Spencer-Wood,2012-12-09 In many facets of Western culture including archaeology there remains a legacy of perceiving
gender divisions as natural innate and biological in origin This belief follows that men are naturally pre disposed to public
intellectual pursuits while women are innately designed to care for the home and take care of children In the interpretation
of material culture accepted notions of gender roles are often applied to new findings the dichotomy between the domestic
sphere of women and the public sphere of men can color interpretations of new materials In this innovative volume the
contributors focus explicitly on analyzing the materiality of historic changes in the domestic sphere around the world
Combining a global scope with great temporal depth chapters in the volume explore how gender ideologies identities
relationships power dynamics and practices were materially changed in the past thus showing how they could be changed in
