Besides classical object recognition the book shows the use for detection of human poses in a project for gait analysis The use of activity detection is presented for the design of environments for ageing to identify activities and behavior patterns in smart homes In a presented project for parking spot detection using an intelligent vehicle the proposed approaches are used to hierarchically model the environment of the vehicle for an efficient and robust interpretation of the scene in real time

Finding the Valuable Person Chris Steed,2023-06-13 Finding the Valuable Person proposes a new form of therapy The big theme is that experiences of being devalued when we are not seen or heard diminished or suffer indignities evoke responses that show up in distress clients bring These reactions show a prime human need for our personhood to be valuable and validated that generates soul hungers for connection desire significance and hope that are largely unconscious It is a fundamental drive that can be explored with clients in the way we are relational embodied makers of meaning and respond to agency and dignity This constitutes four domains of the REMA approach to therapy developed in this book Every counseling approach has its presuppositions most describe the human person as an individual entity separated from social context REMA pays attention to both REMA is theologically attuned but also incorporates realities such as gender and race that have reshaped society profoundly For the alignment of biblical faith and counseling psychology it is profoundly important to be attuned in both directions REMA is not only an innovative theoretical approach it is a working model currently offered in a community setting but of wider application Anyone can use it The Worker at Work T. M. Fraser,1989-09-14 Concerned with the definition organization and solution of work oriented problems besetting men and women in the workplace this book embraces elements of ergonomics occupational hygiene and health The book would be of use to managers and those concerned with human problems at work **Library of Congress Catalog: Motion Pictures and Filmstrips** Library of Congress,1968
