focus on Helhesten The Hell Horse an avant garde artists collective active during the Nazi occupation of Denmark and one of the few tangible connections between radical European art groups from the 1920s to the 1960s The Danes deliberately unskilled painterly abstraction embrace of the tradition of dansk folkelighed the popular and its iterations of egalitarianism and consensus reform called for the political relevance of art and interrogated the ideologies underlying culture itself The group's cultural activism presents an alternative trajectory of continuity which challenges the customary view of World War II as a moment of artistic rupture **A People's History of the Second**

World War Donny Gluckstein, 2012-06-14 This history reclaims the Second World War as a global fight from below The vast majority of historical accounts have focused on the regular armies of the allied powers however the often neglected people's militias were crucial not only to the defeat of fascism but also colonialism imperialism and even capitalism Looking at militias in Yugoslavia Greece Poland and Latvia as well as the Warsaw Uprising and anti fascist movements in Germany it presents a different battle fought on different terms Widening its scope to India where an independence movement was shaking an already weak British Empire and onto alternative anti imperialist struggles in Indonesia and Vietnam a global picture of people's resistance is revealed Despite these radical elements the allied governments were more interested in creating a new order to suit their interests and many of these movements were ultimately betrayed However many shook the existing world order to its core The Holocaust: A Guide to Europe's Sites, Memorials and Museums Rosie Whitehouse, 2024-10-04 New from Bradt is *The Holocaust Europe's Sites Museums and Memorials* a unique travel guidebook to European locations that tell the story of the greatest crime ever perpetrated the Nazi genocide of 6 million Jews and other persecuted groups In

recent years countries once reluctant to delve into the dark corners of their past have begun to document the history of the Holocaust and its aftermath Europe has many new ground breaking museums and memorials that tell us as much about the present as they do the past Chapters are dedicated to each country or region occupied by Nazi Germany plus nations like the UK and neutral Sweden which played a vital role both before and after the Holocaust Organised around city hubs in each country this Bradt guide helps visitors explore numerous destinations whether infamous well known or comparatively unexpected This is much much more than a guide to notorious sites such as Auschwitz Birkenau Buchenwald or Dachau You can take a walking tour in Vienna to view the new wall of names Or visit the Memorial des Martyrs de la Deportation in Paris Anne Frank House in Amsterdam or the Jewish Museum in Ferrara And you can learn how babies were smuggled out of the Kovno ghetto in potato sacks in Lithuania or read about Bavaria s Kloster Indersdorf a remarkable children s home that cared for survivors Written by a journalist and travel writer specialising in Jewish history Bradt s The Holocaust Europe s Sites Museums and Memorials provides the traveller with not only a list of must see sites in each country but also a comprehensive list of organisations that run tours commemorations and volunteer schemes Suggestions of where to eat and stay including Kosher restaurants and hotels ease the traveller s way as do descriptions of local Jewish organisations and tips on how to pace potentially difficult journeys into Europe s dark past Bradt s The Holocaust Europe s Sites Museums and Memorials is the first comprehensive travel guide to the genocide and the first to help the traveller understand the Holocaust by seeing the places where it unfurled

Encyclopedia of the Holocaust Dr Robert Rozett, 2013-11-26 Encyclopedia of the Holocaust is a comprehensive authoritative one volume reference that provides reliable information on this ignoble and frightening episode of modern history It features eight essays on the history of the Holocaust and its antecedents as well as coverage of such topics as the history of European Jewry Jewish contributions to European culture and the rise of anti semitism and Nazism The essays are followed by more than 650 entries on significant aspects of the Holocaust including people cities and countries camps resistance movements political actions and outcomes More than 300 black and white photographs from the archives at Yad Vashem bear witness to the horrors of the Nazi regime and at the same time attest to the invincibility of the human spirit Best Specialist Reference Work of the Year Reference Reviews UK

Understanding Holocausts Bad Posturee, 2002-08-22 This book is about the study of holocausts which in turn is really the study of what happens to a country when it loses a war Holocausts tend to occur 40 or 80 years after a country has lost a war The most recent example of a holocaust is the Rwandan Genocide of 1994 which took place 79 years after Rwanda was conquered by the Belgians in 1915 during World War I

America and the Holocaust: Responsibility for America's failure David S. Wyman, 1991

Nothing to Speak of Sofie Lene Bak, 2011 In October 1943 Adolph Hitler ordered the mass arrest of Jews in Denmark While many Danish Jews were rounded up and deported to concentration camps thousands fled to Sweden in one of the most successful and famous rescue operations of Jews in wartime Europe Based on more than one hundred interviews Nothing to

Speak Of sheds new light on this rescue operation telling the story of what happened to these survivors after October 1943 This richly illustrated volume is the first to deal with the long term consequences of escape exile and deportation during this harrowing time for Danish citizens uncovering deep and painful memories that still haunt many survivors today *The Morality of Self-Defense and Military Action* David B. Kopel,2017-02-16 Shedding new light on a controversial and intriguing issue this book will reshape the debate on how the Judeo Christian tradition views the morality of personal and national self defense Are self defense national warfare and revolts against tyranny holy duties or violations of God s will Pacifists insist these actions are the latter forbidden by Judeo Christian morality This book maintains that the pacifists are wrong To make his case the author analyzes the full sweep of Judeo Christian history from earliest times to the present combining history scriptural analysis and philosophy to describe the changes and continuity of Jewish and Christian doctrine about the use of lethal force He reveals the shifting patterns of thought in both religions and presents the strongest arguments on both sides of the issue The book begins with the ancient Hebrews and Genesis and covers Jewish history through the Holocaust and beyond The analysis then shifts to the story of Christianity from its origins through the Middle Ages and the Reformation up to the present day Based on this scrutiny the author concludes that contrary to popular belief the legitimacy of self defense is strongly supported by Judeo Christian scripture and commentary by philosophical analysis and by the respect for human dignity and human rights on which both Judaism and Christianity are based *Sandstorm: Policy Failure in the Middle East* Leon Hadar,2015-03-31 The time has come for a serious debate on the future involvement of the United States in the Middle East and this original and provocative analysis challenges the prevailing wisdom of the Washington foreign policy establishment Hadar provides a sweeping reexamination of the conceptual bases of American policy and proposes a strategy of constructive disengagement from the region a policy of benign neglect as a way of promoting the interests of the United States as well as those of the people of the Middle East In *Sandstorm* Hadar calls for regional states and the European Union to take increased responsibility for security economic growth and political stability This bold and innovative critique will inject new energy into the policy debate ***The Holocaust Encyclopedia*** Baumel Judith Tydor Laqueur Walter, Walter Laqueur, Judith Tydor Baumel,2001 The Holocaust has been the subject of countless books works of art and memorials Fiftyfive years after the fact the world still ponders the enormity of this disaster The Holocaust Encyclopedia is the only comprehensive single volume work of reference providing both a reflective overview of the subject and abundant detail concerning major events policy decisions cities and individuals Up to date and designed for easy access the encyclopedia presents information on the major aspects of the Holocaust in essays by scholars from eleven countries who draw on a number of sources including recently uncovered evidence from the former Soviet bloc to provide in depth studies on the political social religious and moral issues of the Holocaust as well as short entries identifying events sites and individuals The book also has more than 250 photographs many of them rare and 19 maps The volume includes Raul Hilberg on

concentration camps and Gypsies Ruth Bondy Israel Gutman and Dina Porat on major ghettos Roger Greenspan on the Holocaust in cinema and television Richard Breitman on American policy Michael Berenbaum on theological and philosophical responses Saul Friedlander on Nazi policy Michael Hagemister on the Protocols of the Elders of Zion Michael R Marrus on historiography Christopher R Browning on the Madagascar Plan Robert S Wistrich on Holocaust denial James E Young on Holocaust literature
