The Horse Trader

Anne McFarlane

The Horse Trader:

Horse Trader Will Welton, 2011-04-15 In the west you had horse traders that could sell anything with a lie Then you had horse traders that really knew their business and were honest in their dealings When I was growing up in Oklahoma I had the pleasure of knowing both kinds of horse traders The horse traders that would lie to you about the health or what was not straightforward about an animal were the kind that did not have much of a repeat of customers Word would get out on the trader and not many people would be trading or buying a horse from this type of trader The horse traders that told the person the honest truth about the animal and still be able to satisfy the persons need in a horse had always repeated customers These men would have people tell other people that he had never saw before and they would know that they would get an honest deal These old time horse traders could take a horse that was in poor health or people thought the horse was ready for the glue factory so to speak all most dead and bring the poor creature back to health My step father Frank Wesley Johnson was such of a trader The herbal mixtures wrote about in this book were some of many he used in getting horses healthy He used such remedies on horse cattle and us kids from time to time It the early 1900 s he was know to trade horses several times near Cache Oklahoma with Frank James and J Frank Dalton who he said until the end that it was the Jessie James he met when he was a boy at his fathers Green W Johnson home on Only Creek near Stigler Indian Territory Some of the horse traders were just local men that did not travel more than a hundred or so miles from home While other horse traders might range from the Gulf of Mexico to the Canadian border and from the Mississippi River to the Ari zona territory These traders usually had a covered wagon and might have ten or more horses strung out behind the wagon on a lead line These men would have people hear of their trading skills and a person might travel fifty miles to the trader that was honest

The Horse Trader James Keene, 1968 *Mister, You Got Yourself a Horse* Roger L. Welsch, 1987-02-01 Plains folklorist Roger L Welsch has edited a lively collection of stories by some master yarnspinners those old time traveling horse traders Told to Federal Writers Project fieldworkers in the 1930s these stories cover the span of horse trading human and equine trickery orneriness debility and generosity *The Horse Trader* Dave Sargent, 2007 Red Muldoon decides to quit his job and go west with his best horses Sam Aldred a Colorado cowboy wants to ride Red s fast and spirited grey gelding **Horse Trading in the Age of Cars** Steven M. Gelber, 2008-10-01 The trading selling and buying of personal transport has changed little over the past one hundred years Whether horse trading in the early twentieth century or car buying today haggling over prices has been the common practice of buyers and sellers alike Horse Trading in the Age of Cars offers a fascinating study of the process of buying an automobile in a historical and gendered context Steven M Gelber convincingly demonstrates that the combative and frequently dishonest culture of the showroom floor is a historical artifact whose origins lie in the history of horse trading Bartering and bargaining were the norm in this predominantly male transaction with both buyers and sellers staking their reputations and pride on their ability to negotiate the better deal Gelber comments on this point of sale

behavior and what it reveals about American men Gelber's highly readable and lively prose makes clear how this unique economic ritual survived into the industrial twentieth century in the process adding a colorful and interesting chapter to the history of the automobile **The Horse Trader** Lynn Hall,1983-03-01 A naive young girl learns the value of responsibility when she refuses to sell a lame horse and must care for the mare's new colt **The Horse Trader** Wade Everett,1972

Through The Wooden Men Lane Zen Lee,2014-01-28 The country has just been conquered by the Manchus who would go on to rule China for 267 years ending in 1911 The dynasty changes from Ming to Qing Anti Manchu activists work hard to drive out the Manchus and form a Triad Society to overthrow the Qing and restore the Ming Foremost in their priorities is to enlist the Shaolin Monastery to their cause The three young heroes grow up in the monastery where they develop superior kung fu skills They must save Shaolin Monastery from falling into the hands of the Triad Society The young Manchu Emperor Kang Xi finds himself in Shaolin When the power hungry Regent Oboi hears of the Emperor's whereabouts he sends out his assassins The youngsters must protect the emperor and help him seize back power from the evil regent Finally there is the graduation test in which Shaolin disciples must fight their way through the Wooden Men Lane This fast paced novel traces the history of Shaolin Monastery and kung fu while following the trials of Flint Bussie and Tobie as they learn the skills they will need in their fight against evil and to become real Heroes of Shaolin **The Horse Trader** Brendan Fagan,2001 When Harry Rodriguez's wife and son died he decided to head out for pastures new First off he met a couple of decent kids but they were soon killed by Slim Loxton and his gang after they had kidnapped Kate Battersby off a stage Now everyone was playing for high stakes indeed **Horse Tradin'** Ben K. Green,1999-08-01 A collection of twenty anecdotes about the Texas West specifically tales from the corrals livery stables and wagonyards by the old horse traders The author is a semi retired veterinarian **Tales of an Old Horse Trader** Leroy Judson Daniels,1991 **Learning to Talk Shop** Susan E. Phillips,2025-08-12 A new account of premodern education that offered non elite readers lessons in navigating the premodern marketplace Learning to Talk Shop explores the phrasebooks and guides to conversations that flooded the marketplace in the fifteenth and sixteenth centuries making a virtual classroom available to an audience who could not afford or did not have access to formal education Privileging market share and mercantile savvy over moral instruction and linguistic mastery these mischievous little books offered readers lessons in the pragmatic and murky ethics of the premodern marketplace teaching them bargaining tactics insults pick up lines and strategies for welching on debts Revealing what happens when language learning itself undergoes a translation out of the classroom into the marketplace and further down the social ladder Susan E Phillips offers a new account of premodern education not through erudite tomes and schoolmaster

sovereigns but through these practical books that enabled non elite readers to thrive in an environment not particularly conducive to their success Phillips asks what we learn and whom we can see when we look at premodern education from this humbler more mischievous perspective telling the tales of resourceful chambermaids savvy black stableboys and arithmetically adept barmaids as well as the story of a schoolgirl who compiled a textbook of her own and the narrative of a black schoolmaster teaching in Shakespeare s London In these stories Phillips finds the liberatory potential in a discourse that has previously been read as upholding traditional social hierarchies in the premodern period If we expand our archive beyond the Latin textbooks of the grammar school classroom to include these bestselling bi and multilingual vernacular textbooks Phillips contends we can see a radically different set of possibilities a premodern pedagogy that is more expansive more flexible and more inclusive
