Mason,2019-08-09 Louis D Brandeis was a great lawyer and a great judge He was also a zealous champion of the common man a millionaire three times over an ardent Zionist a complex sometimes inconsistent lovable individual Even the most intransigent of his legal and political foes admit today that Brandeis was one of the makers of modern America a man whose influence upon our thought and institutions can hardly be overestimated For the last six years Alpheus Thomas Mason a Professor of Politics at Princeton has been working upon a monumental authorized biography There can be no question that it is a triumph of research and organization clear precise and comprehensive Mr Mason has quoted copiously from Brandeis speeches letters and judicial opinions He has delved deeply into corporation finances and legal technicalities One could not reasonably ask for more information about Brandeis than Mr Mason has assembled Brandeis philosophy was based upon a generous concern for the welfare of the underdog Brandeis often supported it with economic facts rather than with judicial precedents To foster the social welfare of the common man Brandeis defended an increase in the powers of Government to control and regulate the affairs of the people Brandeis was the spiritual father of much of the New Deal the collateral godfather of Henry Wallace And yet it was Brandeis who earlier in his career said Our Government does not grapple successfully with the duties which it has assumed and should not extend its operations at least until it does Louis D Brandeis was born in Louisville Ky in 1856 In spite of his frail body precarious health and the astounding quantities of work he habitually performed he lived to be nearly 85 After several years of study abroad he entered the Harvard Law School at 18 There his precocious brilliance was so great that his academic record has never been rivaled before or since With such a

record many jobs were open to him He chose to begin practice in St Louis but soon returned to Boston where his success as a corporation lawyer was immediate and spectacular But Brandeis was a reformer who believed in human rights before property rights people before law facts before precedents It wasn't long before he became an active champion of civic reform and then of national reform Mr Mason calls him a people's attorney Brandeis sought and fought celebrated cases involving questions of business practices and social justice My special field of knowledge is figures he said He overwhelmed insurance men railroad men and bankers with his detailed knowledge of their businesses It has been one of the rules of my life that no one shall ever trip me on a question of fact Brandeis exposed abuses of capitalism because he contended that they hastened socialism which he opposed He fought monopolies believing them inefficient as well as unethical and opposed the closed shop believing it unjust I think there is no man or body of men whose character will stand absolute power and I should no more think of giving absolute power to unions than I should of giving to capital monopoly power While Brandeis infuriated ultra conservative financial leaders and made headlines flutter with his attacks upon the evils of industrial life insurance upon the monopolistic and financially unsound structure of the New Haven Railroad upon the general railroad effort to raise freight rates and upon the steel trust his own ideas developed He fought not only in the courts as a brilliant lawyer but by means of publicity He made speeches granted interviews wrote articles rounded up pressure letters And in all of these he preached the concepts he made famous the need of regularity in employment the need of more efficient management the curse of bigness the irresponsible use made by some banks of other people's money So it was no wonder that Brandeis made enemies that when Wilson nominated him to be Associate Justice of the Supreme Court plenty of prominent individuals almost made the air of the Senate subcommittee room blue with their fury But the appointment went through and Brandeis vast store of information his industry and his idealism proved invaluable to the court Mr Mason says that he wrote his great dissents because he was a partisan of a theory of social justice which was opposed to that held by the court majority Holmes on the other hand he says dissented because his enlightened skepticism kept him from siding with either group and left him free to decide pure constitutionality untroubled by philosophic formulas Orville Prescott The New York Times Professor Mason has written more than an authoritative record and interpretation of what he calls in his suggestive subtitle A Free Man's Life This stimulating highly readable book is also a chronicle of the processes of American democracy at work This is a biography with a larger meaning on all counts it deserves a wide audience Harvey Bresler The New York Times In a great biography the author has done full justice to a great man and given it a symbolism that makes it virtually a composite of American social history during a half century Rooted in years of study evidenced by previous publications on Brandeis the biographer reveals to his readers Louis Brandeis the people's lawyer who became a Justice of the Supreme Court He has done a magnificent job covering every phase of his life with main focus on his professional and public service but with enough of his personal life enough of his friends and his enemies and the personalities who crossed his path enough of

anecdote and minor incident to give the book and its subject lasting vitality Kirkus Reviews Brandeis life as Professor Mason recounts it was an unending series of causes and campaigns He threw himself into them with gusto He said of himself that he would rather fight than eat Brandeis was indeed a great man as Mr Mason's biography makes clear It is primarily a public and political biography the intimate man is implied rather than described But Professor Mason within the limits he has set has done a splendid job of research he has told the story in great detail with care precision and detachment He has done well to quote copiously from Brandeis who spoke and wrote with verve and with an eye to education and action Louis L Jaffe University of Chicago Law Review A superior full length biography Brandeis was the arch foe of monopoly in industry stood out against the closed shop in labor relations and had no faith in socialism Always as Professor Mason stresses again and again his method was to achieve complete mastery of the facts in relation to any problem in which he became interested and then to promote what he deemed to be sound solutions enlisting aid in every conceivable quarter keeping up a stream of advocacy and comment signed and unsigned stimulating others to do likewise and giving of his substance as well as of his time and energy to almost every cause he attacked leaving nothing to chance and no stone unturned All this as a private citizen while practicing law in the city of Boston All hail to Professor Mason for presenting us with this full length history of the embodiment of a living ideal Into it have gone exhaustive study of the correspondence and documents and firsthand knowledge of the subject This book will undoubtedly be widely read as it should be and as it is read the Brandeis influence will be strengthened and prolonged in American life Such a work is a major contribution to society as well as a source of unending pleasure to the reader Ralph F Fuchs Texas Law Review The Mentor ,1918 *The Independent* ,1920 **The Independent** William Livingston,1920 **Independent and Weekly Review** ,1920 The Education Trap Cristina Viviana Groeger,2021-03-09 Education is thought to be the route out of poverty but history disagrees Cristina Groeger explores the Gilded Age origins of this idea and shows how schooling actually bolstered economic inequality in the 20th century If we want a more equitable society she argues we should look not just to education but also to workers and the workplace *Deeply Responsible Business* Geoffrey Jones,2023-03-21 Deeply Responsible Business profiles corporate leaders of the past two centuries who made social missions vital to their businesses Geoffrey Jones explores the characters and motivations of fourteen such leaders and compares their deep social and environmental commitments to the lukewarm corporate social responsibility of today **La Follette's Weekly Magazine** ,1912 *Brandeis* Philippa Strum,1993-09-02 Revered as the People's Attorney Louis D Brandeis concluded a distinguished career by serving as an associate justice 1916 1939 of the U S Supreme Court Philippa Strum argues that Brandeis long recognized as a brilliant legal thinker and defender of traditional civil liberties was also an important political theorist whose thought has become particularly relevant to the present moment in American politics Brandeis Strum shows was appalled by the suffering and waste of human potential brought on by industrialization poverty and a government increasingly out of touch with its citizens In response he developed

a unique vision of a worker s democracy based on an economically independent and well educated citizenry actively engaged in defining its own political destiny She also demonstrates that while Brandeis s thinking formed the basis of Woodrow Wilson s New Freedom it went well beyond Wilsonian Progressivism in its call for smaller governmental and economic units such as worker owned businesses and consumer cooperatives Brandeis s political thought Strum suggests is especially relevant to current debates over how large a role government should play in resolving everything from unemployment and homelessness to the crisis in health care One of the few justices to support Roosevelt s New Deal policies in the 1930s he nevertheless consistently criticized concentrated power in government and in corporations He agreed that the government should provide its citizens with some sort of safety net but at the same time should empower people to find private solutions to their needs A half century later Brandeis s political thought has much to offer anyone engaged in the current debates pitting individualists against communitarians and rights advocates against social welfare critics *American Labor and Economic Citizenship* Mark Hendrickson,2013-05-27 Once viewed as a distinct era characterized by intense bigotry nostalgia for simpler times and a revulsion against active government the 1920s have been rediscovered by historians in recent decades as a time when Herbert Hoover and his allies worked to significantly reform economic policy Mark Hendrickson both augments and amends this view by studying the origins and development of New Era policy expertise and knowledge Policy oriented social scientists in government trade union academic and nonprofit agencies showed how methods for achieving stable economic growth through increased productivity could both defang the dreaded business cycle and defuse the pattern of hostile class relations that Gilded Age depressions had helped to set as an American system of industrial relations

The Filenes Introduction

In today's digital age, the availability of The Filenes books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Filenes books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Filenes books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Filenes versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Filenes books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Filenes books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Filenes books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These

libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Filenes books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Filenes books and manuals for download and embark on your journey of knowledge?

FAQs About The Filenes Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.
