Abinales,Donna J. Amoroso,2017-07-06 This clear and nuanced introduction explores the Philippines ongoing and deeply charged dilemma of state society relations through a historical treatment of state formation and the corresponding conflicts and collaboration between government leaders and social forces Patricio N Abinales and Donna J Amoroso examine the long history of institutional weakness in the Philippines and the varied strategies the state has employed to overcome its structural fragility and strengthen its bond with society The authors argue that this process reflects the country s recurring dilemma on the one hand is the state s persistent inability to provide essential services guarantee peace and order and foster economic development on the other is the Filipinos equally enduring suspicions of a strong state To many citizens this powerfully evokes the repression of the 1970s and the 1980s that polarized society and cost thousands of lives in repression and resistance and billions of dollars in corruption setting the nation back years in economic development and profoundly undermining trust in government The book s historical sweep starts with the politics of the pre colonial era and continues through the first year of Rodrigo Duterte s controversial presidency The Archaeology of Early Colonial Manila Ellen Hsieh,2025-01-14 A view into the diverse culture of the Philippines in the sixteenth and seventeenth centuries Although Manila capital city of the Philippines played a critical role in economic and cultural exchanges between the East and the West during the sixteenth and seventeenth centuries little is known about what life was like for its residents during this time In this book Ellen Hsieh uses archaeological historical and ethnographic resources to document the ways Manila was transformed by the arrival of Spanish colonists in 1571 and how the city in turn shaped the modern world Manila was uniquely positioned as a crossroads in the networks of Southeast Asia East Asia and Iberia resulting in a hybridized culture where colonial Spanish Indigenous Tagalog and overseas Chinese groups exchanged goods and ideas In *The Archaeology of Early Colonial Manila* Hsieh analyzes material goods such as ceramics from Intramuros the Spanish walled city and Parian the Chinese quarter and illustrations from the Boxer Codex a Spanish manuscript featuring images of people in the Philippines and surrounding areas to illuminate the diversity of Manila society and to unravel the intricate power dynamics among these ethnic groups Bridging the gap in research between pre Spanish and late colonial periods and amplifying the voices of non elite diasporic and colonized communities often overlooked in historical documents Hsieh provides an important focus on Manila s contributions to world history during a period of intense
