

Discovering the Fire

Metal cooled is hardened
From fires magic touch
Releasing strength and beauty
And traits we value much

It emerges in an instance
Though time and effort spent
Bringing forth a power
Whose goal will not relent

Fire must be tempered
Lest it leap its bounds
To be controlled with purpose
So not to scorch the ground

But when properly channeled
Despite the pain and strife
Our world will now be different
For fire gives us life

The Fire Within The Poetic Lyrical Voice Of A Black Man:

Negro Poets and Their Poems Robert Thomas Kerlin, 2019-11-19 In *Negro Poets and Their Poems* Robert Thomas Kerlin meticulously curates a collection that serves as both a historical document and a literary anthology reflecting the rich tapestry of African American poetry. Comprising works from prominent and emerging voices, Kerlin's literary style is characterized by its analytical depth and lyrical prose, paying homage to poets such as Paul Laurence Dunbar and Langston Hughes. Situated within the context of the Harlem Renaissance and the broader African American literary tradition, the book provides a critical examination of themes ranging from racial identity to social justice, illuminating the profound impact of African American poetry on the American literary landscape. Robert Thomas Kerlin, an esteemed literary scholar and critic, was deeply influenced by the socio-political climate of his time, which prompted him to amplify the voices of marginalized writers. His academic journey and personal interests in African American literature motivated him to delve into the poetic contributions that express the cultural struggles and triumphs of Black Americans. Kerlin's scholarly rigor ensures that his analysis is both insightful and accessible, making the work a vital resource for students and enthusiasts alike. I highly recommend *Negro Poets and Their Poems* to readers seeking a deeper understanding of African American literature and its profound influence on American culture. This anthology is not only a celebration of poetic artistry but also an essential text for anyone interested in the intersections of race, identity, and literary expression. Kerlin's work urges us to engage with the past while recognizing its continuing relevance in contemporary discussions of race and art. [Negro Poets and Their Poems](#)

Robert Thomas Kerlin, 1923 **Contemporary Poetry of the Negro** Robert Thomas Kerlin, 1921 **Encyclopedia of African American History** Leslie M. Alexander, Walter C. Rucker, 2010-02-09 A fresh compilation of essays and entries based on the latest research, this work documents African American culture and political activism from the slavery era through the 20th century. *Encyclopedia of African American History* introduces readers to the significant people, events, sociopolitical movements, and ideas that have shaped African American life from earliest contact between African peoples and Europeans through the late 20th century. This encyclopedia places the African American experience in the context of the entire African diaspora, with entries organized in sections on African-European contact and enslavement, culture, resistance, and identity during enslavement, political activism from the Revolutionary War to Southern emancipation, political activism from Reconstruction to the modern Civil Rights movement, black nationalism and urbanization, and Pan-Africanism and contemporary black America. Based on the latest scholarship and engagingly written, there is no better go-to reference for exploring the history of African Americans and their distinctive impact on American society, politics, business, literature, art, food, clothing, music, language, and technology.
