The Children Act Review A Scottish Experience:

Scottish Libraries ,1994 *The Children Act Review* Carolyn Martin,1994 Section 19 of the Children Act 1989 requires local authorities to review and publicly report every three years on the provision of day care and childminding services in their area for children under eight The first Review was undertaken in 1992 **The Forgotten Kindertransportees** Frances Williams,2013-11-21 The Forgotten Kindertransportees offers a compelling new exploration of the Kindertransport episode in Britain The Kindertransport brought close to 10 000 unaccompanied children and young people to Britain on a trans migrant basis between 1938 and 1939 with an estimated 70% of these children being of the Jewish faith The outbreak of the Second World War turned this short term initiative into a longer term episode and Britain became home to the thousands that had been forced to migrate across the continent to flee the Nazis and the tragic Holocaust that would take place This book re evaluates and challenges misconceptions about the Kindertransportees experiences in Britain misconceptions that currently pervade Kindertransport scholarship It focuses on the particularity of the Scottish experience scrutinising misleading national pictures which have dominated existing literature and excluded this important part of the Kindertransport episode An estimated 8% of Kindertransportees were cared for in Scotland for the duration of the war years and this book demonstrates how national agendas were put into practice in a region that was far removed from the administrative and bureaucratic hub of London The Forgotten Kindertransportees provides original interpretations as it considers a number of important aspects of the Kindertransportees experiences in Scotland including those of a social political and religious nature This includes an examination of Scotland s philanthropic welfare solutions for the dependent trans migrant minor the role of Zionism and the impact of Scottish Jewry s particular approach to Judaism and a Jewish lifestyle upon broader life stories of Kindertransportees Using a vast body of new research material Frances Williams provides a fascinating and detailed examination of the Kindertransport that is region specific and one that is all the more important because of its specificity This is an important text for anyone interested in the Holocaust and the social history of those involved **Whitaker's Books in Print** ,1998 The Scottish Law Review and Sheriff Court Reports ,1909 Vols 29 47 1913 1931 and v 72 79 1956 1963 include Scottish Land Court reports v 1 19 and v 44 51 *The Scottish Law Review and Reports of Cases in the Sheriff Courts of Scotland* ,1903 **History of Scottish Child Protection Law** Norrie Kenneth McK. Norrie,2020-07-06 The first comprehensive account of how the law and practice of child protection in Scotland has developed from its earliest origins to the present day within the context of a changing world Key FeaturesPlaces the Scottish juvenile court in worldwide perspective and explores why the juvenile court ideals remain central to the contemporary children s hearing system in Scotland dealing with both child offenders and neglected and abused children Gives detailed analysis of the legislation and explores the parliamentary debates surrounding Acts including the Children Act 1908 the Adoption of Children Scotland Act 1930 the Children and Young Persons Scotland Acts 1932 and 1937 the Children Act 1948

the Social Work Scotland Act 1968 the Children Scotland Act 1995 and the Children and Young People Scotland Act 2014 Preserves in accessible form many long forgotten legal and social aims cases and secondary legislation Kenneth Norrie traces the assumptions that underlay child protection law at particular periods of time and identifies the pressures for change giving a clearer understanding of how and why the contemporary law is designed and operates as it does Particular issues are traced in legislative detail including court processes the changing thresholds for state intervention the increasing regulation of children's homes and foster care the developing rules on corporal punishment and the earlier practice of compulsory emigration to the colonies of children removed from their parents The transformation of adoption is also covered in comprehensive detail In drawing out key themes and common threads Norrie sets contemporary developments against their historical context and offers a fuller understanding of child protection law in Scotland
