Peter B. Heller

The First Fifty Years The Secretarygeneral In World Politics 19201970:

The First Fifty Years; the Secretary-General in World Politics 1920-1970 Arthur W. Rovine,1970 SCOTT Copy 1
From the John Holmes Library Collection *The UN Secretary-General and Moral Authority* Kent J. Kille,2007-10-29 Once described by Trygve Lie as the most impossible job on earth the position of UN Secretary General is as frustratingly constrained as it is prestigious The Secretary General s ability to influence global affairs often depends on how the international community regards his moral authority In relation to such moral authority past office holders have drawn on their own ethics and religious backgrounds as diverse as Lutheranism Catholicism Buddhism and Coptic Christianity to guide the role that they played in addressing the UN s goals in the international arena such as the maintenance of international peace and security and the promotion of human rights In *The UN Secretary General and Moral Authority* contributors provide case studies of all seven former secretaries general establishing a much needed comparative survey of each office holder s personal religious and moral values From Trygve Lie s forbearance during the UN s turbulent formative years to the Nobel committee s awarding Kofi Annan and the United Nations the prize for peace in 2001 the case studies all follow the same format first detailing the environmental and experiential factors that forged these men s ethical frameworks then analyzing how their inner code engaged with the duties of office and the global events particular to their terms Balanced and unbiased in its approach this study provides valuable insight into how religious and moral leadership functions in the realm of international relations and how the promotion of ethical values works to diffuse international tensions and improve the quality of human life around the world *The International Law of Diplomacy* B.S. Murty,2024-12-16 *The United Nations under Dag Hammarskjöld, 1953-1961* Peter B. Heller,2001-10-23 Organized around the major events that marked Hammarskjöld s eight and a half years in office this volume takes stock of Hammarskjöld first as a person and then as an international functionary Also included are a bibliography chronology index and an appendix of significant documents

The United Nations under Ban Ki-moon Marcel Jesenský,2019-02-13 This book chronicles the story of the United Nations under Secretary General Ban Ki moon in the decade 2007 2016 Marcel Jesensk provides a compelling account of the organization s activities and Ban Ki moon s role in reconciling the aims principles and prerogatives of his office the organization and its Charter with the demands interests and power of the member states Today as never before the concept of the post World War II multilateral framework of international relations tries to harmonize the claims for its reform and re evaluation with growing demands to manage the globalized world This work invaluable for readers interested in global governance multilateral diplomacy the United Nations and international relations presents its subject in historical context and provides answers to assist its understanding *The Italian Influence on European Law* Daniele Gallo,Roberto Mastroianni,Fernanda G. Nicola,Lorenzo Cecchetti,2024-10-31 Drawing on expertise from across the worlds of the judiciary the bar and legal academia this book provides fascinating insights into the role of a key Member State and how its legal

influence informs the wider Union's development. This collection sheds light on the Italian influence on European law by examining the judicial biographies of Italian judges and advocates general during almost five decades of the European Union. It explores the national ties of judges and advocates general to their Member States to better understand the continuous relationship between the members of the EU judiciary and their Member States governments and how they practise the principle of judicial independence, a central pillar of the ECJ's rule of law jurisprudence.

New Zealand in the League of Nations Gerald Chaudron, 2011-11-08. When New Zealand's prime minister William Massey joined other heads of British Empire countries in signing the 1919 Treaty of Versailles to end World War I and join the League of Nations, he did not regard the act as a declaration of independence. On the contrary, while Canadian and South African leaders saw membership in the league as a rite of passage towards greater autonomy, New Zealand's leader viewed it as an unwelcome burden and a potential threat to the British Empire. This history of New Zealand's relations with the League of Nations from its inception in 1920 to its demise in 1946 follows the government's transformation in attitude from its initial hostility to detached acceptance and finally passionate support in the late 1930s. By chronicling this complex movement, the book traces New Zealand's first tiny halting steps towards developing its own foreign policy.

International Peace Conferences Bertrand G. Ramcharan, 2015-01-27. This book has emerged out of the author's experience as Director of an innovative peacemaking, peacekeeping, and humanitarian initiative, the International Conference on the Former Yugoslavia, between 1992 and 1996. What was striking about this conference was the experiment of two full-time Co-Chairmen, one from the United Nations and one from the European Union, who laboured tirelessly for peace in different parts of the former Yugoslavia for three and a half years. The strategies and organization of the conference had to be pieced together from the start by the Co-Chairmen and their colleagues; only in retrospect could the question whether there might have been experiences of international peace conferences that might have been useful at the beginning of this process be reviewed. This research is contained in Part One of this book, which offers a review of the role of international peace conferences in history. Part Two contains a case study of the strategies and experiences of the International Conference on the Former Yugoslavia.

The League of Nations in retrospect / La Société des Nations: rétrospective, 2010-10-13. No detailed description available for *The League of Nations in retrospect*. *La Société des Nations: rétrospective*.

[Peacekeeping and the International System](#) Norrie MacQueen, 2006-10-16. A comprehensive text on the history and politics of peacekeeping, primarily in the post-World War Two period, but dealing also with pre-1939 precursors. While it will deal principally with operations undertaken by the United Nations, it will also

United Nations Legal Order Oscar Schachter, Christopher C. Joyner, American Society of International Law, 1995. The purpose of these volumes is to examine, explain, and appraise contributions made by the United Nations system to international law and the law-creating process. The work assesses the effect UN institutions have had on the law-making process and the extent to which that law has been accepted by and evidenced in contemporary state practice. It is divided

into three main parts The first examines the practical as well as conceptual aspects of the UN system as a source of law The second part deals with different fields of activity which have become the subjects of legal rules and processes Areas covered include human rights use of force and economic relations In addition topics that have not previously been examined in such a comprehensive manner such as shipping aviation and private international law are also discussed The third part covers the internal law of the UN system international civil services and financial contributions

Encyclopedia of the United Nations and International Agreements: T to Z Edmund Jan Osmańczyk, 2003 This thoroughly revised and updated edition is the most comprehensive and detailed reference ever published on United Nations The book demystifies the complex workings of the world's most important and influential international body

Eric Drummond and his Legacies David Macfadyen, Michael D. V. Davies, Marilyn Norah Carr, John Burley, 2019-02-06 This book shows how the first institution of global governance was conceived and operated It provides a new assessment of its architect Eric Drummond the first Secretary General of the League of Nations appointed a century ago The authors conclude that he stands in the front rank of the 12 men who have occupied the post of Secretary General of the League or its successor the UN Part 1 describes his character and leadership His influence in shaping the International Civil Service the beating heart of the League is the subject of Part 2 which also shows how the young staff he appointed responded with imagination and creativity to the political economic and social problems that followed World War I Part 3 shows the influence of these early origins on today's global organizations and the large scale absorption of League policies programmes practices and staff into the UN and its Specialized Agencies

Organizing the 20th-Century World Karen Gram-Skjoldager, Haakon Andreas Ikonomou, Torsten Kahlert, 2020-11-12 International Organizations play a pivotal role on the modern global stage and have done this book argues since the beginning of the 20th century This volume offers the first historical exploration into the formative years of international public administrations covering the birth of the League of Nations and the emergence of the second generation that still shape international politics today such as the UN NATO and OECD Centring on Europe where the multilateralization of international relations played out more intensely in the mid 20th century than in other parts of the world it demonstrates a broad range of historiographical and methodological approaches to institutions in international history The book argues that after several turns cultural linguistic material transnational international history is now better equipped to restate its core questions of policy and power with a view to their institutional dimensions Making use of new approaches in the field this book develops an understanding of the specific powers and roles of IO administrations by delving into their institutional make up

United Nations Global Conferences Michael G. Schechter, 2009-05-07 This new book covers the origins purposes trends and controversies of the United Nations global conferences There are 30 such conferences to compare and many argue that they have not been worth the money spent on them Others however suggest that they offer the only effective way to address global problems like racism sexism overpopulation environmental degradation overfishing urbanization and the

proliferation of small arms This is the first comprehensive study of this key topic delivering information essential to the ongoing debate on multilateralism with examinations of the typical structure of a conference description of the Global Conferences substantive and institutional outcomes of the conferences changes resulting from the conferences UN Conferences as mechanisms for coping with the problems of the 21st Century This book is essential reading for students of the United Nations international organisation and global governance as well as practitioners from non governmental organizations

Dismantling the League of Nations Jane Mumby, 2023-11-30 The League of Nations one of the world's first multi function intergovernmental organisations was also one of the first to undergo liquidation This book unveils the last chapter in its story showing how complex and time consuming the end of this great experiment truly was Starting with the signing of the Charter of the United Nations in 1945 the death knell of the League Mumby traces the closure process that followed From the final meeting of the Assembly in April 1946 the transfer of assets and functions to the UN the liquidation of the Secretariat and the last acts of business through 1948 this book follows the story through the eyes of those who made it happen It demonstrates why this process took longer than expected highlights the importance of human agency in even the most bureaucratic of institutions and points to the lingering impact of the League on international organisations today Uncovering both the institutional and personal aspects of the League of Nations final chapter this book furthers our understanding of this famous institution shedding light on those that continue to dominate contemporary international relations and exposing the unavoidable complexity of dismantling an intergovernmental organisation

Preventive Diplomacy at the UN Bertrand G. Ramcharan, 2008-05-07 The concept of preventive diplomacy has captivated the United Nations since it was first articulated by Secretary General Dag Hammarskjöld a half century ago Successive generations of diplomats and statesmen have invested in the idea that diplomatic efforts might be able to head off international conflicts and disasters Dramatic successes such as the Cuban Missile Crisis of 1962 contrast with dramatic failures such as the inability of UN efforts to halt the invasion of Iraq in 2003 In this careful study distinguished former UN civil servant Bertrand G Ramcharan traces the history of the practice of preventive diplomacy by UN Secretaries General the Security Council and other UN organizations and assesses the record of preventive diplomacy and examines its prospects in an age of genocide and terrorism

Securing the World Economy Patricia Clavin, 2015-12-03 *Securing the World Economy* explains how efforts to support global capitalism became a core objective of the League of Nations Based on new research drawn together from archives on three continents it explores how the world's first ever inter governmental organization sought to understand and shape the powerful forces that influenced the global economy and the prospects for peace It traces how the League was drawn into economics and finance by the exigencies of the slump and hyperinflation after the First World War when it provided essential financial support to Austria Hungary Greece Bulgaria and Estonia and thereby established the founding principles of financial intervention international oversight and the twentieth century notion of international

development But it is the impact of the Great Depression after 1929 that lies at the heart of this history Patricia Clavin traces how the League of Nations sought to combat economic nationalism and promote economic and monetary co operation in a variety of sometimes contradictory ways Many of the economists bureaucrats and policy advisors who worked for it played a seminal role in the history of international relations and social science and their efforts did not end with the outbreak of the Second World War In 1940 the League established an economic mission in the United States where it contributed to the creation of organizations for the post war world the United Nations Organization the IMF the World Bank the UN Food and Agriculture Organization as well as to plans for European reconstruction and co operation It is a history that resonates deeply with challenges that face the Twenty First Century world **Société Des Nations, Rétrospective** United Nations Library (Geneva, Switzerland),1983 No detailed description available for The League of Nations in retrospect La Soci t des Nations r trospective International Administration Chris De Cooker,1990-06-01
