Franciscan spirituality The mystical movement of the fourteenth century and the growth of speculative contemplation are examined as they appear in the works of the Rhineland mystics and the English group represented by Richard Rolle Walter Hilton Julian of Norwich and the author of *The Cloud of the Unknowing* A final chapter discusses the Imitation of Christ the other writings of Thomas Kempis Gerson and Denis the Carthusian and the emergence of spiritual exercises in Mauburnus and Garcia de Cisneros Back cover

*I Was Gone Long Before I Left* Peter C. Wilcox, 2020-09-15 In St Teresa of Avila s classic spiritual book *Interior Castle* she describes a difficult period of time in her spiritual journey when she said When I think of myself I feel like a bird with a broken wing When I left the monastery thirty eight years ago this was exactly how I felt *I Was Gone Long Before I Left* is the story about my interior struggle to leave the monastery after living this lifestyle for over twenty five years It explores the reasons why I went to the monastery why I stayed why I eventually left and what I have learned Maybe more importantly it describes the many years of mental anguish confusion and depression that I went through

to finally make this decision It has brought back many painful memories and experiences and called for an honesty and vulnerability that I found daunting For over thirty eight years I have been unable to write about my experience of life in the monastery because I felt ashamed For years I thought about leaving but couldn t make this decision because I felt paralyzed psychologically and emotionally Now after all these years I have found the courage to share my story     *Routledge Revivals: Medieval Italy (2004)* Christopher Kleinhenz,2017-07-05 First published in 2004 *Medieval Italy* An Encyclopedia provides an introduction to the many and diverse facets of Italian civilization from the late Roman empire to the end of the fourteenth century It presents in two volumes articles on a wide range of topics including history literature art music urban development commerce and economics social and political institutions religion and hagiography philosophy and science This illustrated A Z reference is a cross disciplinary resource and will be of key interest not only to students and scholars of history but also to those studying a range of subjects as well as the general reader     *Cistercian Mysticism* Aage Rydstrøm-Poulsen, Daniel Marcel La Corte, Rose Marie Tillisch, 2025-05-05 Since mysticism deals with the ultimate ideals and purposes of human existence it is one of the most significant phenomena in Western cultural history Mysticism had a significant role in the medieval monastic environment and along with many other things had a profound impact on Western intellectual culture The history of mysticism in the West is a history of the greatest and most significant aspirations and potentialities of the individual regarding the understanding of oneself and the divine Cistercian Mysticism is an outstanding example The anthology s chapters explore key aspects of Cistercian spirituality including William of Saint Thierry s visio Dei the vision of God a transformative encounter with the divine that is central to his mysticism as well as the concept of sensus amoris Cistercian Mysticism also explores Bernard of Clairvaux s writings on the Song of Songs and the relation between contemplation and action demonstrating how action service and contemplative love can coexist Tradition is further enhanced by Aelred of Rievaulx s thoughts on spiritual friendship which highlight how human relationships based on love and introspection mirror the soul s path toward divine union By examining the writings of these influential figures this volume offers a way to comprehend the close connection between the divine and the human soul highlighting the importance of their contributions to the mystical and theological landscape of the Middle Ages A book which will undoubtedly be highly enjoyed by scholars and students of all ages and religious communities     **Cistercians, Heresy, and Crusade in Occitania, 1145-1229** Beverly Mayne Kienzle, 2001 The present book examines this important but little studied aspect of Cistercian history to probe how and why the Order undertook endeavours that drew the monks outside their monastic vocation The analysis of texts about the preaching campaigns and of their contexts seeks to retrieve the role of preaching and to reconstruct what was preached in the light of its historical and specifically monastic context Monastic texts and their contexts furnish the keys to understanding how medieval monastic authors perceived heresy preached and wrote against it

**Crusading Spirituality in the Holy Land and Iberia, C.1095-c.1187** William J. Purkis, 2008 Argues for a new context for the origins and development of crusading as an imitation of Christ For much of the twelfth century the ideals and activities of crusaders were often described in language more normally associated with a monastic rather than a military vocation like those who took religious vows crusaders were repeatedly depicted as being driven by a desire to imitate Christ and to live according to the values of the primitive Church This book argues that the significance of these descriptions has yet to be fully appreciated and suggests that the origins and early development of crusading should be studied within the context of the reformation of professed religious life in the twelfth century whose leading figures such as St Bernard of Clairvaux advocated the pursuit of devotional undertakings modelled on the lives of Christ and his apostles It also considers topics such as the importance of pilgrimage to early crusading ideology and the relationship between the spirituality of crusading and the activities of the Military Orders offering a revisionist assessment of how crusading ideas adapted and evolved when introduced to the Iberian peninsula in c. 1120 In so doing the book situates crusading within a broader context of changes in the religious culture of the medieval West Dr
