The Reader's Holy Bible Volume 3 Devoted Friends of God, 2017-04-30 This Reader's Bible series is capitalizing on a new type of Holy Bible that has become more popular over the last few years and one that is closer to the original than not. It dispenses with chapter and verse numbers they weren't added until the 1200s and puts the books that were originally together 1st and 2nd Chronicles, Ezra and Nehemiah etc. back into single books. This is not to say you should abandon your other Holy Bibles for this one. They all have a purpose whether it is a study Bible, a reader's Bible or any other type of Bible. We made this particular one at the size we did so it is easier to carry, easier to hold and easier to read. We used a larger text size against cream colored paper so it is easier to read outdoors in bright sunlight as well as indoors at night under a single lamp. We split the Holy Bible up into five separate volumes so it is easier to carry and you can bring just what you're currently reading instead of one large bulky Bible. *Lange's*

Commentary on the Holy Scripture, Volume 3 Lange, John Peter, All sixty three of the original volumes are included in a nine volumes set. There are two linked indexes in this volume: a main index at the front of this volume that will take you to the beginning of each of the books of the Bible and another index at the beginning of each book where there is a linked scripture index leading to the particular subject. Lange's Commentary on the Old and New Testaments translated, revised, edited and enlarged from the German editions of John Peter Lange and many contributors and edited by Philip Schaff. Lange's Commentary on the entire Bible has remained one of the most useful and valuable works of its kind. It is conservative in theology and universal in hermeneutics. Delmarva Publications is proud to make it available in digital format. The original work was completed in 63 volumes but we have made it available in 9 volumes: they are Volume 1: Genesis to Ruth, Volume 2: 1 Samuel to Esther, Volume 3: Job to Ecclesiastes, Volume 4: Song of Songs to Lamentations, Volume 5: Ezekiel to Malachi, Volume 6: Matthew to John, Volume 7: Acts to 2 Corinthians, Volume 8: Galatians to 2 Timothy, Volume 9: Titus to Revelation.

Rationalising the Bible — Volume 3: The New Testament Ivy Bedworth, 2016-05-23 Rationalising the Bible is a collection of volumes that cover the books of the Old and New Testaments of the Holy Bible. Written by mostly unidentified authors, the Bible is generally attributed with being the moral compass of the world of Judeo-Christian religious adherents. In fact, the Bible is mostly mythological history, inaccurate science, exaggerated reports of violence and discrimination against the people who settled the Fertile Crescent and a set of laws plagiarised from those already in existence in the area. Even the writing of it claimed to be that of the patriarchs can clearly be identified in the reading of it as belonging rather to a period when all people in the civilised world were writing their stories. It was not written as atheists often charge by illiterate nomadic tribespeople in pre-history. Instead, it was written by politicians and priests at a time when the western civilisations were making their mark on the world's politics.
