The House Of Many Faces:

The House of Many Faces Konstantina Dimitra Mahlia, 2004-08 An autobiography written by the author using third person style Rooms in her home are means for recalling and describing her eventual escape from an unhappy marriage and the expectations of multicultural traditions

The House Of Many Faces Konstantina D Mahlia, 2024-12-02 The House of Many Faces was first written as an English Honors Thesis It was created and structured to be a social inquiry The house this work of art and artistic expression became vehicle and avatar of a young woman s life What had formed her wounded her held her sustained her medicated her and without malice held her captive but also most importantly had kept her alive A grand home seems to inevitably hold ego and prestige for most but for an artist creation is soul and succor The house had to be revealed in a materialistic social construct not an artist s construct so to reveal how beauty could be twisted and contorted into a prison itself contained within a caste system that valued all things above the value of human life The things needed their own capstone and chapter so the inverse could become the uverse to tear them open and deconstruct them The chapter headings were designed to give importance and character to abstract concepts made into behavioral metaphors too embedded within the house itself The house was a labyrinth with trappings and secrets As with the myth of the minotaur it wasn t supposed to ever release its key character Bottles dolls a memento sandals a ring money gates all became character and muse angel and demon At this stage twenty years later I the author do believe in the quantum field and the interconnectivity of everything Energy and vibration create substance and matter made material by consciousness So while crafting this tale I was subconsciously hyper aware without the depth of understanding I have today Yet the work is proof my subconscious understood how to connect the dots perfectly well and even weave them into a relatable storyboard that was an accessible series of parables without being didactic or parsimonious The House of Many Faces tells of the universal in the particular and yes that is an intentional play on words with more relevance today than twenty years ago Why The teacher has her students They weren t ready before Neither was she

The Islamic Context of The Thousand and One Nights Muhsin J. al-Musawi,2009-05-13 In this fascinating study Muhsin J al Musawi shows how deeply Islamic heritage and culture is embedded in the tales of The Thousand and One Nights known to many as the Arabian Nights and how this integration invites readers to make an Islamic milieu Conservative Islam dismisses The Thousand and One Nights as facile popular literature and liberal views disregard the rich Islamic context of the text Approaching the text with a fresh and unbiased eye al Musawi reads the tales against Islamic schools of thought and theology and recovers persuasive historical evidence to reveal the cultural and religious struggle over Islam that drives the book s narrative tension and binds its seemingly fragmented stories Written by a number of authors over a stretch of
