The Cast Of Character Style In Greek Literature

Nancy Worman

The Cast Of Character Style In Greek Literature:

The Cast of Character Nancy Worman, 2010-01-01 Well before Aristotle's Rhetoric elucidated the elements of verbal style that give writing its persuasive power Greek poets and prose authors understood the importance of style in creating compelling characters to engage an audience And because their works were composed in predominantly oral settings their sense of style included not only the characters manner of speaking but also their appearance and deportment From Homeric epic to classical tragedy and oratory verbal and visual cues work hand in hand to create distinctive styles for literary characters In this book Nancy Worman investigates the development and evolution of ideas about style in archaic and classical literature through a study of representations of Odysseus and Helen She demonstrates that as liars and imitators pleasing storytellers and adept users of costume these two figures are especially skillful manipulators of style In tracing the way literary representations of them changed through time from Homer's positive portrayal of their subtle self presentations to the sharply polarized portrayals of these same subtleties in classical tragedy and oratory Worman also uncovers a nascent awareness among the Greek writers that style may be used not only to persuade but also to distract and deceive

Character, Narrator, and Simile in the Iliad Jonathan L. Ready, 2011-04-11 Jonathan L Ready offers the first comprehensive examination of Homer's similes in the Iliad as arenas of heroic competition This study concentrates primarily on similes spoken by Homeric characters The first to offer a sustained exploration of such similes Ready shows how characters are made to contest through and over simile not only with one another but also with the narrator Ready investigates the narrator's similes as well He demonstrates that Homer amplifies the feat of a successful warrior by providing a competitive orientation to sequences of similes used to describe battles He also offers a new interpretation of Homer's extended similes as a means for the poet to imagine his characters as competitors for his attention Throughout this study Ready makes innovative use of approaches from both Homeric studies and narratology that have not yet been applied to the analysis of Homer's similes

Characterization in Ancient Greek Literature Koen De Temmerman, Evert van Emde Boas, 2017-11-01 Characterization in Ancient Greek Literature is the fourth volume in the series Studies in Ancient Greek Narrative The book deals with the narratological concepts of character and characterization and explores the textual devices used for purposes of characterization by ancient Greek authors spanning a large historical period from Homer to Heliodorus and a variety of literary genres epic elegy historiography choral lyric drama oratory philosophy biography and novel The book's aim is not only to describe these devices but also to investigate their effects and the implications of their use for our interpretation of the texts

Euripides: Hecuba Euripides, 2018-01-11 A new interpretation of a Greek tragedy on the fall of Troy do violence war and slavery make people less human

Euripides: Hecuba Luigi Battezzato, 2018-01-11 Hecuba was the most widely read play of Euripides from antiquity to the Renaissance appealing to readers and spectators for its controversial treatment of moral themes revenge war and slavery violence human sacrifice gender and ethnic relations It

narrates the death of Hecuba's daughter Polyxena sacrificed by the Greeks to placate the ghost of Achilles and that of her son Polydorus killed out of greed by the Thracian king who was supposed to protect him. Hecuba successfully plots a cruel and shocking revenge against the killer. The play is now at the centre of the attention of scholars and performing artists. This edition offers new textual and interpretive suggestions and provides detailed guidance on problems of language as well as employing conceptual tools from contemporary linguistics. It will be useful for upper level undergraduates and graduate students as well as of interest to scholars.

Homeric Receptions Across Generic and Cultural Contexts Athanasios Efsthathiou, Ioanna Karamanou, 2016-07-11 This collective volume provides a fresh perspective on Homeric reception through a methodologically focused interdisciplinary investigation of the transformations of Homeric epic within varying generic and cultural contexts. It explores how various aspects of Homeric poetics appeal and can be mapped on to a diversity of contexts under different socio-historical, intellectual, literary and artistic conditions. The volume brings together internationally acclaimed scholars and acute young researchers in the fields of classics and reception studies, yielding insight into the varied strategies and ideological forces that define Homeric reception in literature scholarship and the performing arts, theatre, film and music, and shape the horizon of expectations of readers and audience. This collection also showcases that the wide-ranging migration of Homeric material through time and across place holds significant cultural power, being instrumental in the construction of new cultural identities. The volume is of particular interest to scholars in the fields of classics, reception and cultural studies, and the performing arts, as well as to readers fascinated by ancient literature and its cultural transformations.

Solon the Athenian, the Poetic Fragments Maria Noussia Fantuzzi, 2010-12-10 This book illuminates the authoritative voice of Solon of Athens by an integrated literary, historical and philological approach and the use of a range of hermeneutic frameworks from literary theory to oral poetics.

Homer: Iliad Book III Homer, 2019-09-12 One of the most diverse books in the Iliad, Book III moves between intimate scenes in the heart of Troy and scenes serious and comic on the battlefield. It describes a major ritual in an elaborate oath-swearing, assigns a major role to divine intervention, introduces and characterises the main Trojan actors and reveals more about their Greek counterparts. The commentary discusses the styles of Homeric narrative, illustrating especially its economy and sophisticated handling of different time scales. It situates the Iliad in its broad cultural and historical contexts through consideration of the relationships between Greece and the Anatolian, Mesopotamian and ancient Indian cultures, particularly regarding shared story patterns and ritual activity. An account is given of Troy's relationships with the Hittite empire and the vexed question of the historicity of the Trojan War. Also provided is a full historical account of Homeric language. The edition will be indispensable for students and instructors.

Homer's Iliad Martha Krieter-Spiro, 2015-07-31 This commentary on the 3rd book of the Iliad concentrates on the interpretation of the ceremonial single combat between the rivals for Helen, Paris and Menelaus, a scene that reflects the origins of the Trojan War. The famous parade before the walls presents Agamemnon, Odysseus and Ajax and reveals just how

much in love Paris and Helen are in spite of internal and external conflicts The Epic World Pamela Lothspeich, 2024-01-30

Reconceptualizing the epic genre and opening it up to a world of storytelling The Epic World makes a timely and bold intervention toward understanding the human propensity to aestheticize and normalize mass deployments of power and violence The collection broadly considers three kinds of epic literature conventional celebratory tales of conquest that glorify heroism especially male heroism anti epics or stories of conquest from the perspectives of the dispossessed the oppressed the despised and the murdered and heroic stories utilized for imperialist or nationalist purposes The Epic World illustrates global patterns of epic storytelling such as the durability of stories tied to religious traditions and or to peoples who have largely stayed put the tendency to reimagine and retell stories in new ways over centuries and the imbrication of epic storytelling and forms of colonialism and imperialism especially those perpetuated and glorified by Euro Americans over the past 500 years resulting in unspeakable and immeasurable harms to humans other living beings and the planet Earth The Epic World is a go to volume for anyone interested in epic literature in a global framework Engaging with powerful stories and ways of knowing beyond those of the predominantly white Global North this field shifting volume exposes the false premises of Western civilization and Classics and brings new questions and perspectives to epic studies
