Swoon Betsy Prioleau, 2013-01-28. Lose yourself. *Swoon* has wicked fun answering that age old query: What do women want? Chicago Tribune. Contrary to popular myth and dogma the men who consistently beguile women belie the familiar stereotypes: satanic rake alpha stud slick player Mr Nice or big money mogul. As Betsy Prioleau author of *Seductress* points out in this surprising insightful study legendary ladies men are a different complex species altogether often without looks or money. They fit no known template and possess a cache of powerful erotic secrets. With wit and erudition Prioleau cuts through the cultural lore and reveals who these master lovers really are and the arts they practice to ensnare women. What she discovers is revolutionary. Using evidence from science popular culture fiction anthropology and history and from interviews with colorful real world ladykillers Prioleau finds that great seducers share a constellation of unusual traits. While these men run the gamut they radiate joie de vivre intensity and sex appeal above all they adore women. They listen praise amuse and delight and they know their way around the bedroom. And they've finessed the hardest part: locking in and revving desire. Women never tire of these fascinators and often like Casanova's conquests remain besotted for life. Finally Prioleau takes stock of the contemporary culture and asks: where are the Casanovas of today? After a critique of the twenty first century sexual malaise the gulf between the sexes and women's record discontent she compellingly argues that society needs ladies men more than ever. Groundbreaking and provocative *Swoon* is underpinned with sharp analysis brilliant research and served up with seductive verve.

Tantra & Erotic Trance John Ryan Haule, 2012. In Volume One of this study *Outer Work* we described managing our orgasmic response so as to cultivate erotic trance the altered state of consciousness that is the foundation of all Tantric activity and we used it to climb the diamond ladder of mystical ascent to a rung characterized by the management of overwhelming emotions. Now in Volume Two *Inner Work* we turn our attention away from outer goals having to do with our physiology and our relation to society at large and its prescriptions to the much more subtle interior changes occurring in our consciousness. Continuing our climb up the rungs of the diamond ladder we are introduced to the landscape of mysticism a topography whose several regions are each characterized by the mastery of a different psychological capacity.

Yoga gives us an interior ladder in the form of the subtle body that is comprised of the chakras each of which opens onto a distinctly different emotional realm In this work our feeling function becomes highly differentiated Tibetan mandala meditation disciplines our imaginative capacity as we bring the heavenly palace of copulating gods and goddesses into being By cultivating emptiness we pare away our attachments to the memories that have been holding us back and the aspirations that narrow our future so that we can dwell in the present moment without the props of doctrine and method Passing beyond our personal self we are introduced to the divine oneness of the cosmos pulsing between accomplished union and the vision of that with which we are united We return from such ecstasy to live our temporal lives on two planes simultaneously as spiritual wayfarers

Challenging Casanova Andrew P. Smiler, PhD, 2012-10-10 Changing perceptions about male sexuality In his groundbreaking new book noted expert on teenage and adult masculine behavior Andrew Smiler debunks the myth that teenage boys and young men are barely able to control their sex drives which may lead to destructive hyper sexuality unwanted pregnancy and sexually transmitted diseases Dr Smiler helps us recognize that the majority of boys and men do not fit this stereotype and that boys sexual development is multi faceted He also shows how this shift in attitude could help create young men who are more mature and have better relationships with partners and friends Explains how the Casanova Complex has developed over time and how it can hurt young males Provides the latest research on male sexuality including information from the author s own studies Offers guidance for parents and counselors of boys who want to help them develop lasting and meaningful relationships as well as for the parents of girls who are dating This book dismantles the stereotype of boys as driven only by an obsession with having intercourse with multiple partners and calls for deeper growth and understanding of modern masculinity
