The Holocaust In History Tauber Institute For The Study Of European Jewry:

Memoirs Hans Jonas, 2021-04 Jonas was a veritable intellectual celebrity in Germany owing to the runaway success of his 1979 book *The Imperative of Responsibility* an extra ordinarily timely work that mediates between humankind's enormous technological capacities and its diminished moral sensibilities The book became something of a cultural shibboleth Jonas himself became a celebrated public intellectual For Jonas this development must have been enormously gratifying In the 1920s Jonas studied philosophy with Edmund Husserl and Martin Heidegger at universities in Marburg and Freiburg but the Nazi regime's early attempts to Aryanize the universities forced Jonas to leave Germany for London He emigrated to Palestine in 1935 and eventually enlisted in the British Army's Jewish Brigade to fight against Hitlerism Following the Israeli War of Independence in which he also fought he emigrated to the US and took a position at the New School for Social Research in New York He became part of a circle of friends around Hannah Arendt and Heinrich Blücher which included Adolph Lowe and Paul Tillich Because Jonas's life spanned nearly the entire twentieth century this memoir provides nuanced pictures of a host of important historical moments of German Jewry during the Weimar Republic of German Zionism of the Jewish emigrants in Palestine during the 1930s and 1940s and of German Jewish emigre intellectuals in New York In addition Jonas outlines the development of his work beginning with his studies under Husserl and Heidegger and extending through his later metaphysical speculations about God after Auschwitz

Israeli Holocaust Research Boaz Cohen, 2013 An exploration of the development of Holocaust research in Israel this book ranges from the consolidation of Holocaust research as an academic subject in the late 1940s to the establishment of Yad Vashem and beyond Research on the story of historiography is often a work on books on the final products that fill academic bookshelves yet in *Israeli Holocaust Research* Boaz Cohen illustrates that the evolution of Holocaust research in Israel has a more human element to it Drawing on knowledge gained through seven years of work in ten major archives in Israel the author reveals a previously unseen picture of the development of Israeli Holocaust research from below and of the social and cultural forces influencing its character In doing so a new facet to the picture emerges of the story beyond the archive and the people who see Holocaust research as their mission and responsibility This book will be

a fascinating addition to the study of Holocaust research and will be of particular interest to students of history historiography and Jewish studies

Holocaust Mothers and Daughters Federica K. Clementi, 2013-12-03 In this brave and original work Federica Clementi focuses on the mother daughter bond as depicted in six works by women who experienced the Holocaust sometimes with their mothers sometimes not The daughters memoirs which record the all too human qualities of those who were persecuted and murdered by the Nazis show that the Holocaust cannot be used to neatly segregate lives into the categories of before and after Clementi's discussions of differences in social status along with the persistence of antisemitism and patriarchal structures support this point strongly demonstrating the tenacity of trauma individual familial and collective among Jews in twentieth century Europe

Jewish History and Jewish Memory Yosef Hayim Yerushalmi, 1998 Publication of Yosef Yerushalmi's *Zakhor* in 1982 inspired a generation of scholarly inquiry into historical images and myths the construction of the Jewish past and the making and meaning of collective memory Here eminent scholars in their respective fields extend the lines of his seminal study into topics that range from medieval rabbinics homiletics kabbalah and Hasidism to antisemitism Zionism and the making of modern Jewish identity Essays are clustered around four central themes historical consciousness and the construction of memory the relationship between time and history in Jewish thought the demise of traditional forms of collective memory and the writing of Jewish history in modern times

Jewish Philosophical Politics in Germany, 1789-1848 Sven-Erik Rose, 2014-08-05 In this book Rose illuminates the extraordinary creativity of Jewish intellectuals as they reevaluated Judaism with the tools of a German philosophical tradition fast emerging as central to modern intellectual life While previous work emphasizes the subversive dimensions of German Jewish thought or the inner antisemitism of the German philosophical tradition Rose shows convincingly the tremendous resources German philosophy offered contemporary Jews for thinking about the place of Jews in the wider polity Offering a fundamental reevaluation of seminal figures and key texts Rose emphasizes the productive encounter between Jewish intellectuals and German philosophy He brings to light both the complexity and the ambivalence of reflecting on Jewish identity and politics from within a German tradition that invested tremendous faith in the political efficacy of philosophical thought itself

exile Strauss enlisted premodern Jewish thinkers such as Moses Maimonides and Baruch Spinoza who earlier addressed the problem of reconciling their competing loyalties as philosophers and Jews This is the first study to frame Strauss's political philosophy around his critique of liberalism and the problem of exile Sheppard follows Strauss from Europe to the United States a journey of a conservative Weimar Jew struggling with modern liberalism and the existential and political contours of exile Strauss sought to resolve the conflicts of a Jew unwilling to surrender loyalty to his ancestral community and equally unwilling to adhere to the strictures of orthodox observance Strauss saw truth and wisdom as transcending particular religious and national communities as well as the modern enlightened humanism in which he himself had been nurtured In his efforts to navigate between the Jewish and the philosophical the ancient and the modern Berlin and New York Strauss developed a distinctively programmatic way of reading and writing between the lines Sheppard recaptures the complexity and intrigue of this project which has been ignored by those who both reject and claim Strauss's legacy *Philosophical Witnessing* Berel Lang, 2012-07-03 Fascinating philosophical inquiry into post Holocaust representations of the event in political theory ethics and aesthetics and an assessment of the limitations and promise of philosophical witnessing in relation to those issues **The Jews of Bialystok During World War II and the Holocaust** Sara Bender, 2008 Jewish society as an active protagonist in the story of the Holocaust The Reluctant Modernism of Hannah Arendt Seyla Benhabib, 2003-07-01 Interpreting the work of one of the most influential thinkers of the 20th century The Reluctant Modernism of Hannah Arendt rereads Arendt's political philosophy in light of newly gained insights into the historico cultural background of her work Arguing against the standard interpretation of Hannah Arendt as an anti modernist lover of the Greek polis author Seyla Benhabib contends that Arendt's thought emerges out of a double legacy German Existenz philosophy particularly the thought of Martin Heidegger and her experiences as a German Jewess in the age of totalitarianism This important volume reconsiders Arendt's theory of modernity her concept of the public sphere her distinction between the social and the political her theory of totalitarianism and her critique of the modern nation state including her life long involvement with Jewish and Israeli politics **Resplendent Synagogue** Thomas C.
