The Fifth Hostage:

The Fifth Hostage Terence Strong, 2014-02-14 He is a journalist who knows too much She is his lover a Norwegian press photographer who shares his deadly secret They are held in revolution torn Iran and President Khomeini wants them to talk Britain is determined they should not Their fate lies in the hands of an SAS team that must disappear into the hostile turmoil of Iran in a desperate rescue bid against the clock A gruelling ordeal that calls for ingenuity sacrifice and courage in a dangerous and desolate terrain cut off from the outside world This is a story of passions and loyalties tested to destruction as the sweeping shadow of fanaticism and terror darkens the land A nail biter climax NEWCASTLE JOURNAL No one can cram in the action like Strong GLASGOW EVENING NEWS

Hostages in the Middle Ages Adam J. Kosto, 2012-06-21 Examines the changing situations in which hostages were used in the Europe and the Mediterranean world from the fifth to the fifteenth centuries touching on a wide range of topics in military diplomatic political social gender economic and legal history

The Blue Hostage Teni Abegunde, 2017-12-28 Description After Neil Kenneth Bull a retired Marine sniper is sworn in as president of the United States he begins a new life in the White House with his wife and three children Three months later he signs a bill that bans the relatives of any foreign terrorists from entering the United States Not everyone is happy with the bill including Hammed Bohan an asylum alien and relative of former terrorist Bin Laden who was expecting his family to join him in Florida Soon after Hammed is compelled to join a group of terrorists A week before Independence Day the terrorist group takes a high school hostage in Washington DC and one of the president's daughters is among the hostages Neil Bull is an extraordinary former Marine sniper who only trusts three things his rifle his Bible and himself A note from the author I'm confident you're going to enjoy The Blue Hostage Here are some reasons why The Blue Hostage is written in a style called Cataphrase The scenes start and end with action The Correspondents Dinner scene is hilarious The hostage scenes will put you on the edge of your seat This story of the most powerful man in the world rescuing his daughter from the hands of a ruthless terrorist will thrill you Cataphrase is unique About Cataphrase Think of Cataphrase as a movie script designed to look like a book We use the word movie to describe a Cataphrase book because the genre focuses on writing movies alone Like one Cataphrase reader said When a good novel loses all its unnecessary weight it becomes a Cataphrase The concept of writing a book that gives a reader the experience of watching a movie is what gave birth to Cataphrase Simplified Cataphrase is a book that summarizes what happens in a movie without sacrificing the interesting parts Cataphrase doesn't use a table of contents or chapters instead the pages are Cataphrased into scenes A Cataphrase book does not exceed 200 pages The reason is because most book readers believe a book that is written to entertain people shouldn't exceed 250 pages as with the schedule of most people today it could take up to a month or more to finish reading it And let's say you have ten favorite authors and you've bought all their new books and each is 300 pages or more Imagine how long it will take you to read all the books I'm not saying it's impossible to read ten 300 page books in a month but let's

be realistic Unless you are unemployed how many people have the time to read ten books in a month However the truth is if a book is interesting regardless of the size we can always find time to read it Often when we are on a bus train or plane or just waiting for an oil change we read one or two pages of a newspaper or that big novel we've been carrying about for a month Have you ever heard someone say Anytime I need to fall asleep I'll pick up a Bible and start reading A book shouldn't be a sleeping pill This is why Cataphrase is designed to entertain readers and not help them fall asleep The logic of Cataphrase is similar to that of a newspaper The first thing that attracts most people to a newspaper is the headline and the fact that the news is short yet interesting This logic is what Cataphrase intends to deliver

REVIEWS Three words to describe The Blue Hostage Action humor and patriotic ACP reader EDITOR'S COMMENT This is exactly the kind of story that the Cataphrase style seems meant for big action larger than life characters and thrilling sequences Often the story just rips down the page and I can see readers consuming it very quickly just as they would a movie

The Iran-United States Claims Tribunal and the Process of International Claims Resolution David D. Caron, Crook, 2021-10-01

Examining the Tribunal's structure operations and evolution in search of the underlying patterns that characterize such international institutions this valuable book records the diverse experiences and judgments of a group of outstanding lawyers each of whom has played a significant role at some stage of the Tribunal's proceedings The essays are grouped in three distinct stages in the Tribunal's history The first group deals with the creation of the Tribunal building upon the bare boned framework laid down by the Claims Settlement Declaration The second deals with the Tribunal at work processing and deciding cases during the period when it gave greatest emphasis to resolving large commercial claims The third deals with the present situation where the Tribunal has taken a docket first dominated by claims of U S Iranian dual nationals against Iran and then by a small group of large and difficult claims between the two governments Published under the auspices of the American Society of International Law Published under the Transnational Publishers imprint

Hunting the President Mel Ayton, 2014-04-14 In American history four U S Presidents have been murdered at the hands of an assassin In each case the assassinations changed the course of American history But most historians have overlooked or downplayed the many threats modern presidents have faced and survived Author Mel Ayton sets the record straight in his new book Hunting the President Threats Plots and Assassination Attempts From FDR to Obama telling the sensational story of largely forgotten or never before revealed malicious attempts to slay America's leaders Supported by court records newspaper archives government reports FBI files and transcripts of interviews from presidential libraries Hunting the President reveals How an armed would be assassin stalked President Roosevelt and spent ten days waiting across the street from the White House for his chance to shoot him How the Secret Service foiled a plot by a Cuban immigrant who told coworkers he was going to shoot LBJ from a window overlooking the president's motorcade route How a deranged man broke into Reagan's California home

and attempted to strangle the former president before he was subdued by Secret Service agents In early 1992 a mentally deranged man stalking Bush turned up at the wrong presidential venue for his planned assassination attempt The relationships presidents held with their protectors and the effect it had on the Secret Service s mission Hunting the President opens the vault of stories about how many of our recent Presidents have come within a hair s breadth of assassination leaving America s fate in the balance Most of these stories have remained buried until now Civil Strife Steven Swazo,2018-04-17 This is an attempt to put together chips and pieces of our nations historical past and experiences forming a basis It is also an attempt to draw a coherent view about some aspects of social life under the conditions and breadth of the United States Constitution The chips and pieces are critical events that have determined the different and strange paths of social life each of us has chosen or must live out willy nilly feeling thinking doing or acting If you are still interested in living well in the United States and elsewhere these events cannot be overlooked or ignored **Interludes of Peace in the Medieval Latin East** Yvonne Friedman,2025-09-08 Interludes of Peace in the Medieval Latin East undertakes a multifaceted examination of peacemaking processes as they unfolded in the medieval Latin East Perhaps less heroic than war these peacemaking endeavors make a significant contribution to our understanding of life in the medieval Middle East during the Crusades This book considers how ceasefires truces and peace treaties were achieved through a process of mutual acculturation between Crusaders and local Muslim societies and the mechanisms employed to overcome both cultural and religious divides Notwithstanding these warring societies differing concepts of lasting peace this did not prevent them from engaging in treaty making during the twocentury long conflict in the Latin East The story told here is of the quest for small realistic peace however fragile and temporary In the process a shared language of gestures body language and gift giving was created that enabled and enhanced trust and coexistence However global political changes economic developments and new trade routes ultimately ended European rule in the medieval Middle East Oradour-The Final Verdict Douglas W. Hawes,2007-04-11 Relying on multiple eye witness accounts and thorough research in French American and Resistance archives the author describes in Part I hour by hour the massacre on June 10 1944 by the Waffen SS Division Das Reich of 642 men women and children in the village of Oradour sur Glane and the destruction of the village Who ordered the massacre Why The book puts the tragedy in the context of the D Day Landing and the period that precedes it Part II is devoted to the conduct of the trial nearly nine years later Of the 21 accused only 7 were Germans The others all French Alsatians had mostly been forcibly inducted into the SS None were officers Were the Alsatians victims or murderers And why were there no officers in the courtroom **Middle Eastern Terrorism** Mark Ensalaco,2012-04-17 Selected by Choice magazine as an Outstanding Academic Title Since the first airplane hijacking by the Popular Front for the Liberation of Palestine in September 1970 Middle Eastern terrorists have sacrificed innocent human lives in the name of ideology From Black September to the Munich Olympics to the embassy bombing in Beirut to the devastating attacks of September 11 and beyond terrorism has emerged as

the most important security concern of our time Where did this come from Inspired by a student s question on the morning of September 11 2001 Mark Ensaraco has written a thoroughly researched narrative account of the origins of Middle Eastern terrorism addressing when and why terrorists started targeting Americans and American interests and what led to the September 11 attacks Ensaraco reveals the changing of motivations from secular Palestinian nationalism to militant Islam and demonstrates how competition among terrorists for resources and notoriety has driven them to increasingly extreme tactics As he argues terrorist attacks grew from spectacle to atrocity Drawing on popular works and scholarly sources Middle Eastern Terrorism tells this story in rich detail and with great clarity and insight *United States Hostage Case in World Court* United States,1979
