literature and Books of Hours and pairs them with three kinds of theatrical performances that enact resistance to disciplining codes Robin Hood performances morality plays and Corpus Christi pageants She considers the contradictions and inconsistencies in the repressive official discourses and analyzes the ways in which the staging of forbidden acts like cross dressing social and sexual misbehavior and violence against the body challenged these discourses Drawing on recent social theory Drama and Resistance is an important contribution to medieval studies and the history of theater

The Flemish Primitives Musées royaux des beaux-arts de Belgique, Anne Dubois, 1996 The fifth volume examines all the works painted by anonymous masters Most works of the 15th and early 16th centuries are not signed Several of these works have not proved possible to attribute to a known painter or to a master with a provisional name These works labelled as anonymous have been little studied until now because they are in general thought to be of lesser quality and because researchers have prioritised the study of more important masters It is however becoming increasingly apparent that these reflect the ongoing production of the time in the Southern Netherlands Beside the fact that these paintings represent the themes that enjoyed a certain popularity at the time their study opens perspectives onto the socio economic context and workshop practice These paintings could be destined for a broad market and betray different working methods allowing for swift execution in several copies Furthermore two of these anonymous works dating from around 1400 or a little bit later rank amongst the rare representatives of pictorial production in the Southern Netherlands prior to the technical innovations introduced by the Flemish Primitives This production is by convention called pre Eyckian painting
