lives of the people that survived No one can add these things up nor can they count the cost in human suffering misery and pain nor the cost of men s souls lost all for the sake of man s vanity The current synopsis is catchy and intriguing This synopsis is well written and it will entice readers into picking this book up and reading it Cynthia Sherman Writer s Literary Publishing Services Critique Division *Fatal Flaw (Fatal Series, Book 4)* Marie Force,2021-10-15 Back from their honeymoon Senator Nick Cappuano and D C Police Lieutenant Sam Holland are ready for some normalcy after the whirlwind of their wedding but someone has other plans for them When Sam discovers wedding cards containing thinly veiled death threats she s not sure if she or Nick is the target Already on edge Sam and her team start investigating a series of baffling murders The victims are well liked with no known enemies and the murders are carried out in a clean and efficient manner Unable to find a clear motive for the deaths she feels like she s chasing her tail With no obvious connection between the victims Sam soon suspects that she may be the ultimate prize in the killer s clever game When the danger starts to hit a little too close to home she has two goals find the elusive murderer and manage to live long enough to enjoy her happily ever after

Novel Writing Prep Monica Leonelle,2018-08-29 For creative fiction writers who are writing their next novel Novel Writing Prep by USAT bestselling author Monica Leonelle takes you step by step through planning your novel over the course of 30 days You may be wondering is it possible to write 50 000 words in 30 days without it being a crap draft Yes You can write 50 000 good words on your novel in as little as a month as long as you prepare yourself After helping thousands of authors develop the skills to hit huge word counts in a short period of time I ve found one thing in common across all authors at all skill levels from those who have never written a novel to those who publish professionally This one thing not only helps writers get their book to make sense and read well on paper but also helps them write it faster in the first place And it s simple You must know what you are going to write before you write it That s it The results Most writers can at least double their writing speed some can triple it meaning they can do twice as many words in the same time period as they were doing before Additionally these writers encounter fewer bouts of writer s block and are more likely to see their book in print down the line Novel Writing Prep takes you through a simple flexible easy to implement outlining process that will give you a skeleton of ideas for completing a marathon writing month And best of all you can go through all 30 planning prompts in just a few minutes a day over 30 days or you can complete a pizza and netflix and writing binge over a weekend Doesn t matter your skill level your writing experience or how you prefer to write a first draft For plotters pantsers newbies veterans and everyone in between let Novel Writing Prep help you plan your novel before writing it so you can write an awesome book faster Are you ready to go all in and say yes to a fun filled exciting productive adventure in writing The world needs your book Grab Novel Writing Prep today and make it happen **Fatal Flaw** Ginna Gray,2014-07-15 A serial killer is targeting the women of Mears Colorado and so far the police have nothing to go on Detective Casey O Toole is assigned to jump start the investigation and she discovers two unsettling facts the victims were all patients of a prominent plastic surgeon and each

The Creation of Sustainable Value Guy McManus, Marcus Powe, 2009 To most people the term value only relates to money Value is much more than this and often occurs at three different levels the individual the organisation and the community Creating sustainable value is the process of linking these three levels The glue that holds them together comprises the creative mindset and the tools of innovation and when linked they can create enduring sustainable value P 4

Global Bioethics Van Rensselaer Potter, 2012-01-01 Van Rensselaer Potter created and defined the term bioethics in 1970 to describe a new philosophy that sought to integrate biology ecology medicine and human values Bioethics is often linked to environmental ethics and stands in sharp contrast to biomedical ethics Because of this confusion and appropriation of the term in medicine Potter chose to use the term Global Bioethics in 1988 Potter's definition of bioethics from Global Bioethics is Biology combined with diverse humanistic knowledge forging a science that sets a system of medical and environmental priorities for acceptable survival
