The history of the Druids

has always fascinated me My first interest was reading as a child about Merlin the Magician who was also a Druid Then I learned they were the ancient priests of the Celts and had a deep history in the British Isles My family is also from Scotland and Northern Ireland so it makes me wonder if I have some Druidic ancestry too Recently I wrote a book about the Mythical people of Ireland and it also included materials about the Tuatha Da Dannan who in many mythical histories were also forerunners of the Druids Druids were also well known for their mystical prophecy and healing abilities Being a student of the Paranormal and Spiritual this also holds a serious interest for me In this book we will go through my research on Druid history festivals rituals herbs alphabets magic and much more Some Druidic rituals and exercises are also included In fact Druidism seems to be the source of many modern approaches to witchcraft and magic

The Earth, The Gods and The Soul - A History of Pagan Philosophy Brendan Myers, 2013-11-29 Philosophy was invented by pagans Yet this fact is almost always ignored by those who write the history of ideas This book tells the history of the pagan philosophers and the various places where their ideas appeared from ancient times to the 21st century The Pagan philosophers are a surprisingly diverse group from kings of great empires to exiled lonely wanderers from devout religious teachers to con artists drug addicts and social radicals Three traditions of thought emerge from their work Pantheism NeoPlatonism and Humanism corresponding to the immensities of the Earth the Gods and the Soul From ancient schools like the Stoics and the Druids to modern feminists and deep ecologists the pagan philosophers examined these three immensities with systematic critical reason and sometimes with poetry and mystical vision This book tells their story for the first time in one volume and invites you to examine the immensities with them And as a special feature the book includes summaries of the ideas of leading modern pagan intellectuals in their own words Emma Restall Orr Michael York John Michael Greer Vivianne Crowley and more
