New Wineskins Patrick J. Amer, 2019-12-23  
Evolutionary psychologists have shown that we have inherited from the higher animals and primitive humans certain instincts which were necessary for survival in prehistoric times but which incline humans to hurt other humans I call them the Antisocial Instincts and I propose that they replace the doctrine of Original Sin Jesus did not come to die for our sins The idea that God had to sacrifice his only son to make things whole is a repugnant idea Jesus came to teach and his principal

ethical teachings can be organized into five Precepts which directly oppose the Antisocial Instincts in humans and their institutions Teaching them is Jesus s principal redemptive action Jesus did not intend to accomplish the redemption by himself He intended that his followers complete his redemptive activity by following his five Precepts and using them to reform humanity s social and political institutions By doing so we can become followers of Jesus in his redemptive activity and in this activity find meaning hope freedom and authenticity      The Origin of Species Charles Darwin,1998-08-11

Introduction by Edward J Larson Perhaps the most readable and accessible of the great works of scientific inquiry The Origin of Species sold out its first printing on the very day it was published in 1859 Theologians quickly labeled Charles Darwin the most dangerous man in England and as the Saturday Review noted the uproar over the book quickly passed beyond the bounds of the study and lecture room into the drawing room and the public street Based largely on Darwin s experience as a naturalist while on a five year voyage aboard H M S Beagle The Origin of Species set forth a theory of evolution and natural selection that challenged contemporary beliefs about divine providence and the immutability of species This Modern Library edition includes a Foreword by the Pulitzer Prize winning science historian Edward J Larson an introductory historical sketch and a glossary Darwin later added to the original text
