culture in their work this volume examines such canonical figures as Kerouac Burroughs Ginsberg Lamantia McClure and Ferlinghetti It also devotes individual chapters to women such as Margaret Randall Bonnie Bremser and Joanne Kyger who each made Mexico a central setting of their work and interrogated the misogyny they encountered in both American and Mexican culture The Beats in Mexico not only considers individual Beat writers but also places them within a larger history of countercultural figures from D H Lawrence to Antonin Artaud to Jim Morrison who mythologized Mexico as the land of the Aztecs and Maya where shamanism and psychotropic drugs could take you on a trip far beyond the limits of the American imagination The Sacred Tree ,1989 THIS BOOK IS BEING USED BY THE FOUR WORLDS DEVELOPMENT PROJECT TO ALLEVIATE AND ELIMINATE DRUG ABUSE BY AMERICAN INDIANS **The Toltec Path of Recapitulation** Victor Sanchez,2001-07-01 A ten step technique based on the teachings of the Toltecs that allows the reader to heal from traumatic life events and emerge with new energy and direction Introduces the practice of Recapitulation a method used by the indigenous people of Mexico to restore balance to the psyche Ideal for people suffering the effects of childhood trauma broken relationships abuse depression anxiety and other psychological stresses What if it were possible to revisit the traumatic or difficult events of our past and emerge renewed re energized and healed from the damage left within us by these events The practice of Recapitulation can do just this through a series of energetic exercises that can ultimately free us from the repetitive emotional conflicts and persistent negative patterns that often result from trauma Victor Sanchez shares with the reader both the philosophy and practical applications of this ancient Toltec technique Anyone who has lived through a long difficult experience perhaps a serious illness broken relationship sexual abuse or a childhood spent in a divisive family environment can benefit from this process Recapitulation makes it possible to actually relive and resolve the events that have caused emotional distress In this clear and straightforward workbook the author guides readers through the ten steps of Recapitulation and invites them to experience the powerful and positive new energy that results from healing the wounds of the past The Toltec Path of Recapitulation offers an ancient ritual of renewal for the contemporary world **The Maya Book of Life** Michael Owen,2011-03 THE MAYA BOOK OF LIFE UNDERSTANDING THE XULTUN TAROT is the companion book to the Xultun Tarot Classic Edition It explores the archetypes and alchemy of the major arcana of the Xultun Tarot through indigenous teachings and the analytical psychology of C G Jung and casts new light on the meaning of 2012 The Xultun Tarot was created by Peter Balin in 1976 based on images from Maya history and culture Taken from a single painting it is the only tarot deck where the major arcana form a complete picture This picture is a symbolic image of the alchemical marriage of spirit and matter and a map of what Jung called the individuation process Only 500 copies of the original Xultun Tarot were ever printed Now Kahurangi Press xultun com has recreated this classic long out of print deck true to its original large size and vibrant colours together with a book that explains the profound symbolism of the cards Michael Owen is a clinical psychologist in private practice and author of Jung and the Native American Moon Cycles He lives in New Zealand

**The Mayan Calendar and the Transformation of Consciousness** Carl Johan Calleman,2004-03-25 Reveals the Mayan calendar to be a spiritual device that describes the evolution of human consciousness from ancient times into the future Shows the connection between cosmic evolution and actual human history Provides a new science of time that explains why time not only seems to be speeding up in the modern world but is actually getting faster Explains how the end of the Mayan calendar is not the end of the world but a path toward enlightenment The prophetic Mayan calendar is not keyed to the movement of planetary bodies Instead it functions as a metaphysical map of the evolution of consciousness and records how spiritual time flows providing a new science of time The calendar is associated with nine creation cycles which represent nine levels of consciousness or Underworlds on the Mayan cosmic pyramid Through empirical research Calleman shows how this pyramidal structure of the development of consciousness can explain things as disparate as the common origin of world religions and the modern complaint that time seems to be moving faster Time in fact is speeding up as we transition from the materialist Planetary Underworld of time that governs us today to a new and higher frequency of consciousness the Galactic Underworld in preparation for the final Universal level of conscious enlightenment Calleman reveals how the Mayan calendar is a spiritual device that enables a greater understanding of the nature of conscious evolution throughout human history and the concrete steps we can take to align ourselves with this growth toward enlightenment

**Blue Jade from the Morning Star** William Irwin Thompson, 1983 This beautiful little book like Carlos Castaneda s works shines new light into

the mythical and poetic content of the collective unconscious      **Yaweezy** Dorothy Hendrix,2012-12-28 I wanted to write my story and I wanted to prove to myself that God in me as my effective source would guide me to accomplish this desire of my heart within the year if I worked to bring it about Several principles have been at work in me from the time I was very young that have kept me on the path of learning The first being that I always wanted to know why about everything The second is that I started hearing the voices through books The third I believe in magic and the value of Myth and Enchantment The most important guidance was from my Mother figures      **María Izquierdo and Frida Kahlo** Nancy Deffebach,2015-08-15 Mar a Izquierdo 1902 1955 and Frida Kahlo 1907 1954 were the first two Mexican women artists to achieve international recognition During the height of the Mexican muralist movement they established successful careers as easel painters and created work that has become an integral part of Mexican modernism Although the iconic Kahlo is now more famous the two artists had comparable reputations during their lives Both were regularly included in major exhibitions of Mexican art and they were invariably the only women chosen for the most important professional activities and honors In a deeply informed study that prioritizes critical analysis over biographical interpretation Nancy Deffebach places Kahlo s and Izquierdo s oeuvres in their cultural context examining the ways in which the artists participated in the national and artistic discourses of postrevolutionary Mexico Through iconographic analysis of paintings and themes within each artist s oeuvre Deffebach discusses how the artists engaged intellectually with the issues and ideas of their era especially Mexican national identity and the role of women in society In a time when Mexican artistic and national discourses associated the nation with masculinity Izquierdo and Kahlo created images of women that deconstructed gender roles critiqued the status quo and presented more empowering alternatives for women Deffebach demonstrates that paradoxically Kahlo and Izquierdo became the most successful Mexican women artists of the modernist period while most directly challenging the prevailing ideas about gender and what constitutes important art
