The Faustian Complex:

Complex Pleasure Stanley Corngold, 1998 Complex Pleasure deals with questions of literary feeling in eight major German writers Lessing Kant Hlderlin Nietzsche Musil Kafka Trakl and Benjamin On the basis of close readings of these authors Stanley Corngold makes vivid the following ideas that where there is literature there is complex pleasure that this pleasure is complex because it involves the impression of a disclosure that this thought is foremost in the minds of a number of canonical writers that important literary works in the German tradition fiction poetry critique can be illuminated through their treatment of literary feeling and finally that the conceptual terms for these forms of feeling continually vary The types of feeling treated in Complex Pleasure include wit the startling perception of likeness and the disinterested pleasure of aesthetic judgment Hlderlin's swift conceptual grasp in which the tempo of the process of thought is stressed artistic imagination mood sadistic enjoyment rapturous distraction homonymic dissonance and courage as a mode of literary experience At the same time through the deftness range and surprise of its execution the book itself conveys complex pleasure The reader will also find fascinating hitherto untranslated material by Nietzsche On Moods and Kafka important sections from his journals and from his unfinished novel The Boy Who Sank Out of Sight

The Faust Legend Sara Munson Deats, 2019-09-19 Explores the influence of the Faust legend on drama and film from the sixteenth century to the contemporary era

The Faustian Century James M. Van der Laan, Andrew Weeks, 2013 The Reformation and Renaissance though segregated into distinct disciplines today interacted and clashed intimately in Faust the great figure that attained European prominence in the anonymous 1587 Historia von D. Johann Fausten The original Faust behind Goethe's great drama embodies a remote culture In his century Faust evolved from an obscure cipher to a universal symbol The age explored here as the Faustian century invested the Faustbuch and its theme with a symbolic significance still of exceptional relevance today The new essays in this volume complement one another providing insights into the tensions and forces that gave the century its distinct character Several essays seek Faust's prototypes Others elaborate the symbolic function of his figure and discern the resonance of his tale in conflicting allegiances This volume focuses on the intersection of historical accounts and literary imaginings on shared aspects of the work and its times on concerns with obedience and transgression obsessions with the devil and curiosity about magic and quandaries created by shifting religious and worldly authorities From publisher's website

The Faustian Complex Kallya Valanis, 2001-10-01 Katrina makes a deal with the devil for the love of a Russian sculptor Sergei In an ironic twist she becomes enamored with the devil's disciple George causing complications when she receives Sergei's love as compensation for her soul

[Music in Goethe's Faust](#) Lorraine Byrne Bodley, 2017 Goethe's Faust a work which has attracted the attention of composers since the late eighteenth century and played a vital role in the evolution of vocal operatic and instrumental repertoire in the nineteenth century has had a seminal impact in musical realms

Development Manfred F. R. Kets de Vries, 2011-09-19 Views from the interface of psychoanalysis and organizational life In the books in this series Manfred Kets de Vries failed engineer entrepreneur manqué reluctant economist international management guru psychoanalyst wit and outdoorsman offers an overview of his work spanning four decades a period in which he has established himself as the leading figure in the clinical study of organizational leadership At a key point in his career working as he puts it in the twilight zone of economics management and psychoanalysis he decided to strike out on a little trodden path and bring the person back into the organization Now Kets de Vries occupies a unique position in the academic business world putting leaders and companies of the couch and working at the often intimate interface where the inner theater of the individual meets the outer world of the organization The second book in this series Reflections on Leadership and Career Development takes different perspectives on the intimate connection between the personality or inner theater of individuals and the organizational context in which they work how different personality types in positions of leadership or as members of management teams affect the functioning and success of organizations Kets de Vries looks at the way basic psychological processes operate on individual and corporate performance and analyzes them in the context of case studies of leaders and organizations He examines narcissism dysfunctional collusion between leaders and followers some new leadership archetypes and the roles that organizational therapists coaches or consultants can play in their interventions The book includes a lengthy study of Vladimir Putin as CEO of Russia Inc an assessment of the former Russian president's performance as an organizational leader The final part of the book examines the career life cycle and how executives cope or fail to cope with rites de passage like succession and retirement For the first time this book provides a glimpse of Manfred Kets de Vries' own inner theater as the wellspring of his success as psychoanalyst mentor and inspiration to a generation of leaders Reflections on Leadership and Career Development offers a rare opportunity to observe Manfred on his own legendary couch a personal perspective not to be missed Paul McMorran HR Director TNK BP

Faustus and the Promises of the New Science, c. 1580-1730 Christa King, 2016-12-05 Having identified the literary origins of the Faustus legend in the German Faust Book 1587 and its English translation 1592 this book argues that these works transformed a simple rogue's tale into an incisive study of morality and beliefs The chapbooks' contrastive portrayal of an imaginary experience of hell and a pseudo scientific journey through the cosmos is interpreted as an unconventional approach to the questions of an inquiring mind This study offers the first analysis of the chapbooks as literary works in their own right as opposed to simply being sources for Christopher Marlowe's play It is also the first study to describe the Faustus typology as a vehicle by which uncompromising thinkers of early modernity and the Enlightenment questioned contemporary views about religion morality and the possibility of experiencing transcendence While arguing that Marlowe's Doctor Faustus primarily examines the imaginary foundations of religious rules and standards the author suggests that the 1616 version of the play revived the chapbooks' accounts of spiritual ravishment and intellectual ecstasy Imaginary explorations of cosmic space became popular in the seventeenth century and gave rise to strongly diverging works of literature embracing the arcane spirituality of Milton's Paradise Lost as well as Fontenelle's sociable but essentially secular fantasy of cosmic travel This book shows that contemporary responses to early modern science also tended to address the most urgent concerns of the Faustus legend explaining the re-emergence of the typology in Mountfort's late seventeenth century farcical Faustus play and early eighteenth century harlequinades about Doctor Faustus
