*Eco-Homes* Doctor Jenny Pickerill, 2016-01-15 It is widely understood that good affordable eco housing needs to be at the heart of any attempt to mitigate or adapt to climate change This is the first book to comprehensively explore eco housing from a geographical social and political perspective It starts from the premise that we already know how to build good eco houses and we already have the technology to retrofit existing housing Despite this relatively few eco houses are being built Featuring over thirty case studies of eco housing in Britain Spain Thailand Argentina and the United States Eco Homes examines the ways in which radical changes to our houses such as making them more temporary using natural materials or relying on manual heating and ventilation systems require changes in how we live As such it argues it is not lack of technology or political will that is holding us back from responding to climate change but deep rooted cultural and social understandings of our way of life and what we expect our houses to do for us

**A Place to Call Home** Dr. Tom Obondo Okoyo, 2015-11-20 A Place to Call Home is a story of refugees no community wanted to see anywhere close to them as if they were good for nothing It is an epic portrayal of a painful dilemma of thousands of homeless internally displaced persons IDPs who were victims of the highly contested and disputed presidential election The novel is a true tear jerking reflection of a botched election in December 2007 and January 2008 which culminated into a postelection violence that brutally killed almost there thousand innocent people Some were burned alive inside a church Gods territory as they called where they had taken safe haven About seven hundred thousand people were forcibly removed from their homes some took refuge at police stations while others fled to neighboring countries to remain alive Business premises vehicles and

other properties worth billions of shillings were destroyed and domestic animals were stolen This spate of violence happened at a time when thousands of ethnic militias heavily armed with homemade crude weapons were chanting war slogans and singing traditional war songs everywhere in the country Loyal to their respective presidential candidates the militias roamed the streets of towns and villages making every journey perilous Enemies who got caught were beheaded and their heads were paraded or displayed on the main highways Women were seized and gang raped by the militias and got infected with the deadly HIV AIDS virus Amazingly communities turned their backs against the combined IDPs who were looking for a permanent settlement calling them foreigners invaders or land grabbers in their own country Breathing under such horrifying circumstances all IDPs drawn from various tribes resolved to live together in peace and harmony and to prove to the world that they could live with people from other communities without any problem in spite of their language and cultural barriers The idea of living together was instilled in the IDPs by VP Nyandege who emerged as the leading light in their plight and the quest for what they could call home VP Nyandege won a special place in fellow IDPs hearts and made them believe that life was worth fighting for For seven years these IDPs have been living in squalid conditions or in makeshift camps waiting to be settled as promised by the ruling elite The IDPs lived in rough and ready dwellings with no food water toilet facilities social amenities or sanitation at all They were living in a world of their own no laws rules or culture to observe The fate of these IDPs is reminiscent of the Jews when they lived in Europe and were rejected by people in all countries after World War II and consequently had no place to call their home After seven years in isolated makeshift camps the IDPs were offered land to settle on by the Biblical Good Samaritan to prove that tribal groups once sworn enemies could live together peacefully and harmoniously And now these IDPs would like to build the countrys first utopia the same way the Israelis have transformed the desert land of Israel into another biblical Promised Land of Canaan the land of milk and honey This unfortunate event was disseminated throughout the world by the mass media

**The Homelessness of Being** Prashan Ranasinghe, 2025-03-14 The Homelessness of Being invites readers to consider what it means to be human This dialogue between sociology and the early and middle phases of Heidegger s writings argues that to be human is to be homeless This homelessness is not one of materiality of being houseless but one that is ontological the homelessness that constitutes the essence of humanity where one is disconnected from the essence of one s self or being Prashan Ranasinghe theorizes this homelessness as an indeterminate nothingness where the notion of being is unsettled because it is an amalgam of something and nothing More broadly the book adds to existing debates about whether especially after the global pandemic the social sciences have failed to explore everyday affects such as anxiety and boredom as revelatory of the essential homelessness of being human It will interest philosophers sociologists and scholars engaging with Heidegger s ideas
