The Christian Creed A Meditative Path:

The Christian Creed Hans-Werner Schroeder, 2009-02 A guide to the unique Creed of the Christian Community explained as a transforming spiritual path **The Christian Mystery** Rudolf Steiner, 1998 In this major collection Rudolf Steiner affirms the reality of esoteric Christianity and unveils many of its secret teachings His lectures are on the significance of the Mystery of Golgotha and of the Blood that flowed on the Cross the relationship of Christ and Lucifer or Love and Knowledge the various paths of initiation including the Christian Gnostic and Rosicrucian Paths and Steiner's early interpretations of St John's gospel and the sermon on the mount All of Steiner's lectures on the Lord's Prayer are also included as well as the version of the prayer that Steiner himself prayed throughout his life This is an excellent book for all those who want to deepen their understanding of the Western stream of Christian esotericism and Rudolf Steiner's approach to Christianity as a spiritual practice **Renewing Christianity** James H. Hindes, 1995-06 For Rudolf Steiner Christ's Incarnation and death on Golgotha were central events in earthly and cosmic history Humankind he said would evolve in time toward a spiritual awareness of Christ's presence in creation and the individual would no longer need institutionalized religious beliefs In this concise introduction to Steiner's ideas the author also describes the Christian Community which Steiner helped to establish as a movement for Christian renewal The Christian Community also called the Movement for Religious Renewal is an independent church founded in 1922 in Switzerland with the help of Rudolf Steiner The first American Congregation was founded in New York City in 1948 Further information can be found at the Christian Community website www.thechristiancommunity.org This is not only one of the best introductions to the Christian Community and its history but an excellent introduction to the whole of Rudolf Steiner's worldview known as spiritual science or Anthroposophy

The Four Gospels Christoph Rau, 2024-04-16 When a theologian speaks of the widespread misconception nowadays that faith is an intellectual holding of what is possible they underpin a wretched reduction of faith Since the interest of New Testament studies shifted to philosophical details the word of the Bible was treated intellectually thus shaking the foundation of faith in many people Christoph Rau Could a deeper cause of today's myriad human troubles be related to a dwindling or even nonexistent familiarity with the four New Testament Gospels of Matthew Mark Luke and John This is the view of Christoph Rau for whom today's prevailing approach to theological research which treats the ancient religious texts more as literary products than authentic records of spiritual experience is if anything a contributing factor in our modern alienation from the spirit In this book Rau presents the results of five decades of research demonstrating the independent structure of each of the four canonical Gospels Through clear analyses he illumines the distinctive stylistic features of each composition revealing the design principles through which the meaning and goal of each Gospel can be understood Beyond the intrinsic value of each Gospel the author draws on their special features to explain how the spiritual richness of the four written works is fully revealed only by considering the pre-Christian religions because each of the evangelists describes the incarnation of

the Son of God from the perspective of his own mystery religion Furthermore the author succeeds in showing that the Gospels despite their seeming contradictions are elements of a common organism This book is a translation from German of *Die Vier um den Einen Wesensart und spiritueller Hintergrund der Evangelien* Verlag Dr Dieter Winkler 2008 *Necessary Evil* Hans-Werner Schroeder,2005 The author shows that the roots of evil lie with angelic beings and discusses the prehistory of evil in heaven showing how the polarity of two kinds of evil with good as a balance between them manifests in earthly history education work human relationships sexuality religion and technology **The Christian Course, Or Helps to ...
