 have conceived of them as both domesticated and free both belonging to our civilization and to the wild At first ours was an
 encounter of death as prehistoric humans hunted horses all across the steppes of Asia and throughout Europe But they also
 painted horses full of grace and beauty on the walls of their caves and gave them a central place in their songs and sacred
 rituals Long before the invention of writing and the wheel horses began to shape the way humans lived Drawing on
 archaeology biology art literature and ethnography Horse illuminates the relationship between humans and horses
 throughout history from Alexander the Great to Genghis Khan from the Moors in Spain and the knights in France to the great
 horse cultures of native America From the Ice Age to the Industrial Age horses have provided sustenance transportation
 status companionship and the ability to establish and expand empires Included are stories of horses at work at war and at
 play both wild horses and famous horses in paintings books and movies Horse looks at the ancient traditions of horse trading
 and horse stealing horse racing and games with horses and at rodeos and circuses jumping and dressage It compares
 techniques of training and traditions of breeding from the Persians to the Nez Perce from Lippizaners to Percherons and
